

IFA-vehicles

Bleeder screw for frontwheel brake cylinder S4000 and W50

Prod.No. 7635 1,95

Bleeder screw for the front brake cylinders of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.

thread: M8x1,25
spanner gap: SW9
total length: 32,5 mm
thread length: 12 mm
length of the spanner gap: 4,6 mm
one piece will be needed for each wheel brake cylinder

Bleeder screw for rear wheel brake cylinder S4000, W50 and Robur

Prod.No. 7634 3,67

Bleeder screw for the rear brake cylinders of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50 and Robour LO and LD.

thread: M8x1,25
spanner gap: SW9
total length: 49 mm
thread length: 15 mm
length of the spanner gap: 7,6 mm
one piece will be needed for each wheel brake cylinder

Brake master cylinder, 1 circle

Prod.No. 7391 128,17

Complete in Germany overhauled brake master cylinder.

Type: Renak EH 106

Shipping only after your old brake cylinder with the mark IFA EH 106 was send to our company in advance.

Brake master cylinder for single brake circle fit to the vehicles: Robur, Dumper, Garant K30, Picco, Framo, Sachsenring.

piston diameter: 25,4mm

Bulb retainer display instruments

Prod.No. 7843 2,50

Holder for bulbs as an checked second hand part. Can be used for nearly all IFA vehicles.

Type with contact pin for wire plug: 6,3x0,8 (standart)

Useabe for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lightning, display and indecator lights.

checked second hand part
delivery without bulb
original part

Bulb retainer display instruments, screw pin

Prod.No. 7844 3,90

Holder for bulbs with screw pin for wire connection. Can be used for nearly all IFA vehicles.

Type with contact for screw connection: up tp 1,5 mmm².

Useabe for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lightning, display and indecator lights.

new spare part
delivery without bulb

Cap for water vessel for windscreen washer system

Prod.No. 7357 4,75

Plastic cap with mounting sprap for the water bottle of the windscreen washer system.

The plug close up the refilling hole.

To use at many reservoir bottles with electrical or mechanical pump.

fit to follow washer systems:

Trabant 601, Trabant 1.1, Wartburg 1.3, Wartburg 353, Multicar, W50 and so on

Cap sleeve for front wheel brake cylinder S4000, W50, Robur

Prod.No. 7177 6,90

Cap sealing for the front wheel brake cylinder of the truck S4000, S4000-1 (successor of the truck Horch H3S), IFA W50 and Robur (LO ans LD)

clinder diameter: 31,8 mm (1" 1/4)

thickness: 8mm

two pieces will be needed for each wheel brake cylinder

made in Germany

Copper pipe 10x1

Prod.No. 7573 53,92

Pipes made of copper as an 5m collar.

The copper tube is an ductile, seamless stretched and easy by hand bendabel.

Ideal and easy to apply for Old- and Youngtimes and lorrys as well.

Can be used for repair or complete production from scratch for fuel pipes, oel pipes or diesel pipes.

The copper material can by finished with an chrome plate after your work is done.

Material: copper

outside diamter: 10mm

inside diamter: 8mm

thickness: 1mm

length: 5m Bund

Copper pipe 5x1

Prod.No. 7570 25,79

Pipes made of copper as an 5m collar.

The copper tube is an ductile, seamless stretched and easy by hand bendabel.

Ideal and easy to apply for Old- and Youngtimes and lorrys as well.

Can be used for repair or complete production from scratch for fuel pipes, oel pipes or diesel pipes.

The copper material can by finished with an chrome plate after your work is done.

Material: copper

outside diamter: 5mm

inside diamter: 3mm

thickness: 1mm

length: 5m Bund

Copper pipe 6x1

Prod.No. 7571 34,94

Pipes made of copper as an 5m collar.

The copper tube is an ductile, seamless stretched and easy by hand bendabel.

Ideal and easy to apply for Old- and Youngtimes and lorrys as well.

Can be used for repair or complete production from scratch for fuel pipes, oel pipes or diesel pipes.

The copper material can by finished with an chrome plate after your work is done.

Material: copper

outside diamter: 6mm

inside diamter: 4mm

thickness: 1mm

length: 5m Bund

Copper pipe 8x1

Prod.No. 7572 45,37

Pipes made of copper as an 5m collar.

The copper tube is an ductile, seamless stretched and easy by hand bendabel.

Ideal and easy to apply for Old- and Youngtimes and lorrys as well.

Can be used for repair or complete production from scratch for fuel pipes, oel pipes or diesel pipes.

The copper material can by finished with an chrome plate after your work is done.

Material: copper

outside diamter: 8mm

inside diamter: 6mm

thickness: 1mm

length: 5m Bund

Dust sealing for front wheel brake cylinder S4000, W50, Robour Prod.No. 7639 8,50
Dust sleeve for the front wheel brake cylinder of the truck S4000, S4000-1 (successor of the truck Horch H3S), IFA W50 and Robour (Lo ans LD).
Reproduction by the original company and original tools.

cylinder diameter: 31,8 mm (1" 1/4)
material: rubber, black
two pieces will be needed for each wheel brake cylinder
made in Germany

Dust sealing for rear wheel brake cylinder S4000 and W50 Prod.No. 7827 8,50
Dust sleeve for the rear wheel brake cylinder of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.
Reproduction by the original company and original tools.

cylinder diameter: 38 mm
material: rubber, black
two pieces will be needed for each wheel brake cylinder
made in Germany

Front wheel brake cylinder front axle Robur Prod.No. 8085 52,20
Wheel brake cylinder overhauled for the front axle of the truck Robur LO and LD.
The german overhauling at the wheel brake cylinders will be the best quality and equals to the first original production.
This spare part we can only delivered at direct exchange. You have to ship your worn out brake cylinder in advance to our company.

cylinder bore: 31,8 mm
delivery complete with cap sleeves and dust sealings
case mark: EZ 5R
overhauled in Germany

Front wheel brake cylinder rear axle Robur

Prod.No. 8084 52,20

Wheel brake cylinder overhauled for the rear axle of the truck Robur LO and LD.
The german overhauling at the wheel brake cylinders will be the best quality and equals to the first original production.
This spare part we can only delivered at direct exchange. You have to ship your worn out brake cylinder in advance to our company.

cylinder bore: 38 mm
delivery complete with cap sleeves and dust sealings
case mark:
overhauled in Germany

Front wheel brake cylinder S4000 and W50

Prod.No. 7638 49,95

Wheel brake cylinder overhauled for the front axle of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.
The german overhauling at the wheel brake cylinders will be the best quality and equals to the first original production.
This spare part we can only delivered at direct exchange. You have to ship your worn out brake cylinder in advance to our company.

cylinder bore: 38 mm
delivery complete with cap sleeves and dust sealings
case mark: FZ 25R
overhauled in Germany

Fuse 8A Prod.No. 1220 0,18
white fuse for current up to 8A

fit to all vehicles with this type of fuse

Fuse 16A

red fuse for current up to 16A

Prod.No. 1221 0,18

fit to all vehicles with this type of fuse

Fuse set

Torpedo-fuse kit ideal for travels or for the daily use.

Delivery with resealable blister box.

Scope of delivery:

4x 8A (with)

4x 16A (red)

2x 25A (blue)

Prod.No. 6437 0,99

Indicator lamp complete Robur, Framo

Direction indicator as an complete spare part

Angular flasher lamp of the LKW Robur LO and LD as Frami as well.

Can be used for 6V,12V und 24V bulbs 21W

Colour: orange / yellow

Delivery inclusive chrome frame, lense and sealing, base plate with bulb holder, mounting plate, rubber wire sealing and rubber sealing to the car body.

new original spare part

original no: 8580.9/1

Prod.No. 7620 15,20

Indicator lense Robur, Framo

Lense for the angular flasher lamp of the LKW Robur LO and LD as Frami as well.

colour: orange / yellow

new original spare part

original no: 104-62 ORANGE

Prod.No. 7569 4,25

interior light W50

Passenger lamp fir to the lorry W50.

Delivery inclusive clear lens, bulb retainer and selaings.

Without bulbs.

New original spare part

Prod.No. 7832 7,44

Key switch

One grade switch made of Duro-plastic

Can be used for 6,12 (120W) and 24V (150W) electrical systems.

Best use for additional electrical units at Old- and Youngtimers.

Prod.No. 7590 1,95

large hook for elastic band

large hook to use together with elastic string

fit to many trucks and trailers (W50/L60, ROBUR, Barkas B1000 and many more)

made of galvanised sheet metal (thickness = 3mm)

with two mounting holes (diameter = 6,4 mm / well spacing = 45 mm)

wide total: 65 mm

hook wide: 16 mm

Prod.No. 7318 1,67

LDM-Design outer rear view mirror, left

chromed Design rear view mirrors for drivers side (left door)

arm is made of zinc die casting (chromed)

mounting in the same way like original rear view mirrors

These outer rear view mirrors was elaborate handmade by LDM-tuning

no series production!

Prod.No. 6337 68,20

LDM-Design outer rear view mirror, right

Prod.No. 7063 68,20

chromed Design rear view mirrors for co-drivers side (right door)
arm is made of zinc die casting (chromed)
mounting in the same way like original rear view mirrors

These outer rear view mirrors was elaborate handmade by LDM-tuning
no series producktion!

Master brake cylinder S4000

Prod.No. 7657 202,94

Complete overhauled one circle master brake cylinder inklusive sleeves and brake fluid tanks for the lorry S4000 and S4000-1.

Type: Single brake system.

The german overhauling at the master brake cylinders will be the best quality and equals to the first original production.

This spare part we can only delivered at direct exchange. You have to ship your worn out masterbrake cylinder in advance to our company.

delivery inclusive dust cap for pushing pin
piston diameter: 38 mm
case type: FH 107
overhauled in Germany

Master brake cylinder W50, late version

Prod.No. 7656 129,30

Complete overhauled two circle master brake cylinder inklusive sleeves and brake fluid tanks for the lorry IFA W50.

Type: new version (complete bore diameter: 38mm)

The german overhauling at the master brake cylinders will be the best quality and equals to the first original production.

This spare part we can only delivered at direct exchange. You have to ship your worn out masterbrake cylinder in advance to our company.

piston diameter: 38 mm
case type: ZM 31R
overhauled in Germany

Master brake cylinder W50, old version

Prod.No. 7640 129,30

Complete overhauled two circle master brake cylinder inklusive sleeves and brake fluid tanks for the lorry IFA W50.

Type: old version (complete bore diameter: 38mm)

The german overhauling at the master brake cylinders will be the best quality and equals to the first original production.

This spare part we can only delivered at direct exchange. You have to ship your worn out masterbrake cylinder in advance to our company.

piston diameter: 38 mm
case type: WJ 15a or WJ 85
overhauled in Germany

Rear wheel brake cylinder S4000 and W50

Prod.No. 7637 49,95

Wheel brake cylinder overhauled for the rear axle of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.

The german overhauling at the wheel brake cylinders will be the best quality and equals to the first original production.

This spare part we can only delivered at direct exchange. You have to ship your worn out brake cylinder in advance to our company.

cylinder bore: 31,8 mm
delivery complete with cap sleeves and dust sealings
case mark: FZ 5R
overhauled in Germany

Reflector round, red (catseye) for rear bumper

Prod.No. 6918 5,14

Standard type of round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers.

Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 62,5 mm (2,46")

Colour: red

refelector area: 20 cm²

with base plate made of sheet metal

centric mounting bolt M5 x 15 mm

Reflector round, red (catseye) for rear bumper, metal ring

Prod.No. 6919 5,24

Round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers, with additional aluminium frame around it.

Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 63,5 mm (2,5")

Colour: red

refelector area: 20 cm²

aluminium ring frame

with base plate made of sheet metal

centric mounting bolt M5 x 15 mm

Regulator and cutout relay for AC 12V Dynamo

Prod.No. 775 36,92

The voltage regulator is direct mounted at the dynamo. Fit to many IFA dynamos with rotary current. for example:

dynamo 12V Trabant

dynamo 12V Trabant 1.1, Wartburg 1,3 and Barkas B1000-1

dynamo 12V Wartburg 353 and Barkas B1000

one piece will be needed

Replacement glass for RETRO rear fog lamp

Prod.No. 7136 19,99

Red glass as spare part for our RETRO fog light

material: red glass

made in Germany

Replacement glass for RETRO reverse lamp

Prod.No. 7137 8,93

Red glass as spare part for our RETRO reverse indication lamp

material: clear (white) glass

made in Germany

Retro back up lamp for rear bumper

Prod.No. 6876 77,71

Chromed back up light for the mounting on top of the bumper.

The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear glass

size: 11 x 5,5 cm

delivery without bulb

made in Germany

Retro licence plate lights

Prod.No. 7989 12,87

Chromed reversing registration plate light.
Mounting with two M6 nuts.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear lense
size: L=82mm x B=29mm x H=27mm
bolt distance: 45mm
delivery without bulb
made in Europe

Retro rear fog lamp for rear bumper

Prod.No. 6877 93,28

Chromed reversing fog light for the mounting on top of the bumper.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, red glass
size: 11 x 5,5 cm
delivery without bulb
made in Germany

Ring sleeve master brake cylinder, L60

Prod.No. 7235 6,90

Ring sleeve for the master brake cylinder of the lorry IFA L60.

scope of delivery: 1 piece
piston diameter: 45 mm
made in Germany

Ring sleeve master brake cylinder, W50

Prod.No. 7230 6,90

Ring sleeve wheel brake cylinder

Prod.No. 7234 6,90

Ring sleeve for the wheel brake cylinder of the lorry Robur LO oder LD.

scope of delivery: 1 piece
piston diameter: 38 mm
made in Germany

Rocker switch rear window defroster

Prod.No. 7627 9,88

Angular single step switch with function light for mounting for example at the dashboards.
Colour of the switch: yellow
symbol: window defroster
Can be used for 6,12 and 24V electrical systems.
Space saving frame size, best use for additional electrical units at Old- and Youngtimers.
Delivery without bulbs, it will be for example glas base bulb 12V 1,2W one needed.

Sealing kit for front wheel brake cylinder S4000 and W50

Prod.No. 7828 19,50

Rubber sleeve kit for the wheel brake cylinder for truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.

Reproduction at the original company and original tools.

Best quality made in Germany

Complete set for one wheel brake cylinder (incl. 2 pieces dust cap and two pieces cap sleeve).

cylinder diameter: 31,8 mm

material: rubber, black

one set will be needed for each wheel brake cylinder

made in Germany

Sealing kit for front wheel brake cylinder S4000, W50 and Robur

Prod.No. 7829 19,50

Rubber sleeve kit for the wheel brake cylinder for truck S4000, S4000-1 (successor of the truck Horch H3S), IFA W50 and Robur (LO and LD)

Reproduction at the original company and original tools.

Best quality made in Germany

Complete set for one wheel brake cylinder (incl. 2 pieces dust cap and two pieces cap sleeve).

cylinder diameter: 31,8 mm

material: rubber, black

one set will be needed for each wheel brake cylinder

made in Germany

Sealing ring fit to brake master cylinder of ROBUR truck

Prod.No. 7175 6,90

Sealing ring with outer lip for 2-circuit brake master cylinder of ROBUR truck LO or LD (made in GDR)

Outer diameter: 32 mm (1" 1/4)

Inner diameter: 22 mm (0,866")

thickness: 5 mm (0,197")

four pieces will be needed for one brake master cylinder

made in Germany

Sealing ring set for brake master cylinder EH 107

Prod.No. 7615 17,23

Rubber sealing set consist of one outer lip ring and one cap sleeve for the single-circuit brake master cylinder type EH 107 with hole diameter 32mm.

one kit will be needed for the brake master cylinder

made in Germany

Sealing set for master brake cylinder S4000

Prod.No. 8104 32,25

Sleeve set for the one circle master brake cylinder for the lorry S4000 and S4000-1.

Type: Single brake system.

German reproduction with the original tools, will be the best quality and equals to the first original production.

Delivery:

1x ring sleeve

1x cap sleeve

piston diameter of the brake cylinder: 38 mm

case type: FH 107

made in Germany

Single grade pull switch

Prod.No. 7589 3,28

Small pull switch for mounting for example at the dashboards.
Can be used for 6,12 and 24V electrical systems.
Space saving frame size, best use for additional electrical units at Old- and Youngtimers.

Sleeve for rear wheel brake cylinder S4000 and W50

Prod.No. 7636 6,90

Cap sealing for the rear axle wheel brake cylinder of the truck S4000, S4000-1 (successor of the truck Horch H3S) and IFA W50.

cylinder diameter: 38 mm (1" 1/4)
thickness: 8mm
two pieces will be needed for each wheel brake cylinder
made in Germany

slim hook for elastic band

Prod.No. 7319 1,00

small hook to use together with elastic string

fit to many trucks and trailers/camper
made of galvanised sheet metal (thickness = 2,5 mm)
with two mounting holes (diameter = 5,2 mm / well spacing = 20 mm)
wide total = hook wide: 13 mm
high total: 53 mm

Switch for reverse speed L60

Prod.No. 8005 16,83

Reverse speed switch fir to the lorry L60.
thread: M14x1
switch is mechanical pressed

delivery inclusive nut
made in EU

Universal boot kit

Prod.No. 7010 14,99

Bellows for many exertions at automobiles, trailers, caravans and ships ...
size:

length:19cm diameter:10mm / 30mm
length:23cm diameter: 35mm / 35mm
length:15cm diameter:30mm / 42mm
length:13cm diameter:41mm / 48mm
length:12cm diameter:41mm / 55mm
different length and diameter combinable
length of the bellow pice: 95mm

W50 hook for elastic band

Prod.No. 7317 1,83

special hook to use together with elastic string

fit to many trucks and trailers (W50/L60, ROBUR, Barkas B1000 and many more)
made of galvanised sheet metal
with two mounting holes (diameter: 5mm / well spacing: 34mm)

Windscreen washer kit 6V

Prod.No. 7597 25,90

Set for windscreen washer system with electrical pump and water bottle
voltage: 6V
Scope of delivery:

bottle 1,5 liter
cap
metal holder
wash pump 12V

Ideal for upgrade the mechanical hand pump into an electrical system.

IFA-vehicles > Framo

Adapter M18 ignition adjustment

Prod.No. 6819 28,99

adapter for the dial gauge to adjust the ignition point.
Fit to the spark plug tap M18. Hexagon nut for mounting SW 22.
usefull for the fallowing vehicles:

made in Germany
material: brass
Trabant 500,600,601
Wartburg 311
Framo
IFA F8 / F9
P70

Alternator DC 6V

Prod.No. 761 95,33

Dynamo for vehicles with 6V direct current.
Fit to the folloing cars: : Trabant, Wartburg 311, 312 und Framo.

new spare part (original-IFA-part)
type: 220W
scope of delivery without belt pulley

mostly the generator has an external regulator.

Battery 6V 84Ah, dry (not charched)

Prod.No. 1225 161,69

Batterie for cars with 6V supply voltage. The capacity is 84 Ah. The starting power is 240A.
We just deliver this battery dry and uncharged.
Design fit to historical vehicles.

length: 22,5 cm
wide: 17,5 cm
highness case: 20 cm
total highness inclusive pins: 22 cm
made in Germany

Battery acid 1,0 liter

Prod.No. 7675 3,45

Complete pre mixed batterie fluid for using at all starter batterys.
Can be used for 6,12 and 24V voltage system.

contens: 1 Liter
bottle with child-proof lock
please note the instructions at the bottle

Bolt for cylinder head

Prod.No. 6931 11,81

cylinder bolts fit to:

Wartburg-353, 2-stroke, 3-cylinder, 1000ccm or 1200ccm, 8 or 12 bolts
Wartburg-3112-stroke, 3-cylinder, 900 or 1000ccm, 8 or 12 bolts
Barkas-B1000, 2-stroke, 3-cylinder, 1000ccm, 8 bolts
Framo 2-stroke, 3-cylinder 900ccm, 8 or 12 bolts

The tightening torque and the sequence of mounting of the cylinder head nuts you can find at (Details)

Bolt for starter

Prod.No. 7658 2,93

Bolt of the Bearing case of the starter engine.

Connection bolt will be mounted at the bearing case threadholes and on the other side it will hold the rear case cover.

Delivery as a single part without nuts and washers.

Can be used for all kind of starters 6V and 12V left- and right turning (without Trabant 1.1, Wartburg 1.3 and Barkas B1000-1)

original spare part
surface: galvanized
total length: 16.5 cm
delivery as a single part
for each starter two pieces will be needed

Brake master cylinder, 1 circle

Prod.No. 7221 128,17

Complete in Germany overhauled brake master cylinder.

Type: Renak CH

Brake master cylinder, 1 circle for Barkas B1000, Mulicar M22, Mulicar M24, ZT, 3to-Stapler, Warburg 311,312,313, Framo
piston diameter: 25,4mm

Details about the exchange parts:

This spare part we can only deliver in direct exchange.

Please send one overhaulable Brake master cylinder two-circle (original IFA production), case type: Renak to our company in advance. After checking the delivered parts for the possibility of overhauling we will send you the prepaid invoice.

Brush for starter

Prod.No. 785 3,85

Spare-brushes of the starter engine to solder on at the coil set.

Can be used for all kind of starters 6V and 12V left- and right turning (without Trabant 1.1, Wartburg 1.3 and Barkas B1000-1)

mounting place: brushholder base plate

size: 16X19x7
delivery as a single part
for each starter two pieces will be needed

Bulb retainer display instruments

Prod.No. 7843 2,50

Holder for bulbs as an checked second hand part. Can be used for nearly all IFA vehicles.

Type with contact pin for wire plug: 6,3x0,8 (standard)

Useable for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lighting, display and indicator lights.

checked second hand part
delivery without bulb
original part

Bulb retainer display instruments, screw pin

Prod.No. 7844 3,90

Holder for bulbs with screw pin for wire connection. Can be used for nearly all IFA vehicles.
Type with contact for screw connection: up to 1,5 mm².
Useable for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lightning, display and indicator lights.

new spare part
delivery without bulb

Cap for Ignition coil

Prod.No. 7991 1,95

Rubber cap for connection wires pin 1 and pin 15 at the ignition coils.
Useable for the 40mm and original 60mm coils with ring pin connection.

material: rubber, black

Carburettor Framo 1000ccm

Prod.No. 7029 145,00

Complete overhauled Carburettor for the three cylinder Framo engine with 1000 ccm cylinder capacity (Barkas V901). Delivery without intake pipe.
Carburettor type: H 362-12
{[high quality from Germany]}
Please note, we can only exchange you this spare part if you ship 1x carburettor H 362-12 to our company in advance!

Coolant hose, 15 x 3,5mm (yard goods)

Prod.No. 6936 17,92

rubber coolant hose with textile inset (DIN 73411 7/79)

up to 6 bar
Inner diameter: 15 mm (0,59 inch)
Thickness of wall: 3,5 mm (0,138 inch)
up to 125°C
Outer layer (EPDM): resistance to oil, ozone and aging through heat
Inner layer (EPDM): resistance to antifreeze admixture and corrosion inhibitor

Deliverable as yard goods. If order two pieces of this article we will deliver one piece with a length of two Meter.

Coolant hose, 25 x 3,5mm (1 Meter)

Prod.No. 6948 14,77

rubber coolant hose with textile inset (DIN 73411 issue 1955)

working pressure: 3 bar
Inner diameter: 25 mm (1 inch)
Thickness of wall: 3,5 mm (0,138 inch)
Outer and inner layer made of black SBR-rubber quality
resistant against hot water with antifreeze admixture from -20°C up to +95°C

Only obtainable in pieces of one Meter.

Coolant hose, 25 x 4,5mm (1 Meter)

Prod.No. 6917 29,86

Rubber coolant hose with textile inset (DIN 73411 7/79)

up to 6 bar
Inner diameter: 25 mm (1 inch)
Thickness of wall: 4,5 mm (0,177 inch)
up to 125°C
Outer layer (EPDM): resistance to oil, ozone and aging through heat
Inner layer (EPDM): resistance to antifreeze admixture and corrosion inhibitor

Only obtainable in pieces of one Meter.

crankshaft 900ccm

Prod.No. 7009 990,00

Complete overhauled crank shaft for the models Wartburg 311, 312 engines, Framo with V-pully without anti-vibration damper (mounting nut SW46)

Crankshaft sealings are modiflicated to piston ring sealing at the fly wheel side.
The old type of labyrinth seal is modiflicated to piston ring seal.

delivery iclusive bronze bearings for the piston pins diameter: 18mm
high quality, made in Germany

Please note, we can only exchange you this spare part if you ship 1x used crank shaft to our company in advance!

Dial gauge digitale type

Prod.No. 7301 43,59

Good quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without seperate extension pin
non shock proof

Dial gauge shock proof

Prod.No. 6821 59,90

High quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in Germany
scope of delivery without seperate extension pin
shock proof

Dial gauge simple type

Prod.No. 6820 49,10

High quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in Germany
scope of delivery without seperate extension pin
non shock proof

Dial gauge simple type

Prod.No. 7300 14,99

Cheap dial indicator for example to adujst the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without seperate extension pin
non shock proof

Exhaust manifold seal

Prod.No. 3011 2,89

Paper seal with dry graphite. It fit to all Wartburg 353, 312, 311 and B-1000 with 3-cylinder two stroke engine.

very good quality of material and with good dimension accuracy
without metall ring
inner diameter: 43 mm (1,693 inch)
three pieces will be needed
made in Germany (only available by LDM-Tuning)

Extensions pin for Dial gauge, 60mm

Prod.No. 7302 3,09

Extension for dial gauge. Fit to all offered gauges

thread: M2,5
diameter: 4mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without seperate extension pin
non shock proof

Glass for front direction indicator lamp, white

Prod.No. 7248 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60)and fit to Wartburg 311,312,313 and Framo.

Colour: colorless transparent
with stuck on sealing rubber
high quality, made in Germany
in tandem with chromed ring it can be used also as position light fit to camper Intercamp

Glass for front direction indicator lamp, yellow (P50/P60)

Prod.No. 7247 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60)and fit to Wartburg 311,312,313 und Framo.

Colour: orange transparent
with stuck on sealing rubber
high quality, made in Germany

Ignition coil 6V, diameter 40mm

Prod.No. 7987 18,77

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Made in Europe.
Sizes:

diameter: 40mm
total lenght:130mm
length of the aluminium case: 92mm
threads for connection wires: M4

Ignition coil 6V, diameter 40mm, Germany

Prod.No. 7990 67,33

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Original spare part.
Sizes:

diameter: 40mm
total lenght:130mm
length of the aluminium case: 92mm
threads for connection wires: M4

Ignition coil 6V, diameter 62mm

Prod.No. 810 37,11

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Original spare part.

Sizes:

diameter: 62mm
total lenght:156mm
length of the aluminium case: 121mm
threads for connection wires:M5
made in Germany

LDM-Design outer rear view mirror, left

Prod.No. 6337 68,20

chromed Design rear view mirrors for drivers side (left door)
arm is made of zinc die casting (chromed)
mounting in the same way like original rear view mirrors

These outer rear view mirrors was elaborate handmade by LDM-tuning
no series production!

LDM-Design outer rear view mirror, right

Prod.No. 7063 68,20

chromed Design rear view mirrors for co-drivers side (right door)
arm is made of zinc die casting (chromed)
mounting in the same way like original rear view mirrors

These outer rear view mirrors was elaborate handmade by LDM-tuning
no series production!

Magnet, complete for starter 12V

Prod.No. 784 39,79

Solenoid switch for starter for Trabant 601, Wartburg 353 and Barkas B1000.

operating voltage: 12V
spare part made EU
one piece will be needed

Magnet, complete for starter 6V

Prod.No. 780 45,50

Magnet switch for all starter types:
Trabant 500,600,601, Wartburg 311,312,313 and Barkas B1000 with 6V system.
This is an NOS spare part.

Protection bellows for pressure bar input brake master cylinder

Prod.No. 4214 7,50

Protection bellows for the single and tandem brake master cylinders.
fit of vehicles: Framo, B1000, B1000-1, Wartburg 311, 312, 313, 353, Multicar M22, M24, M25.

inner diameter conical end: 15 mm
inner diameter cylindrical end: 37 mm
length: 35 mm - 58 mm

Protection cap for starter lite (plastic)

Prod.No. 786 2,28

Sealing cap to protect the starter wire (plus) against dust and moisture.
Fit to the vehicles: P70, Trabant, Wartburg, Multicar, Framo and Barkas.

made in Germany
one piece will be needed

Reflector round, red (catseye) for rear bumper

Prod.No. 6918 5,14

Standard type of round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers.

Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 62,5 mm (2,46")

Colour: red

refelector area: 20 cm²

with base plate made of sheet metal

centric mounting bolt M5 x 15 mm

Reflector round, red (catseye) for rear bumper, metal ring

Prod.No. 6919 5,24

Round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers, with additional aluminium frame around it.

Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 63,5 mm (2,5")

Colour: red

refelector area: 20 cm²

aluminium ring frame

with base plate made of sheet metal

centric mounting bolt M5 x 15 mm

Regulator and cotout relay (6V/220W) for DC 6V Dynamo

Prod.No. 776 85,50

External mechanical regulator for use at the DC dynamo to control the battery voltage.

Fit to Trabant 500, 600 and 601, Framo, Wartburg 311

Original spare part.

voltage: 6V

use for DC dynamo: 220W

made in Germany

Regulator and cotout relay 12V/220W for DC 6V Dynamo

Prod.No. 7904 85,50

External mechanical regulator for use at the DC dynamo to control the battery voltage.

Fit to Trabant 500, 600 and 601, Framo, Wartburg 311

Original spare part.

voltage: 12V

use for DC dynamo: 220W

made in Germany

Replacement glass for RETRO rear fog lamp

Prod.No. 7136 19,99

Red glass as spare part for our RETRO fog light

material: red glass

made in Germany

Replacement glass for RETRO reverse lamp

Prod.No. 7137 8,93

Red glass as spare part for our RETRO reverse indication lamp

material: clear (white) glass

made in Germany

Retro back up lamp for rear bumper

Prod.No. 6876 77,71

Chromed back up light for the mounting on top of the bumper.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear glass
size: 11 x 5,5 cm
delivery without bulb
made in Germany

Retro licence plate lights

Prod.No. 7989 12,87

Chromed reversing registration plate light.
Mounting with two M6 nuts.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear lense
size: L=82mm x B=29mm x H=27mm
bolt distance: 45mm
delivery without bulb
made in Europe

Retro rear fog lamp for rear bumper

Prod.No. 6877 93,28

Chromed reversing fog light for the mounting on top of the bumper.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, red glass
size: 11 x 5,5 cm
delivery without bulb
made in Germany

Ring eye D10mm with pipe bend

Prod.No. 7516 3,29

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm
pipe bend: 90 degree
pipe length total: 55mm

Ring eye D10mm, connection 6mm hose

Prod.No. 7537 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm

Ring eye D10mm, connection 8mm hose

Prod.No. 7538 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 8mm

Ring eye D12mm with pipe bend

Prod.No. 7517 3,59

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 8mm
pipe bend: 90 degree
pipe length total: 74mm

Ring eye D12mm, connection 6mm hose

Prod.No. 7539 2,49

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 6mm

Ring eye D12mm, connection 8mm hose

Prod.No. 7540 2,49

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 8mm

Rubber sealing cap for front direction indicator lamp (P50/P60/B1000/Multicar)

7250 9,33

New produced sealing cap fit to old front flasher lights of Trabant 500 and 600 (P50/60), Barkas B1000 and Multicar truck and fit to Wartburg 311,312,313 and Framo, and fit to the side lights of the camp trailer INTERCAMP.

Screw-cap for brakeline 6 x 0,7

Prod.No. 7276 1,25

Screw-cap for brakeline 6mm x 0,7mm. The screws can be mounted at steel or nickel-copper brake lines.
Please count how much pieces zou need total.
Fit to Barkas B1000, Multicar M22, M24, M25 and all vehicles with 6mm brake line.

border: type E
thread: M12x1
material: steel, galvanized
made in Germany

Seal for flange suction pipe - engine block

Prod.No. 7910 7,50

Paper seal for the vehicles Barkas V901, Wartburg 311, 312, 313 and Robur LO.
Fit to the flange of the inlet manifold of the carburettor type 36 F,H 362-12 und H 362-24. Mounted:

between flange inlet manifold and engine mount
one pieces needed
fit for 900ccm and 1000ccm engines

| <p>overhauled in Germany your old starter have to be first shipped to our company for exchange</p> | | | |

Universal boot kit

Prod.No. 7010 14,99

Bellows for many exertions at automobiles, trailers, caravans and ships ...
size:

length:19cm diameter:10mm / 30mm
length:23cm diameter: 35mm / 35mm
length:15cm diameter:30mm / 42mm
length:13cm diameter:41mm / 48mm
length:12cm diameter:41mm / 55mm
different length and diameter combinable
length of the bellow pice: 95mm

Universal brake line, CUNIFER 5m, 6mm

Prod.No. 7398 42,99

Brakepipeline 6 x 0,7 mm
made of NiCuFe
length: 5m
for B1000, B1000-1, Mulicar M22, M24, M26, Framo, Warburg 311 and 313

V-belt 13x1030

Prod.No. 7505 16,80

V-Belt for the models Wartburg 311, 312 engines and Framo with V-pully without anti-vibration damper (mounting nut SW46 at the v-pully)
widness: 13mm
length: 1030mm

best quality, made in Germany

Valve for cooling water

Prod.No. 6937 25,90

Brass drain cock will be mounted direct on the motor block (exhaust side).
Fit to: Wartburg 311, 312,313, 353, Framo, Barkas B1000.

W50 hook for elastic band

Prod.No. 7317 1,83

special hook to use together with elastic string

fit to many trucks and trailers (W50/L60, ROBUR, Barkas B1000 and many more)
made of galvanised sheet metal
with two mounting holes (diameter: 5mm / well spacing: 34mm)

Windscreen washer kit 6V

Prod.No. 7597 25,90

Set for windscreen washer system with electrical pump and water bottle
voltage: 6V
Scope of delivery:

bottle 1,5 liter
cap
metal holder
wash pump 12V

Ideal for upgrate the mechanical hand pump into an electrical system.

Wire set for switch for warning flasher 6V

Prod.No. 7441 5,60

Cable set for the 6V version of switch for warning flasher.
Fit to voltage of 6V.
Can be used for many Old and Youngtimers.
Best use for Trabant as connecton between flasher unit, fuse box and switch.

original spare part
length about:630mm
one set will be needed

IFA-vehicles > Framo > Brake system

Bleeder screw for rear wheel brake cylinder Framo

Prod.No. 8140 3,67

Bleeder screw for the brake cylinders of the Framo (Barkas V901).

thread: M8x1,25
spanner gap: SW9
total length: 49 mm
thread length: 15 mm
length of the spanner gap: 7,6 mm
one piece will be needed for each wheel brake cylinder

Brake shoe set Framo, overhauled in Germany

Prod.No. 8142 184,40

The brake shoe rear set fit to Framo (Barkas V901).
Complete set inclusive 4 brake shoes long lining.
Exchange part, complete overhauled in Germany.

4x lining length: 230 mm
lining thickness: 5 mm
wide: 35 mm

For more informations to this exchange part please use the Detail button.

Dust cap for wheel brake cylinder Framo, original

Prod.No. 7826 8,90

Rubber dust cap for the wheel brake cylinder for Framo (type Barkas V901 to protect against dirt and moisture.

Reproduction at the original company and original tools.
Best quality made in Germany

delivery as single part
fit to the front and the rear axle
8 pieces will be needed

Ring sleeve for wheel brake cylinder 22mm, Framo, original

Prod.No. 8139 16,73

Ring sleeve kit for the wheel brake cylinder for Framo (type Barkas V901).

Reproduction at the original company and original tools.

Best quality made in Germany

Complete set for one wheel brake cylinder (incl. 2 pieces)

fit to brake cylinder diameter 22mm
fit to the front and the rear axle
One set will be needed for each wheel side rear

Ring sleeve for wheel brake cylinder 25mm, Framo, original

Prod.No. 7045 16,73

Ring sleeve kit for the wheel brake cylinder for Framo (type Barkas V901).
Reproduction at the original company and original tools.
Best quality made in Germany
Complete set for one wheel brake cylinder (incl. 2 pieces)

fit to brake cylinder diameter 25mm
fit to the front and the rear axle
One set will be needed for each wheel side rear

Wheel brake cylinder, rear axle, original, D=22mm

Prod.No. 8141 35,39

Complete in Germany overhauled rear wheel brake cylinder with ring sleeves, brak-piston D=22mm.
Mark: Renak, DZ 5
This kind of brake cylinder fit to Framo (Brakas V901).

overhauled in Germany
scope of delivery: inclusive ring sleeves, dust caps and bleeder screw)(break piston diameter: 22 mm
exchange part

For more informations to this exchange part please use the Detail button.

IFA-vehicles > P70 / F8 / F9

Bulbs spare kit R2 / 6V

Prod.No. 7145 14,68

Spare kit with different bulbs fit to voltage of 12V
content:

1x R2-lamp 45/40W with base P45t
1x spherical lamps 18W white with base Ba15s
1x tubular lamp 18W (C21W) with base SV 8,5
1x tubular lamp 5W (C5W) with base SV 8,5
1x bulb 4W (T4W) with base BA 9s
1x bulb for speedometer 0,6W with base BA 7s
1x spherical lamps 21W white with base Ba15s
1x spherical lamps 5W white with base Ba15s
1x Torpedo-fuse 8A
1x Torpedo-fuse 16A

Grooved ball bearing 16013 small

Prod.No. 7158 14,45

One row grooved ball bearing 16013, it fit in a gearbox from the P70.
The bearing can be only used at the latest model of P70 with dry clutch system.

mark: 16013
1x grooved ball bearings will be needed
width: 11mm

Grooved ball bearing, 6206 C2

Prod.No. 7155 8,84

One row grooved ball bearing 6206 C2, bearing for P70 and F8 gearbox.
Type P70 with and without dry clutch.

one piece will be needed
made in Germany

Grooved ball bearing, 6207

Prod.No. 7156 28,50

One row grooved ball bearing 6207, bearing for P70 and F8 gearbox.

Type P70 with and without dry clutch.

two pieces will be needed
made in Germany

Grooved ball bearing, 6305

Prod.No. 7157 18,57

One row grooved ball bearing 6305, bearing for P70 and F8 gearbox.

Type P70 with and without dry clutch.

two pieces will be needed
made in Germany

Knob for push switch 6 / 12V

Prod.No. 7960 0,98

Button insert for the push switches.

Colour: yellow

Can be used for many Old and Youngtimers.

original spare part
delivery as a single part with snap ring

Piston P70, IFA F8

Prod.No. 7348 350,00

Piston set for the P70 and F8 consist of:

1x piston left hand

1x piston right hand

2x piston pin diameter: 15mm

4x piston pin clips

piston number:76.001.1 (left) 76002.1 (right)

made in Germany

one kit will be needed

Plug for body

Prod.No. 7705 2,49

Small plug for holes diameter 5mm.

Can be used for the car body.

material: rubber, black
total length: 27mm
made in Germany

Protection cap for starter lite (plastic)

Prod.No. 786 2,28

Sealing cap to protect the starter wire (plus) against dust and moisture.

Fit to the vehicles: P70, Trabant, Wartburg, Multicar, Framo and Barkas.

made in Germany
one piece will be needed

Radial sealing D35 x 47 x 10

Prod.No. 7998 5,33

Radial sealing for the engine, crankshaft chain pulley side P70 and F8.

material: NBR
two pieces will be needed

Wire set for switch for warning flasher 6V

Prod.No. 7441 5,60

Cable set for the 6V version of switch for warning flasher.
Fit to voltage of 6V.
Can be used for many Old and Youngtimers.
Best use for Trabant as connecton between flasher unit, fuse box and switch.

original spare part
length about:630mm
one set will be needed

IFA-vehicles > W50/L60

Cylinder base packing W50

Prod.No. 8021 3,90

Cylinder base sealing (paper) between cylinder block and crankcase.
Fit to the lorry W50 and tractor ZT300
Delivery as a single part without any mounting parts.

original spare part
two pieces will be needed

Cylinder head packing W50

Prod.No. 8004 17,76

Cylinder head sealing fit to the lorry W50.
Delivery as a single part without any mounting parts.

two pieces will be needed

Fuse box eigh fold

Prod.No. 8036 18,24

Fuse box inclusive 8 fuses. Wire connection with mounting screws.
Type with 8 single places for fuses.
Cover mede of clear glass plastic.
Useable for Ifa cars and many Old- and Youngtimers.

Fuse box sixfold

Prod.No. 8035 19,54

Fuse box inclusive 6 fuses. Wire connection with mounting screws.
Type with 6 single places for fuses.
Cover mede of clear glass plastic.
Useable for Ifa cars and many Old- and Youngtimers.

Intake manifold packing W50

Prod.No. 8020 2,99

Sealing between the inlet manifold and the cylinder heads.
Fit to the lorry W50.
The induction manifold sealing will be delivery as a single part without any mounting parts.

made of sealing paper with graphite surface
two pieces will be needed

Manifold packing W50

Prod.No. 8019 2,99

Sealing between the exhaust manifold and the Cylinder heads.
Fit to the lorry W50.
The exhaust sealing will be delivery as a single part without any mounting parts.

made of sealing paper with graphite surface
two pieces will be needed

Oilsump Sealing W50

Paper gasket kit (consist of four pieces. Mounted between cylinder block and oilsump.
Fit to the lorry W50 and tractor ZT300
Delivery without any mounting parts.

Prod.No. 8024 9,90

original spare part
one pieces will be needed

IFA-vehicles > Trabant 500/600

Adapter M18 ignition adjustment

adapter for the dial gauge to adjust the ignition point.
Fit to the spark plug tap M18. Hexagon nut for mounting SW 22.
usefull for the fallowing vehicles:

Prod.No. 6819 28,99

made in Germany
material: brass
Trabant 500,600,601
Wartburg 311
Framo
IFA F8 / F9
P70

Alternator DC 6V

Dynamo for vehicles with 6V direct current.
Fit to the folloing cars: : Trabant, Wartburg 311, 312 und Framo.

Prod.No. 761 95,33

new spare part (original-IFA-part)
type: 220W
scope of delivery without belt pulley

mostly the generator has an external regulator.

Battery 6V 84Ah, dry (not charched)

Batterie for cars with 6V supply voltage. The capacity is 84 Ah. The starting power is 240A.
We just deliver this battery dry and uncharged.
Design fit to historical vehicles.

Prod.No. 1225 161,69

length: 22,5 cm
wide: 17,5 cm
highness case: 20 cm
total highness inclusive pins: 22 cm
made in Germany

Battery acid 1,0 liter

Complete pre mixed batterie fluid for using at all starter batterys.
Can be used for 6,12 and 24V voltage system.

Prod.No. 7675 3,45

contens: 1 Liter
bottle with child-proof lock
please note the instructions at the bottle

Bolt for starter

Prod.No. 7658 2,93

Bolt of the Bearing case of the starter engine.

Connection bolt will be mounted at the bearing case threadholes and on the other side it will hold the rear case cover.

Delivery as a single part without nuts and washers.

Can be used for all kind of starters 6V and 12V left- and right turning (without Trabant 1.1, Wartburg 1.3 and Barkas B1000-1)

original spare part

surface: galvanized

total length: 16.5 cm

delivery as a single part

for each starter two pieces will needed

Brush for starter

Prod.No. 785 3,85

Spare-brushes of the starter engine to solder on at the coil set.

Can be used for all kind of starters 6V and 12V left- and right turning (without Trabant 1.1, Wartburg 1.3 and Baraks B1000-1)

mounting place: brushholder base plate

size: 16X19x7

delivery as a single part

for each starter two pieces will needed

Bulbs spare kit R2 / 6V

Prod.No. 7145 14,68

Spare kit with different bulbs fit to voltage of 12V content:

1x R2-lamp 45/40W with base P45t

1x spherical lamps 18W white with base Ba15s

1x tubular lamp 18W (C21W) with base SV 8,5

1x tubular lamp 5W (C5W) with base SV 8,5

1x bulb 4W (T4W) with base BA 9s

1x bulb for speedometer 0,6W with base BA 7s

1x spherical lamps 21W white with base Ba15s

1x spherical lamps 5W white with base Ba15s

1x Torpedo-fuse 8A

1x Torpedo-fuse 16A

Cap for water vessel for windscreen washer system

Prod.No. 7357 4,75

Plastic cap with mounting strap for the water bottle of the windscreen washer system.

The plug close up the refilling hole.

To use at many reservoir bottles with electrical or mechanical pump.

fit to follow washer systems:

Trabant 601, Trabant 1.1, Wartburg 1.3, Wartburg 353, Multicar, W50 and so on

Chromium-plated ring for front direction indicator lamp (P50/P60)

Prod.No. 7249 13,25

New produced chromed ring for old front flash lights of Trabant 500 and 600 (P50/60).

Cover plate, front Trabant 500,600

Prod.No. 7790 123,76

New produced spare cover under the front bumper of Trabant 500 and 600 (P50/60).

High quality inclusive mounted cover holder.

Smooth surface, colour grey.

material: GFK

Dial gauge digitale type

Prod.No. 7301 43,59

Good quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without separate extension pin
non shock proof

Dial gauge shock proof

Prod.No. 6821 59,90

High quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in Germany
scope of delivery without separate extension pin
shock proof

Dial gauge simple type

Prod.No. 6820 49,10

High quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in Germany
scope of delivery without separate extension pin
non shock proof

Dial gauge simple type

Prod.No. 7300 14,99

Cheap dial indicator for example to adjust the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without separate extension pin
non shock proof

Direction indicator lamp front, complete (P50/P60)

Prod.No. 7356 51,23

New produced front flasher for the Trabant 500 and 600 (P50/60).

Set consists of:
1x Indicator glass, orange
1x bulb carrier
1x seal for flasher
1x chrome front rim

made in Germany
two pieces will be needed

Drive joint rubber T500 / 600

Prod.No. 7851 14,57

Drive joint instert made of rubber for the wheel drive shaft Trabant 500 and 600.
Mounting place gearbox side. New reproduction.

delivery as an single part
outside diameter:100mm
inside diameter: 37mm
material: rubbber, black
made in Germany
four pieces will be needed

Extensions pin for Dial gauge, 60mm

Prod.No. 7302 3,09

Extension for dial gauge. Fit to all offered gauges

thread: M2,5
diameter: 4mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without seperate extension pin
non shock proof

Glass for front direction indicator lamp, white

Prod.No. 7248 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60)and fit to Wartburg 311,312,313 and Framo.

Colour: colorless transparent
with stuck on sealing rubber
high quality, made in Germany
in tandem with chromed ring it can be used also as position light fit to camper Intercamp

Glass for front direction indicator lamp, yellow (P50/P60)

Prod.No. 7247 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60)and fit to Wartburg 311,312,313 und Framo.

Colour: orange transparent
with stuck on sealing rubber
high quality, made in Germany

Grill for air intake T500 / 600

Prod.No. 7852 27,61

Oval grill for the front air intake of the Trabant 500 and 600.
High quality new reproduction.

delivery as an single part
length:131mm
widness: 87mm
material: aluminium
made in Germany
two pieces will be needed

Knob for push switch 6 / 12V

Prod.No. 7960 0,98

Button insert for the push switches.
Colour: yellow
Can be used for many Old and Youngtimers.

original spare part
delivery as an single part with snap ring

Magnet. complete for starter 6V

Prod.No. 780 45,50

Magnet switch for all starter types:
Trabant 500,600,601, Wartburg 311,312,313 and Barkas B1000 with 6V system.
This is an NOS spare part.

Non-return valve for windscreen washer

Prod.No. 1112 3,26

Check valve for the manual Trabant windscreen washer.

Plug for body

Prod.No. 7705 2,49

Small plg for holes diameter 5mm.
Can be used for the car body.

material: rubber, black
total length: 27mm
made in Germany

Protection cap for starter lite (plastic)

Prod.No. 786 2,28

Sealing cap to protect the starter wire (plus) against dust and moisture.
Fit to the vehicles: P70, Trabant, Wartburg, Multicar, Framo and Barkas.

made in Germany
one piece will be needed

Reflector round, red (catseye) for rear bumper

Prod.No. 6918 5,14

Standard type of round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers.
Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 62,5 mm (2,46")
Colour: red
refelector area: 20 cm²
with base plate made of sheet metal
centric mounting bolt M5 x 15 mm

Reflector round, red (catseye) for rear bumper, metal ring

Prod.No. 6919 5,24

Round reflector for rear bumper corner of Trabant 500 and 600 (P50/60) or some other oldtimers, with additional aluminium frame around it.
Only partially fit to back light of Trabant 601 (mounting bolt could be to short).

Outer diameter: 63,5 mm (2,5")
Colour: red
refelector area: 20 cm²
aluminium ring frame
with base plate made of sheet metal
centric mounting bolt M5 x 15 mm

Regulator and cotout relay (6V/220W) for DC 6V Dynamo

Prod.No. 776 85,50

External mechanical regulator for use at the DC dynamo to control the battery voltage.
Fit to Trabant 500, 600 and 601, Framo, Wartburg 311
Original spare part.

voltage: 6V
use for DC dynamo: 220W
made in Germany

Regulator and cotout relay 12V/220W for DC 6V Dynamo

Prod.No. 7904 85,50

External mechanical regulator for use at the DC dynamo to control the battery voltage.
Fit to Trabant 500, 600 and 601, Framo, Wartburg 311
Original spare part.

voltage: 12V
use for DC dynamo: 220W
made in Germany

Replacement glass for RETRO rear fog lamp

Prod.No. 7136 19,99

Red glass as spare part for our RETRO fog light

material: red glass
made in Germany

Replacement glass for RETRO reverse lamp

Prod.No. 7137 8,93

Red glass as spare part for our RETRO reverse indication lamp

material: clear (white) glass
made in Germany

Retro back up lamp for rear bumper

Prod.No. 6876 77,71

Chromed back up light for the mounting on top of the bumper.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear glass
size: 11 x 5,5 cm
delivery without bulb
made in Germany

Retro licence plate lights

Prod.No. 7989 12,87

Chromed reversing registration plate light.
Mounting with two M6 nuts.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear lense
size: L=82mm x B=29mm x H=27mm
bolt distance: 45mm
delivery without bulb
made in Europe

Ring eye D10mm with pipe bend

Prod.No. 7516 3,29

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm
pipe bend: 90 degree
pipe length total: 55mm

Ring eye D10mm, connection 6mm hose

Prod.No. 7537 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm

Ring eye D10mm, connection 8mm hose

Prod.No. 7538 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 8mm

Ring eye D12mm with pipe bend

Prod.No. 7517 3,59

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 8mm
pipe bend: 90 degree
pipe length total: 74mm

Ring eye D12mm, connection 6mm hose

Prod.No. 7539 2,49

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 6mm

Ring eye D12mm, connection 8mm hose

Prod.No. 7540 2,49

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 8mm

Rubber sealing cap for front direction indicator lamp (P50/P60/B1000/Multicar)

7250 9,33

New produced sealing cap fit to old front flasher lights of Trabant 500 and 600 (P50/60), Barkas B1000 and Multicar truck and fit to Wartburg 311,312,313 and Framo, and fit to the side lights of the camp trailer INTERCAMP.

Rubber sleeve cushion for shock absorber

Prod.No. 8028 8,70

The bushing is pressed in to the eye of the shock absorber diameter size 30mm.
Fit to Trabant 500,600,601 leaf spring shocks or Wartburg 311/312/353, DDR trailers shocks and so on...

1x length inner sleeve: 32 mm
1x rubber
made in Germany
2 or 4 pieces will be needed

Seal for connection between ignition coil and ignition cable

Prod.No. 6892 1,56

Rubber protection cap for ingniton coil. Protection against dust and spash water. Also for universal use.

lenght: 23 mm
big inner diameter: ca. 14 mm
small inner diameter: ca. 6 mm
made of high quality rubber (soft) rubber
colour: black

Spare key, copy is made from yor key number

Prod.No. 1341 15,50

Production of an spare key for door, ignition or fuel cap looks and so on...
You have to tell us your key number per email, fax or letter.
Keys for the vehicles: Trabant, Wartburg, W50, Barkas LO, LD Multicar usw.

delivery time about one to two weeks
all Trabant keys possible

Spark plug M18 - 225. *ISOLATOR*

Prod.No. 1192 12,50

Spark plug for the tap M18.

Spark plug M18 - 225. NGK

Prod.No. 7530 6,75

Spark plug for using at tow stroke engines with thread M18.
Good replacement for the original spare part (T18).
The heating rate complies 225 (cold spark plug), best use for water and air cooled engines.
Made by NGK, Japan.
Bosch Nr. M225 T1

Spark plug M18 - 260. NGK

Prod.No. 7531 6,75

Spark plug for using at tow stroke engines with thread M18.
Good replacement for the original spare part (T18).
The heating rate complies 260 (cold spark plug), best use for water and air cooled engines special for tuning engines.
Made by NGK, Japan.
Bosch Nr. M260 T1

Spark plug terminal M18

Prod.No. 6644 6,20

fit to old type of spark plugs with thread type M18

Spark plug terminal universal 5 kOhm

Prod.No. 7724 4,57

Best terminal without metalcoat for all versions of sparks.
Good replacment as the old type of spark plugs with thread type M18.
Resistance type suppressor: 5kOhm
producer: NGK
inclusive rubber seal for ignition wire and spark plug.

Spring for brush starter

Prod.No. 7629 1,55

Pressure spring for the brushes of the starter engine.
This spring will push the brush at the collector ring from the rotor shaft.
Can be used for all kind of starters 6V and 12V left- and right turning (without Trabant 1.1, Wartburg 1.3 and Barkas B1000-1)
mounting place: brushholder bas plate

original spare part
delivery as an single part
for each starter two pieces will needed

Switch 6 / 12V

Universal useable switch.
Please choose
Can be used for many Old and Youngtimers.

Prod.No. 7451 9,56

original spare part
Original number: 8600.34

Switch for warning flasher 6V

6V version of switch for warning flasher
with red round push button
fit to voltage of 6V

Prod.No. 86 34,20

delivery without control bulb
control bulb: Bulb 6V 1,2W
original-spare part no.: 8600.31/1

Telescopic shock absorber P50

Directional pressure telescopic shock absorber for leaf spring. Fit to front and rear axle of Trabant 500, 600.
scope of delivery:

Prod.No. 7086 47,71

complete inclusive bushing, lower bushing diameter 10mm
Made in Germany

Universal boot kit

Bellows for many exertions at automobiles, trailers, caravans and ships ...
size:

Prod.No. 7010 14,99

length:19cm diameter:10mm / 30mm
length:23cm diameter: 35mm / 35mm
length:15cm diameter:30mm / 42mm
length:13cm diameter:41mm / 48mm
length:12cm diameter:41mm / 55mm
different length and diameter combinable
length of the bellow pice: 95mm

Windscreen washer kit 6V

Set for windscreen washer system with electrical pump and water bottle
voltage: 6V
Scope of delivery:

Prod.No. 7597 25,90

bottle 1,5 liter
cap
metal holder
wash pump 12V

Ideal for upgrate the mechanical hand pump into an electrical system.

Wire set for switch for warning flasher 6V

Cable set for the 6V version of switch for warning flasher.
Fit to voltage of 6V.
Can be used for many Old and Youngtimers.
Best use for Trabant as connecton between flasher unit, fuse box and switch.

Prod.No. 7441 5,60

original spare part
length about:630mm
one set will be needed

| | | | |
|---|--|---------------|-------|
|  | <p><u>Brake cable, left-hand (short)</u> Cable for the hand brake. Fit to Trabant 601 and Trabant 1,1 left hand (driver side) made in Hungary, good quality, comperes to the original one.</p> | Prod.No. 180 | 9,90 |
|  | <p><u>Brake cable, right-hand (long)</u> Cable for the hand brake. Fit to Trabant 601 and Trabant 1,1 right hand (co-driver side) made in Hungary, good quality, comperes to the original one.</p> | Prod.No. 181 | 11,90 |
|  | <p><u>Brake hose retainer, original style</u> sacer spring for connection between flexible brake hose and brake pipe</p> | Prod.No. 240 | 1,43 |
| <p>surface bronzing one piece for each screw joint will be needed</p> | | | |
|  | <p><u>Cap for stop-lamp oil-pressure switch</u> Rubber cap for the brake ligths switch. Best protection for dust and wather.</p> | Prod.No. 7308 | 5,15 |
| <p>Fit to the vehicles: Trabant 500, 600, 601, 1.1 Wartburg 311, 312, 313, 353, 1.3 Barkas B1000,B1000-1 Framo, Mulicar M22, M24, M26</p> | | | |

|  | <p><u>Foot lever unit (overhauled)</u> Foot lever unit consist of one lever for the hydraulic actuated brake system and one lever for the mecanical actuated cluch system. The set is complete pre-installed.</p> | Prod.No. 185 | 59,37 |
| <p>fit to Trabant 601 and Trabant 1,1 scope of delivery inclusive Rubber lining for brake and clutch pedal-shaft one piece will be needed</p> | | | |

Holder single part steel

Prod.No. 7098 2,00

Spring bearing for the brake shoe holder can be used for Trabant500- 601 front brake.

material: steel
 piece for each piece
 two pieces will be needed for each brake shoe

lever for parking brake complete

Prod.No. 6857 65,20

handbrake lever for the parking brake of the Trabant 500,600,601 and 1.1

delivery inclusive uncock push button and toothed segment
 one piece will be needed

Master brake cylinder - one circle, original

Prod.No. 7189 62,00

Single circle master cylinder used in Trabant 500, 600 and Trabant 601 upt to 03/1980

overhauled spare part
 delivery without reservoir for brake fluid and mounting equipment
 one piece will be needed
 Please note, we can only exchange you this spare part if you ship 1x used master brake cylinder with the type number TGL BH7 to our company in advance!

Outer front brake line, complete, left side 1 circle, simplex

Prod.No. 6698 9,25

Pre-convoluted and bordered brake line.
 Connection between wheel brake cylinder to front brake hose left hand.

length: about 21 cm
 material: steel line, zinc-coated 4,75x0,7
 scope of delivery with 2 pieces outlet nuts
 fit to all Trabant 500, 600 and 601 with simplex brake system at front axle
 one piece will be needed

Outer front brake line, complete, right side 1 circle, simplex

Prod.No. 6699 9,25

Pre-convoluted and bordered brake line.
 Connection between wheel brake cylinder to front brake hose right hand.

length: about 16 cm
 material: steel line, zinc-coated 4,75x0,7
 scope of delivery with 2 pieces outlet nuts
 fit to all Trabant 500, 600 and 601 with simplex brake system at front axle
 one piece will be needed

Rear wheel-brake cylinder, original 19mm

Prod.No. 7462 35,00

Complete in Germany overhauled rear wheel brake cylinder with ring sleeves, brak-piston D=19,04mm.
 Fit to Trabant 601 up to 03.1968 and Trabant 1,1 all models.

scope of delivery: inclusive ring sleeves and bleeder screw
 break piston diameter: 19,04mm
 also used for some IFA-vehicles, Camptourist tent trailer
 two pieces will be needed

release spring for pedal, old mode

Prod.No. 7372 1,96

release spring fit to brake pedal and clutch pedal of pedal unit
 length of the spring coil: 69mm
 diameter of the spring coil: 8mm
 total length of the spring: ca.160mm

fit to Trabant 601
 two pieces will be needed

Rubber lining EU for brake and clutch pedal-shaft
 Rubber pad for the clutch and brake pedal.

Prod.No. 8013 3,95

material: rubber, black
 made in EU
 worse quality
 two pieces will be needed

Rubber lining made in Germany for brake and clutch pedal-shaft
 Rubber pad for the clutch and brake pedal.
 New reproduction made in Germany in brilliant quality.
 Fit to many IFA cars like Trabant, P70/F8, Wartburg 311, Multicar...

Prod.No. 184 8,57

material: rubber, black
 made in Germany
 best quality
 two pieces will be needed

Simplex wheel-brake cylinder front, overhauled

Prod.No. 7052 35,90

Wheel brake cylinder (simplex) for the front brake system of the Trabant 500, 600 and 601.
 Spare part is complete overhauled. Please note, your old brake cylinder have to be shipped to us before we send you the spare part.
 {L[complete with ring sleeves][brake piston diameter 22,20mm][up to vintage: 31.3.1968 for Trabant 601][inclusive bleeder screw]

Simplex wheel-brake cylinder rear, overhauled

Prod.No. 7320 35,90

Wheel brake cylinder (simplex) for the reart brake system of the Trabant 500.
 Spare part is complete overhauled. Please note, your old brake cylinder have to be shipped to us before we send you the spare part.
 {L[complete with ring sleeves][brake piston diameter 15,87mm][inclusive bleeder screw]

Sealing for Hand brake lever

Prod.No. 1070 5,44

Sleeve set single brake master cylinder, complete

Prod.No. 189 10,45

Complete repair set for the 1-circle brake master cylinder was mounted up to vinatge april 1980 at Trabant 601.

material: rubber
 made in EU
 one set will be needed

Sleeve set single brake master cylinder, original

Prod.No. 7284 14,25

Complete repair set for the 1-circle brake master cylinder.
 The sleeves was mounted up to vinatge april 1980 at Trabant 601.

material: rubber
 made in Germany
 one set will be needed

Stop-lamp oil-pressure switch pin plug

Prod.No. 102 11,33

Hydraulic pessure cennected switch for the brake lights.
Type of the switch with flat plug contacts.

delivery as original spare part or high quality EU production

Fit to the vehicles: Trabant 500, 600, 601, 1.1 Wartburg 311, 312, 313, 353, 1.3 Barkas B1000,B1000-1 Framo, Mulicar M22, M24, M26

Stop-lamp oil-pressure switch srew connection

Prod.No. 7595 11,87

Hydraulic pessure cennected switch for the brake lights.
Type of the switch with srew contacts.

delivery as original spare part

Fit to the vehicles: Trabant 500, 600, 601, 1.1 Wartburg 311, 312, 313, 353, 1.3 Barkas B1000,B1000-1 Framo, Mulicar M22, M24, M26

Tank for brake fluid 1 circle

Prod.No. 191 9,50

Reservoir for brake fluid for Trabant 601 with single-circle brake master cylinder, up to vintage: april 1980 and many trailer and camper with hydraulical brake system

scope of delivery: inclusive cap
one piece will be needed

toothed segment for lever for parking brake

Prod.No. 6994 7,50

toothed segment for the handbrake lever of the Trabant 500,600,601 and 1.1

delivery without connection rivet
original spare part
one piece will be needed

Upper release spring (long)

Prod.No. 314 2,90

spring for brake shoes front and rear axle

length: 132 mm
diameter: 10 mm
galvaniced
made in EU
2 pieces for each front wheel brake side
1 piece for each rear wheel brake side

IFA-vehicles > Trabant 500/600 > Rubber sections & -parts

Plug for body

Prod.No. 7705 2,49

Small plg for holes diameter 5mm.
Can be used for the car body.

material: rubber, black
total length: 27mm
made in Germany

Profile filler windscreen

Prod.No. 6899 18,00

profile filler for rubber section windscreen (Limousine and Universal (station wagon)) and rear window (only Limousine) fit to Trabant 500 (P50), 600 (P60) and early Trabant 601

available in three different colours: black, white and grey (Please chose the wanted colour below!).
Length 3,60 meter

Rubber for rear light, colour: black (P50,P60)

Prod.No. 6640 18,50

Seal for the rear light cases. Fit to Trabant 500/ 600 car boot Limousine.

material: rubber
colour: black
two pieces will be needed

Rubber for rear light, colour: grey (P50,P60)

Prod.No. 6691 18,50

Seal for the rear light cases. Fit to Trabant 500/ 600 car boot Limousine.

material: rubber
colour: black
two pieces will be needed

rubber pad for 20 mm mouldings, black (yard goods)

Prod.No. 6755 2,94

Rubber pad for aluminium mouldings with a wide of 20 mm.

the price is for one meter of rubber pad (ordering two pieces means one piece of 2 meter)
material: PVC
colour: black

rubber pad for 20 mm mouldings, grey (yard goods)

Prod.No. 7789 2,94

Rubber pad for aluminium mouldings with a wide of 20 mm.

the price is for one meter of rubber pad (ordering two pieces means one piece of 2 meter)
material: PVC
colour: grey

rubber pad for moulding, black (yard goods)

Prod.No. 6754 2,94

Rubber pad for aluminium moulding with a wide of 12 mm.

the price is for one meter of rubber pad (ordering two pieces means one piece of 2 meter)
material: PVC
colour: black

rubber pad for moulding, grey (yard goods)

Prod.No. 7788 2,94

Rubber pad for aluminium moulding with a wide of 12 mm.

the price is for one meter of rubber pad (ordering two pieces means one piece of 2 meter)
material: PVC
colour: grey

rubber pad for plane frame

Prod.No. 6753 5,20

The rubber is mounted between door sheet metal of door frame and lower aluminium sections of plane frame.

Fit to Trabant 500/ 600.

material: rubber
 colour: black
 length: 1 m
 width (without edge): 35 mm
 thickness: 1,5 mm

Rubber section for rear boot Limousine

Prod.No. 7182 19,79

Black cellular rubber (sponge rubber) section for car boot of Trabant 500 / 600.

length: 3,50 Meter
 German product

Rubber-section for inner door sealing (P50/60)

Prod.No. 6747 9,00

rubber-section for inner door sealing at B-pillar (and perhaps A-pillar (length about 0.6 to 0.65 Meter), too) of Trabant 500 and 600 (all variants)

At the upper part of B-pillar is an additional sheet metall to clamp the flat part of rubber. In the lower part of B-pillar the rubber-section will be clamped between b-pillar and outside cladding.

Also fit to lower sealing between A-pillar and B-pillar, mounted with an additional L-section (length one Meter for each door).

length: 1 m
 material: rubber
 colour: black
 length of flat part (lug): ca. 16 mm
 outer diamter of hose: ca. 15 mm

Rubber-section for inner door sealing, black (P50/60)

Prod.No. 6750 27,50

Black cellular rubber-section for side door sealing of Trabant 500 and 600 (all variants).

The rubber seals starting at the lower end along the A-pillar under the roof frame to lower end of B-pillar, but it will not mount inside the car body.

length: 4 m
 material: cellular rubber
 colour: black

Rubber-section for inner door sealing, grey (P50/60)

Prod.No. 6847 27,50

Black cellular rubber-section for side door sealing of Trabant 500 and 600 (all variants).

The rubber seals starting at the lower end along the A-pillar under the roof frame to lower end of B-pillar, but it will not mount inside the car body.

length: 4 m
 material: cellular rubber
 colour: grey

Rubber-section for integral pane (median web) in side doors (P50/60)

Prod.No. 6749 5,97

Rubber-section for front sealing of integral pane of each side door of Trabant 500 and 600 (all variants).

This rubber-section will be used for sealing the front side of pane (median web).
 The lengthened rubber lip seals the opening between median web and sliding pane.

length: 0,5 m (fit to one door)
 material: rubber
 colour: black

Rubber-section for integral pane in side doors (P50/60)

Prod.No. 6748 9,00

rubber-section for integral pane of side doors of Trabant 500 and 600 (all variants).

This rubber-section will be used for sealing the upper, lower and outer side of each pane. For sealing the inner side (median web) a different rubber-section is necessary.

length: 1 m (fit to one door)

material: rubber

colour: black

Rubber-section for integral pane in side doors (P50/60)

Prod.No. 6900 10,89

rubber-section for sliding window of side doors of Trabant 500 and 600 (all variants).

This rubber-section will be used for outer sealing the lower side and along the window frame from lower corner (front) up to median web.

length: 1,5 m (fit to one door)

material: rubber

colour: black

Rubber-section for rear pane (side) Station Wagon, black

Prod.No. 7785 19,11

Pane sealing of the side rear windows (font pane) of the Trabant 500 and Trabant 600 station wagon (called Universal).

The profiled rubber is a new production.

for each car two pieces will be needed

high quality made in germany

colour: black

length: 2,80 meter

Rubber-section for rear pane (side), black

Prod.No. 7784 13,95

Pane sealing of the side rear windows (font pane) of the Trabant 500 and Trabant 600.

The profiled rubber is a new production.

for each car two pieces will be needed

high quality made in germany

colour: black

length: 1,90 meter

Rubber-section for window guiding

Prod.No. 6901 19,98

Rubber section for door sliding window sealing. Material: rubber with plush.

width of the rubber section: 12mm

glas width: 5mm

length: 2,20 Meter (0,8 Meter for horizontal sealing + 1,4 Meter along the upper window frame

for each door, one piece will be needed

Rubber-section for windscreen and for rear window (P50/60)

Prod.No. 6745 28,33

rubber-section for windscreen of Trabant 500 and 600 (all variants)

and for rear window (only for car body variant Limousine)

For installation this rubber-section an additional profil filler is necessary.

length: 3,00 m

material: rubber

colour: black

necessary accessory: profile filler (obtainable in different colours)

|  | <p><u>Armature for dynamo 6V</u> Dynamo rotour as an single part. Best use for refresh the dynamo. Fit to direct current dynamos with 6V. Useabe for the car types: Trabant 500,600,601 Barkas V901 (Framo)</p> | Prod.No. 7806 | 36,81 |
| | <p>Single spare part, without bearings or mounting bits original spare part one piece will be needed</p> | | |

Ball bearing for Dynamo (old type)

Prod.No. 7796 8,47

Grooved ball bearing to retain the dynamo armature at teh case.
 Fit to direct current dynamos with 6V or 12V.
 Useabe for the car types:
 Trabant 500,600,601
 Wartburg 311,312,313,353
 Barkas V901 (Framo)

Single spare part, delivery without mounting bits
 high quality made by FAG
 two pieces will be needed

Brush spring for dynamo older type

Prod.No. 7808 1,85

Spring for the brushes to connect the rotor.
 Fit to direct current dynamos with 6V or 12V.
 Useabe for the car types:
 Trabant 500,600,601
 Wartburg 311,312,313,353
 Barkas V901 (Framo)

Single spare part
 original spare part
 two pieces will be needed

Contact box for dynamo older type

Prod.No. 7811 4,15

Wire connection terminal box for mounting at the dynamo case.
 Delivery inclusive contact for wires DF and D+. Inclusive clamp bolt for connection the brushes.
 Fit to direct current dynamos with 6V or 12V.
 Useabe for the car types:
 Trabant 500,600,601
 Wartburg 311,312,313,353
 Barkas V901 (Framo)

Single spare part
 original spare part
 one piece will be needed

Contact rail for dynamo older type

Prod.No. 7809 1,70

Middle contact for connection the wire D- at the electrical box.
 Fit to direct current dynamos with 6V or 12V.
 Useabe for the car types:
 Trabant 500,600,601
 Wartburg 311,312,313,353
 Barkas V901 (Framo)

Single spare part
 original spare part
 one piece will be needed

Dust cap for ball bearing trunion bearing A-S

Prod.No. 7803 1,80

Metal cap for protection the grooved ball bearing at the trunion bearing A-S front side against dust and dirt.

Fit to direct current dynamos with 6V or 12V.

Useabe for the car types:

Trabant 500,600,601

Wartburg 311,312,313,353

Barkas V901 (Framo)

Single spare part

original spare part

outside diameter: 29mm

inside diameter: 15mm

one piece will be needed

Dust cap for ball bearing trunion bearing rear

Prod.No. 7804 1,80

Metal cap for protection of the grooved ball bearing at the trunion bearing A-S rear side against dust and dirt.

Fit to direct current dynamos with 6V or 12V.

Useabe for the car types:

Trabant 500,600,601

Wartburg 311,312,313,353

Barkas V901 (Framo)

Single spare part

original spare part

outside diameter: 34mm

inside diameter: 15mm

one piece will be needed

Field Coil I for dynamo 6V

Prod.No. 7816 15,74

Stator coil (Field coil no.1) for mounting inside of the dynamo case.

The connecion wires have to be solided at the contacts.

Best use for refresh the dynamo.

Fit to direct current dynamos with 6V.

Useabe for the car types:

Trabant 500,600,601

Barkas V901 (Framo)

Single spare part, without mounting bits

original spare part

one piece will be needed

Field Coil II for dynamo 6V

Prod.No. 7817 15,74

Stator coil (Field coil no.2) for mounting inside of the dynamo case.

The connecion wires have to be solided at the contacts.

Best use for refresh the dynamo.

Fit to direct current dynamos with 6V.

Useabe for the car types:

Trabant 500,600,601

Barkas V901 (Framo)

Single spare part, without mounting bits

original spare part

one piece will be needed

Fuse box eighth fold

Prod.No. 8036 18,24

Fuse box inclusive 8 fuses. Wire connection with mounting screws.

Type with 8 single places for fuses.

Cover mede of clear glass plastic.

Useable for Ifa cars and many Old- and Youngtimers.

Fuse box sixfold

Prod.No. 8035 19,54

Fuse box inclusive 6 fuses. Wire connection with mounting screws.
Type with 6 single places for fuses.
Cover mede of clear glass plastic.
Useable for lfa cars and many Old- and Youngtimers.

Pin bolt for dynamo older type

Prod.No. 7805 2,25

Special pin for mounting the front and rear trunnion bearing A-S at the dynamo base case.
Fit to direct current dynamos with 6V or 12V.
Useabe for the car types:
Trabant 500,600,601
Wartburg 311,312,313,353
Barkas V901 (Framo)

Single spare part
original spare part
thread: M5
length: 170mm
two pieces will be needed

Retainer for Ball bearing Trunnion bearing A-S

Prod.No. 7802 3,20

Mounting holder for the grooved ball bearing at the trunnion bearing A-S front side.
Fit to direct current dynamos with 6V or 12V.
Useabe for the car types:
Trabant 500,600,601
Wartburg 311,312,313,353
Barkas V901 (Framo)

Single spare part, delivery mounting screws
original spare part
one piece will be needed

Retainer for contact rail

Prod.No. 7812 0,90

Tinned metal pice to solder the wire of the field coil at the middle contact (D-).
Fit to direct current dynamos with 6V or 12V.
Useabe for the car types:
Trabant 500,600,601
Wartburg 311,312,313,353
Barkas V901 (Framo)

Single spare part
original spare part
one piece will be needed

Trunnion bearing A-S dynamo older type

Prod.No. 7807 39,06

Rear side trunnion bearing complete with pre-installed brushes and pressure springs. Best use for overhauling.
Fit to direct current dynamos with 6V or 12V.
Useabe for the car types:
Trabant 500,600,601
Wartburg 311,312,313,353
Barkas V901 (Framo)

Single spare part without mounting equipment and bearing
original spare part
one piece will be needed

Wire clip for contact box

Prod.No. 7813 1,50

U-bolt to mount the cover on top of the connection terminal box

Fit to direct current dynamos with 6V or 12V.

Useabe for the car types:

Trabant 500,600,601

Wartburg 311,312,313,353

Barkas V901 (Framo)

Single spare part

original spare part

one piece will be needed

IFA-vehicles > Trabant 500/600 > Front axle

Bushing for king pin T500 / T600 / T601

Prod.No. 7607 14,25

Original Presstoff-bushing for guiding of the lower bearing of the front axle at the Trabant 500,600 and 601 with vintage limit.

Original spare part.

The bushing have to be reamed by reamer after press-in operation.

material: fibre bonded plastic

colour green

up to vintage: 31.3.1968 for Trabant 601

made in Germany

two pieces will be needed

Lower bushing for spring yoke T500 / T600 / T601

Prod.No. 7606 10,40

Original Presstoff-bushing for guiding of the spring yoke at the Trabant 500,600 and 601 with vintage limit.

Original spare part.

The bushing have to be reamed by reamer after press-in operation.

material: fibre bonded plastic

colour green

up to vintage: 31.3.1968 for Trabant 601

made in Germany

two pieces will be needed

Upper bushing for spring yoke T500 / T600 / T601

Prod.No. 7605 11,40

Original Presstoff-bushing for guiding of the spring yoke at the Trabant 500,600 and 601 with vintage limit.

Original spare part.

The bushing have to be reamed by reamer after press-in operation.

material: fibre bonded plastic

colour green

up to vintage: 31.3.1968 for Trabant 601

made in Germany

two pieces will be needed

IFA-vehicles > Wartburg 311 / 312 / 313

Alternator DC 6V

Dynamo for vehicles with 6V direct current.
Fit to the folloing cars: : Trabant, Wartburg 311, 312 und Framo.

Prod.No. 761 95,33

new spare part (original-IFA-part)
type: 220W
scope of delivery without belt pulley

mostly the generator has an external regulator.

Battery 6V 84Ah, dry (not charched)

Batterie for cars with 6V supply voltage. The capacity is 84 Ah. The starting power is 240A.
We just deliver this battery dry and uncharged.
Design fit to historical vehicles.

Prod.No. 1225 161,69

length: 22,5 cm
wide: 17,5 cm
highness case: 20 cm
total highness inclusive pins: 22 cm
made in Germany

Battery acid 1,0 liter

Complete pre mixed batterie fluid for using at all starter batterys.
Can be used for 6,12 and 24V voltage system.

Prod.No. 7675 3,45

contens: 1 Liter
bottle with child-proof lock
please note the instructions at the bottle

Bulb retainer display instruments

Holder for bulbs as an checked second hand part. Can be used for nearly all IFA vehicles.
Type with contact pin for wire plug: 6,3x0,8 (standart)
Useabe for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lightning, display and indecator lights.

Prod.No. 7843 2,50

checked second hand part
delivery without bulb
original part

Bulb retainer display instruments, screw pin

Holder for bulbs with screw pin for wire connection. Can be used for nearly all IFA vehicles.
Type with contact for screw connection: up tp 1,5 mmm².
Useabe for bulbs 6V, 12V oder 12V 2W with Ba7S base as speedometer lightning, display and indecator lights.

Prod.No. 7844 3,90

new spare part
delivery without bulb

Cap for Ignition coil

Rubber cap for connection wires pin 1 and pin 15 at the ignition coils.
Useable for the 40mm and original 60mm coils with ring pin connection.

Prod.No. 7991 1,95

material: rubber, black

Collar for gear shifting shaft

Prod.No. 6981 5,83

Sealing sleeve mounted on top of the gearbox to save the gear change shaft.
Fit to all Wartburg 311, 312, 313 and 353 without vintage limit.

Material: rubber

one piece will be needed for intake gear change shaft (all types)

two pieces will be needed for gear change mechanism of stick shift mechanism fit to Wartburg 353

original number: 53080001008

Cylindrical roller for freewheel 12x12

Prod.No. 3145 2,65

Single part of the cylindrical roller for the freewheel of the Wartburg 311 (from frame number: 637057 onwards)

10 pieces will be needed

zero mark: diameter 12,00mm

length: 12mm

made in Germany

Cylindrical roller for freewheel 12x18

Prod.No. 7394 2,95

Single part of the cylindrical roller for the freewheel of the Wartburg 311 (up to frame number: 637057)

9 pieces will be needed

zero mark: diameter 12,00mm

length: 18mm

made in Germany

Glass for front direction indicator lamp, white

Prod.No. 7248 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60) and fit to Wartburg 311,312,313 and Framo.

Colour: colorless transparent

with stuck on sealing rubber

high quality, made in Germany

in tandem with chromed ring it can be used also as position light fit to camper Intercamp

Glass for front direction indicator lamp, yellow (P50/P60)

Prod.No. 7247 15,40

New produced spare glass for old front flash lights of Trabant 500 and 600 (P50/60) and fit to Wartburg 311,312,313 und Framo.

Colour: orange transparent

with stuck on sealing rubber

high quality, made in Germany

Ignition coil 6V, diameter 40mm

Prod.No. 7987 18,77

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Made in Europe.

Sizes:

diameter: 40mm

total length: 130mm

length of the aluminium case: 92mm

threads for connection wires: M4

Ignition coil 6V, diameter 40mm, Germany

Prod.No. 7990 67,33

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Original spare part.

Sizes:

diameter: 40mm
total lenght:130mm
length of the aluminium case: 92mm
threads for connection wires: M4

Ignition coil 6V, diameter 62mm

Prod.No. 810 37,11

This coils can be used for Trabant 500, 600 and 601, Wartburg 313 and Wartburg 313, Framo with voltage of 6V.

Original spare part.

Sizes:

diameter: 62mm
total lenght:156mm
length of the aluminium case: 121mm
threads for connection wires:M5
made in Germany

Joint for trak rod W311, left-hand thread

Prod.No. 6592 36,50

Trak rod end with eleastomer bearing. Fit to Wartburg 311.
Shank type with lef hand thread M14 x 1,5.

original spare part
lock nut: trak rod nut
Castel nut: slotted nut M12 x 1,5
pint: split pin

Joint for trak rod W311, right-hand thread

Prod.No. 6603 36,50

Trak rod end with eleastomer bearing. Fit to Wartburg 311.
Shank type with right hand thread M14 x 1,5.

original spare part
lock nut: trak rod nut
Castel nut: slotted nut M12 x 1,5
pint: split pin

Knob for push switch 6 / 12V

Prod.No. 7960 0,98

Button insert for the push switches.
Colour: yellow
Can be used for many Old and Youngtimers.

original spare part
delivery as an single part with snap ring

LDM-Design outer rear view mirror, left

Prod.No. 6337 68,20

chromed Design rear view mirrors for drivers side (left door)
arm is made of zinc die casting (chromed)
mounting in the same way like original rear view mirrors

These outer rear view mirrors was elaborate handmade by LDM-tuning
no series production!

| <p>material: red glass made in Germany</p> | | | |
|  | <p><u>Replacement glass for RETRO reverse lamp</u> Red glass as spare part for our RETRO reverse indication lamp</p> | Prod.No. 7137 | 8,93 |
| <p>material: clear (white) glass made in Germany</p> | | | |
|  | <p><u>Retro back up lamp for rear bumper</u> Chromed back up light for the mounting on top of the bumper. The lamp made of high end fabrication and the design fit brilliant to historical cars.</p> | Prod.No. 6876 | 77,71 |
| <p>colour: chromium-plated casing, clear glass size: 11 x 5,5 cm delivery without bulb made in Germany</p> | | | |

Retro licence plate lights

Prod.No. 7989 12,87

Chromed reversing registration plate light.
Mounting with two M6 nuts.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, clear lense
size: L=82mm x B=29mm x H=27mm
bolt distance: 45mm
delivery without bulb
made in Europe

Retro rear fog lamp for rear bumper

Prod.No. 6877 93,28

Chromed reversing fog light for the mounting on top of the bumper.
The lamp made of high end fabrication and the design fit brilliant to historical cars.

colour: chromium-plated casing, red glass
size: 11 x 5,5 cm
delivery without bulb
made in Germany

Ring eye D10mm with pipe bend

Prod.No. 7516 3,29

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm
pipe bend: 90 degree
pipe length total: 55mm

Ring eye D10mm, connection 6mm hose

Prod.No. 7537 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm

Ring eye D10mm, connection 8mm hose

Prod.No. 7538 2,48

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 8mm

Ring eye D12mm with pipe bend

Prod.No. 7517 3,59

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 12mm

Eye diameter: 12mm
diameter pipe connection: 8mm
pipe bend: 90 degree
pipe length total: 74mm

Ring eye D12mm, connection 6mm hose

Prod.No. 7539 2,49

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 12mm

Eye diameter: 12mm

diameter pipe connection: 6mm

Ring eye D12mm, connection 8mm hose

Prod.No. 7540 2,49

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 12mm

Eye diameter: 12mm

diameter pipe connection: 8mm

Rubber button pad for engine bonnet (W311)

Prod.No. 6735 1,95

Rubber button pad for engine bonnet of old car body variant of Wartburg (typ 311, 312, 313)

diameter of rubber pad: 20 mm

thickness of rubber pad: ca 5 mm

length total: ca 21 mm

diameter of mounting rubber pin (without cone): ca 5,5 mm

biggest diamter of cone: ca 9 mm

Screw-cap for brakeline 6 x 0,7

Prod.No. 7276 1,25

Screw-cap for brakeline 6mm x 0,7mm. The screws can be mounted at steel or nickel-copper brake lines.

Please count how much pieces zou need total.

Fit to Barkas B1000, Multicar M22, M24, M25 and all vehicles with 6mm brake line.

border: type E

thread: M12x1

material: steel, galvaniced

made in Germany

Sealing for Headlamp Barkas, W311, W50, Multicar

Prod.No. 7584 8,50

Rubber ring for the headlamp Barkas B1000 and B1000-1, IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black

two pieces will be needed for each car

Sealing plate Rearlight

Rubber plate for the rear light of the Wartburg 311,312,313.

Prod.No. 7439 13,60

original spare part
material: rubber, black
two pieces will be needed for each car

Shaft seal gearbox

Oil seal for the Wartburg 311 gearbox.

Prod.No. 6939 19,44

material: Viton
size: 32 x 50 x 7
type without additional dust lip

Sleeve rubber (inner side)

Rubber sleeve gearbox side for the right and left universal shaft.
Fit for all universal shaft of the Wartburg 353 and Wartburg 312

Prod.No. 3148 9,80

material: rubber, black
two pieces will be needed
made in Europe
delivery as an single part without mounting spring and mounting strap

Sleeve rubber final drive (W311)

Rubber sleeve for Wartburg 311 outer joint universal drive shaft.

Prod.No. 6599 29,50

Sleeve rubber for central lubrication (W311)

Rubber sleeve for central lubrication system Wartburg 311.

Prod.No. 7681 6,50

material: Gummi
original spare parts

Spare key, copy is made from yor key number

Production of an spare key for door, ignition or fuel cap looks and so on...

You have to tell us your key number per email, fax or letter.

Keys for the vehicles: Trabant, Wartburg, W50, Barkas LO, LD Multicar usw.

Prod.No. 1341 15,50

delivery time about one to two weeks
all Trabant keys possible

|  | <p><u>Switch for warning flasher 6V</u> 6V version of switch for warning flasher with red round push button fit to voltage of 6V</p> | Prod.No. 86 | 34,20 |
|  | <p>delivery without control bulb contol bulb: Bulb 6V 1,2W original-spare part no.: 8600.31/1</p> | | |

Universal boot kit

Prod.No. 7010 14,99

Bellows for many exertions at automobiles, trailers, caravans and ships ...
size:

length:19cm diameter:10mm / 30mm
length:23cm diameter: 35mm / 35mm
length:15cm diameter:30mm / 42mm
length:13cm diameter:41mm / 48mm
length:12cm diameter:41mm / 55mm
different length and diameter combinable
length of the bellow pice: 95mm

Universal brake line, CUNIFER 5m, 6mm

Prod.No. 7398 42,99

Brakepipeline 6 x 0,7 mm
made of NiCuFe
length: 5m
for B1000, B1000-1, Mulicar M22, M24, M26, Framo, Warburg 311 and 313

Wire set for switch for warning flasher 6V

Prod.No. 7441 5,60

Cable set for the 6V version of switch for warning flasher.
Fit to voltage of 6V.
Can be used for many Old and Youngtimers.
Best use for Trabant as connecton between flasher unit, fuse box and switch.

original spare part
length about:630mm
one set will be needed

IFA-vehicles > Wartburg 311 / 312 / 313 > Brake system

Bleeder screw cap

Prod.No. 215 0,35

fit to all offered bleeder screws
Protect the bleeder screw hole from dust and water.

material: rubber
made in Germany

Bleeder screw, M12x1

Prod.No. 6121 4,74

Bleeder screw for many IFA vehicles. Tap M12 x 1 with selaing cone 90 degrees.
Fit to:

Barkas B1000
Barkas B1000-1
Multicar M22
Multicar M24
Multicar M25
Wartburg 311 and 313

Brake hose, front and rear axle

Prod.No. 6769 9,04

Flexible brake hose for the Wartburg 311 drum brake.
Reproduction of this brake hose, made at an current production in best quality.

total length: 49 cm
tap: 1x M12 x 1,5 core thread and 1x M12 x 1,5 male thread
for the front axle two pieces will be needed and one for the rear axle

| | |
|---|-----------------------|
| <p><u>Pipe master brake cylinder - plastic reservoir (500mm)</u> Connection hose from brake fluid reservoir to 1-circle master brake cylinder length: 500 mm Can be used for Warburg 311, 312 and 313.</p> <p>material: brake fluid resisant rubber colour: black one piece needed</p> | Prod.No. 8107 3,83 |
|---|-----------------------|

| | |
|--|-----------------------|
|  <p><u>Protection bellows for pressure bar input brake master cylinder</u> Protection bellows for the single and tandem brake master cylinders. fit of vehicles: Framo, B1000, B1000-1, Wartburg 311, 312, 313, 353, Multicar M22, M24, M25.</p> <p>inner diameter conical end: 15 mm inner diameter cylindrical end: 37 mm length: 35 mm - 58 mm</p> | Prod.No. 4214 7,50 |
|--|-----------------------|

retainer for brake hose
Brake hose retainer for Wartburg 311

Prod.No. 7168 9,77

to put into the circumferential slot of the brake hose fitting
fit or all types of W311
for one vehicle you need four pieces
slot wide: 14 mm
thickness: 1,75 mm

Ring sleeve, rear axle 25,35mm, original

Prod.No. 7232 14,73

Original ring sleeve set for rear wheel brake cylinder type: CZ5.
Fit to all models of: Multicar M22, Barkas, Wartburg 311, 312, 313 and Wartburg 353 with brake drum system at the front axle.

fit to brake cylinder diameter 25,35mm
Complete set for one wheel brake cylinder: 2x cap sleeve, 2x dust cap
all rubber seals are made in Germany
material: break fluid resistant rubber
One set will be needed for each wheel side rear

Rivet bolt for hand-brake lever

Prod.No. 183 1,21

Rivet bolt for mounting the hand brake lever at the rear brake shoe (short lining).
Fit to Tarabant 601 and Trabant 1,1 rear axle, Wartburg 311,312,353,1.3 and Anhänger wie Qek, Intercamp, Oase, Camptorist, Klappfix.

material: steel, galvanized
one piece for each rear brake

Rubber lining made in Germany for brake and clutch pedal-shaft

Prod.No. 8113 8,57

Rubber pad for the clutch and brake pedal.
New reproduction made in Germany in brilliant quality.
Fit to many IFA cars like Trabant, P70/F8, Wartburg 311,312, 313 and Multicar...

material: rubber, black
made in Germany
best quality
two pieces will be needed

Screw-cap for brakeline 6 x 0,7

Prod.No. 8111 1,25

Screw-cap for brakeline 6mm x 0,7mm. The screws can be mounted at steel or nickel-copper brake lines.
Please count how much pieces you need total.
Fit to Wartburg 311, 312, 313.

border: type E
thread: M12x1
material: steel, galvanized
made in Germany

Sealing cap for wheel brake cylinder, front axle W311

Prod.No. 7751 5,03

Sealing rubber for the wheel brake cylinders front brake of Wartburg 311.
Protection against moisture and brake dust.

for diameter of piston: 27 mm
four pieces will be needed

Sealing ring for wheel brake cylinder, front axle W311 (1 pair = 2 pieces) Prod.No. 6012 9,73

Two sealing rings for the wheel brake cylinders built in front brake of Wartburg 311.

for diameter of piston: 27 mm
 scope of delivery: two piece of ring sleeve
 one piece is needed for each wheel brake cylinder
 first-class quality made in Germany

Sleeve set for brake master cylinder (1-circuit) Ø 25,4mm = 1 Prod.No. 7176 19,50

Two sealing rings for the wheel brake cylinders built in front brake of Wartburg 311.

for diameter of piston: 25,4 mm
 scope of delivery: two piece of ring sleeve
 one piece is needed for each wheel brake cylinder
 first-class quality made in Germany

Universal brake line, CUNIFER 5m, 6mm Prod.No. 7398 42,99

Brakepipeline 6 x 0,7 mm
 made of NiCuFe
 length: 5m
 for B1000, B1000-1, Mulicar M22, M24, M26, Framo, Warburg 311 and 313

Wheel brake cylinder EU front axle, left, W311 Prod.No. 7845 41,77

Complete in Europe reproduced wheel brake cylinder.
 scope of delivery:

complete with ring sleeves and piston
 without bleeder screw
 brake-piston D= 25mm
 brake line connection with thread M12x1
 NOT fit to brake system of Multicar M24
 2 pieces will be needed

Wheel brake cylinder EU front axle, right, W311 Prod.No. 7846 41,77

Complete in Europe reproduced wheel brake cylinder.
 scope of delivery:

complete with ring sleeves and piston
 without bleeder screw
 brake-piston D= 25mm
 brake line connection with thread M12x1
 NOT fit to brake system of Multicar M24
 2 pieces will be needed

Wheel brake cylinder original front axle, left, W311 Prod.No. 6011 41,77

Complete in Germany overhauled wheel brake cylinder.
 Type: RENAK CZ 25
 Shipping only after your old brake cylinder with the mark RENAK CZ 25 was send to our company.
 Wheel brake cylinder for Wartburg 311 front, brake system drum brake.
 scope of delivery:

complete with ring sleeves and piston
 without bleeder screw
 brake-piston D= 27mm
 brake line connection with thread M12x1
 NOT fit to brake system of Multicar M24
 2 pieces will be needed

For more informations to this exchange part please use the Detail button.

Wheel brake cylinder original front axle, right, W311

Prod.No. 6010 41,77

Complete in Germany overhauled wheel brake cylinder.
Type: RENAK CZ 25
Shipping only after your old brake cylinder with the mark RENAK CZ 25 was send to our company.
Wheel brake cylinder for Wartburg 311 front, brake system drum brake.
scope of delivery:

complete with ring sleeves and piston
without bleeder screw
brake-piston D= 27mm
brake line connection with thread M12x1
NOT fit to brake system of Multicar M24
2 pieces will be needed

For more informations to this exchange part please use the Detail button.

Wheel brake cylinder rear, original

Prod.No. 7252 35,39

Complete in Germany overhauled rear wheel brake cylinder with cap sleeves, brak-piston
D=25,35mm.
Mark: IFA BHL
Fit to Wartburg 311

scope of delivery: inclusive cap sleeves and bleeder screw
break piston diameter: 25,35mm
also used for some IFA-vehicles
two pieces will be needed

For more informations to this exchange part please use the Detail button.

IFA-vehicles > Wartburg 311 / 312 / 313 > Cooling system

Angle piece coolant hose 1000ccm

Prod.No. 7839 45,70

Connection-hose for coolant connector at the cylinder head upper side.
Can be used for Wartburg 311, 312 and 313 with 1000ccm engine and water pump.
angle: about 50 degree
Inside diameter: 49mm
Outside diameter: 59mm
length: 150mm
Material: EPDM
High quality new production.

Angle piece coolant hose 900ccm

Prod.No. 7840 49,26

Connection-hose for coolant connector at the cylinder head upper side.
Can be used for Wartburg 311 with 900ccm engine and water pump.
angle: about 60 degree
Inside diameter: 49mm
Outside diameter: 59mm
length: 300mm
Material: EPDM
High quality new production.

Coolant hose (310mm) 3-way coolant petcock (W311)

Prod.No. 6913 5,82

coolant hose fit to both sideway tubes of 3-way coolant petcock
length: 310mm (12,2")

two pieces will be needed

Coolant hose (480mm) for sideway tubes of distributor (W311)

Prod.No. 6914 8,94

coolant hose fit to both sideway tubes of distributor
length: 480mm (18,9")

two pieces will be needed

| | | |
|---|---|----------------------------|
|  | <p><u>Coolant hose, 15 x 3,5mm (yard goods)</u> rubber coolant hose with textile inset (DIN 73411 7/79)</p> | <p>Prod.No. 6936 17,92</p> |
| | <p>up to 6 bar Inner diameter: 15 mm (0,59 inch) Thickness of wall: 3,5 mm (0,138 inch) up to 125°C Outer layer (EPDM): resistance to oil, ozone and aging through heat Inner layer (EPDM): resistance to antifreeze admixture and corrosion inhibitor</p> | |
| | <p>Deliverable as yard goods. If order two pieces of this article we will deliver one piece with a length of two Meter.</p> | |
| | <p><u>Coolant hose, 195mm, distributor-water pump (W311)</u> Coolent hose fit to connect the distributor with water pump</p> | <p>Prod.No. 6912 7,09</p> |
| | <p>length: 195mm (7,68")</p> | |
|  | <p><u>Coolant hose, 25 x 3,5mm (1 Meter)</u> rubber coolant hose with textile inset (DIN 73411 issue 1955)</p> | <p>Prod.No. 6948 14,77</p> |
| | <p>working pressure: 3 bar Inner diameter: 25 mm (1 inch) Thickness of wall: 3,5 mm (0,138 inch) Outer and inner layer made of black SBR-rubber quality resistant against hot water with antifreeze admixture from -20°C up to +95°C</p> | |
| | <p>Only obtainable in pieces of one Meter.</p> | |
|  | <p><u>Coolant hose, 25 x 4,5mm (1 Meter)</u> Rubber coolant hose with textile inset (DIN 73411 7/79)</p> | <p>Prod.No. 6917 29,86</p> |
| | <p>bup to 6 bar Inner diameter: 25 mm (1 inch) Thickness of wall: 4,5 mm (0,177 inch) up to 125°C Outer layer (EPDM): resistance to oil, ozone and aging through heat Inner layer (EPDM): resistance to antifreeze admixture and corrosion inhibitor</p> | |
| | <p>Only obtainable in pieces of one Meter.</p> | |
| | <p><u>Coolant hose, 60mm radiator-distributor (W311)</u> Short piece of coolant hose to connect the lower pipe of radiator with middle connection pipe of distributor</p> | <p>Prod.No. 6916 2,18</p> |
| | <p>length: 60mm (2,36")</p> | |
| | <p><u>Coolant hose, 75mm, radiator-thermostat (W311)</u> Short piece of coolant hose to connect the upper pipe of radiator with thermostat</p> | <p>Prod.No. 6911 2,72</p> |
| | <p>length: 75mm (2,95")</p> | |
|  | <p><u>radiator end cap W311, Framo</u> zinc-coated end cap (seal) fit to radiator of Wartburg 311 and Framo</p> | <p>Prod.No. 6597 10,40</p> |
| | <p>with additional pressed-on aluminium cover diameter of aluminium cover with knurling: 100 mm inner parts of seal cap made of zinc-coated sheet metall and brass with rubber sealing (diamter about 48mm)</p> | |

| | | | |
|--|---|----------------------|--------------|
|  | <p><u>Radiator end cap, crome, W311, Framo</u> Crome-coated end cap (seal) fit to radiator of Wartburg 311 and for Framo. Type without tongue.</p> | <p>Prod.No. 7490</p> | <p>16,70</p> |
| <p>diameter of chrome-coated cap with knurling: 72mm inner parts of seal cap made of brass with rubber sealing (diamter about 48mm)</p> | | | |
|  | <p><u>Radiator end cap, crome, W311, Framo</u> Zinc-coated end cap (seal) fit to radiator of Wartburg 311 and for Framo. Type without tongue.</p> | <p>Prod.No. 7491</p> | <p>13,70</p> |
| <p>diameter of zinc-coated cap with knurling: 72mm inner parts of seal cap made of brass with rubber sealing (diamter about 48mm)</p> | | | |
|  | <p><u>Radiator end cap, crome, with strap, W311, Framo</u> Crome-coated end cap (seal) fit to radiator of Wartburg 311 and for Framo. Type inclusive tongue to fix an small retainer cain.</p> | <p>Prod.No. 7489</p> | <p>16,70</p> |
| <p>diameter of chrome-coated cap with knurling: 72mm inner parts of seal cap made of brass with rubber sealing (diamter about 48mm)</p> | | | |
|  | <p><u>Radiator end cap, zinc, with strap, W311, Framo</u> Zinc-coated end cap (seal) fit to radiator of Wartburg 311 and for Framo. Type inclusive tongue to fix an small retainer cain.</p> | <p>Prod.No. 6586</p> | <p>13,70</p> |
| <p>diameter of zinc-coated cap with knurling: 72mm inner parts of seal cap made of brass with rubber sealing (diamter about 48mm)</p> | | | |

|  | <p><u>Valve for cooling water</u> Brass drain cock will be mounted direct on the motor block (exhaust side). Fit to: Wartburg 311, 312,313, 353, Framo, Barkas B1000.</p> | <p>Prod.No. 6937</p> | <p>25,90</p> |

Adapter M18 ignition adjustment

Prod.No. 6819 28,99

adapter for the dial gauge to adjust the ignition point.
Fit to the spark plug tap M18. Hexagon nut for mounting SW 22.
usefull for the following vehicles:

made in Germany
material: brass
Trabant 500,600,601
Wartburg 311
Framo
IFA F8 / F9
P70

Alternator DC 6V

Prod.No. 761 95,33

Dynamo for vehicles with 6V direct current.
Fit to the folloing cars: : Trabant, Wartburg 311, 312 und Framo.

new spare part (original-IFA-part)
type: 220W
scope of delivery without belt pulley

mostly the generator has an external regulator.

Bearing fan shaft

Prod.No. 7507 9,86

One row roller bearing for the fan shaft thru the cylinder head of the 900 ccm and 1000ccm 3-cylinder two stroke engines.
It fit to Wartburg 311, 312 Framo, DKW and motor boats.

made by FAG
both sides ar metall covered
tow piece will be needed

Carburettor W311 1000ccm

Prod.No. 7030 145,00

Complete overhauled Carburettor for the three cylinder Wartburg 311 engine with 1000 ccm
cylinder capacity. delivery without intake pipe.

Carburettor type: H 362-24
{{[high quality from Germany]}}

Please note, we can only exchange you this spare part if you ship 1x carburettor H 362-24 to our
company in advance!

Contact breaker Pertinax

Prod.No. 6715 15,50

used for 2 stroke engiene Trabant, Wartburg and Barkas
for Trabant you will need two pices
Wartburg and Barkas got three of them

old type of contact braker
made of fabric reinforced plastic
made in Germany

Contact breaker, original

Prod.No. 805 6,45

Breaker for the ignition controlling. Best quality.
used for 2 stroke engiene Trabant, Wartburg and Barkas
for Trabant you will need two pices
Wartburg and Barkas got three of them

inclusive lube felt
material: plastic
original spare part
made in Germany

Crankshaft 1000ccm

Prod.No. 6995 650,00

Complete overhauled crank shaft for the models Wartburg 311, 312 engines, Framo with V-pully without anti-vibration damper (mounting nut SW46)

Crankshaft sealings are modiflicated to piston ring sealing pully- and fly wheel side.

with standard version of conrod
delivery iclusive needle bearings for the piston pins diameter: 20mm
good quality, made in Germany

Please note, we can only exchange you this spare part if you ship 1x used crank shaft and 1x V-pully to our company in advance!

crankshaft 900ccm

Prod.No. 7009 990,00

Complete overhauled crank shaft for the models Wartburg 311, 312 engines, Framo with V-pully without anti-vibration damper (mounting nut SW46)

Crankshaft sealings are modiflicated to piston ring sealing at the fly wheel side.
The old type of labyrinth seal is modiflicated to piston ring seal.

delivery iclusive bronze bearings for the piston pins diameter: 18mm
high quality, made in Germany

Please note, we can only exchange you this spare part if you ship 1x used crank shaft to our company in advance!

Cylinder head packing 1000 ccm - 8 bolts with metal ring

Prod.No. 8105 28,51

Head packing for the 1000 ccm, 3-cylinder two stroke engine.

Material consist of paper seal with dry graphite.

It fit to Wartburg 311, 312 Framo, DKW and motor boate with 1 Liter swept volume and 8 bolts for cylinder head mounting.

made in Germany
inner diameter cylinder: 76 mm
thickness: 1,2mm
one piece will be needed

Cylinder head packing 900 ccm - 12 bolts with metal ring

Prod.No. 6788 50,22

Head packing for the 900 ccm, 3-cylinder two stroke engine.

Material consist of paper seal with dry graphite and matal ring.

It fit to Wartburg 311, 312 Framo, DKW and motor boate with 0,9 Liter swept volume and 12 bolts for cylinder head mounting.

made in Germany
inner diameter cylinder: 72 mm
thickness: 2,2mm
one piece will be needed

Cylinder head packing 900 ccm - 8 bolts with metal ring

Prod.No. 6789 47,50

Head packing for the 900 ccm, 3-cylinder two stroke engine.

Material consist of paper seal with dry graphite.

It fit to Wartburg 311, 312 Framo, DKW and motor boate with 0,9 Liter swept volume and 8 bolts for cylinder head mounting.

made in Germany
inner diameter cylinder: 72 mm
thickness: 1,2mm
one piece will be needed

Dial gauge digitale type

Prod.No. 7301 43,59

Good quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in China
 scope of delivery without separate extension pin
 non shock proof

Dial gauge shock proof

Prod.No. 6821 59,90

High quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in Germany
 scope of delivery without separate extension pin
 shock proof

Dial gauge simple type

Prod.No. 6820 49,10

High quality dial indicator for example to adjust the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in Germany
 scope of delivery without separate extension pin
 non shock proof

Dial gauge simple type

Prod.No. 7300 14,99

Cheap dial indicator for example to adjust the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in China
 scope of delivery without separate extension pin
 non shock proof

Drive joint rubber W311

Prod.No. 7850 14,57

Drive joint insert made of rubber for the wheel drive shaft Wartburg 311.
 Mounting place gearbox side. New reproduction.

delivery as an single part
 outside diameter: 125mm
 inside diameter: 59mm
 material: rubber, black
 made in Germany
 four pieces will be needed

Exhaust manifold seal

Prod.No. 3011 2,89

Paper seal with dry graphite. It fits to all Wartburg 353, 312, 311 and B-1000 with 3-cylinder two stroke engine.

very good quality of material and with good dimension accuracy
 without metal ring
 inner diameter: 43 mm (1,693 inch)
 three pieces will be needed
 made in Germany (only available by LDM-Tuning)

Exhaust manifold seal with metal ring

Prod.No. 6706 6,82

Paper seal with dry graphite. It fit to all Wartburg 353, 312, 311 and B-1000 with 3-cylinder two stroke engine. Usefull for all tuning engines for example RS 1000, Leutert.

brilliant quality with metall ring
inner diameter: 45 mm
three pieces will be needed
made in Germany

Extensions pin for Dial gauge, 60mm

Prod.No. 7302 3,09

Extension for dial gauge. Fit to all offered gauges

thread: M2,5
diameter: 4mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without seperate extension pin
non shock proof

Ignition distributor cover IFA F9 Framo

Prod.No. 7043 36,00

Ignition distributor cover for the car models IFA F9 und Framo.

Piston ring pliers

Prod.No. 7619 35,42

Piston ring mounting and demounting tool.

With this pliers the changing of the piston rings will be simple and save, because the rins are retained at the outside.

working dimensions: 1-100mm
surface: nickel-plated
with blue plastic handles
made in Germany

safety plate beltwheel (W353/B1000)

Prod.No. 7154 2,97

Locking plate for the two screws, which are necessary to mount the beltwheel at crankshaft.

surface: galvanized
fit to 2-stroke-engines of Wartburg, Barkas B1000
one piece will be needed for each engine

safety plate flywheel (W353/B1000)

Prod.No. 620 9,98

Locking plate for the five screws, which are necessary to mount the flywheel at crankshaft.

surface: galvanized with olive drap colour
fit to 2-stroke-engines of Wartburg 311, 312, 313, 353, Framo Barkas B1000
one piece will be needed for each engine

Seal for flange suction pipe - engine block

Prod.No. 6897 7,50

Paper seal for flange of the inlet manifold of the carburettor type 40 F, Jijkov and 36F. Mounted:

between flange inlet manifold and engine mount
one pieces needed
fit for Wartburg 353, B1000 and Wartburg 312

Seal for flange suction pipe - engine block

Prod.No. 7910 7,50

Paper seal for the vehicles Barkas V901, Wartburg 311, 312, 313 and Robur LO.

Fit to the flange of the inlet manifold of the carburettor type 36 F,H 362-12 und H 362-24. Mounted:

between flange inlet manifold and engine mount
one pieces needed
fit for 900ccm and 1000ccm engines

Sealing (carburettor-flange)

Prod.No. 7124 1,25

Paper sealing between Carburettor suction pipe.

Carburettor type: H 362-24 and Carburettor type: H 362-12

{[high quality from Germany]}

Sealing carburettor-case

Prod.No. 7541 2,34

Paper sealing for the case of the float Carburettor for Wartburg 311 and Framo.

Carburettor type: H 362-24 and Carburettor type: H 362-12

{[high quality made in Germany]}

Self-aligning bearings fan shaft

Prod.No. 7508 34,90

Bearing for the fan shaft thru the cylinder head of the 900 ccm 3-cylinder two stroke engines (old version)

It fit to Wartburg 311, 312 Framo, DKW and motor boats.

made by FAG
both sides with sealings
tow piece will be needed

Spark plug terminal M18

Prod.No. 6644 6,20

fit to old type of spark plugs with thread type M18

Spark plug terminal universal 5 kOhm

Prod.No. 7724 4,57

Best terminal without metalcoat for all versions of sparks.

Good replacment as the old type of spark plugs with thread type M18.

Resistance type suppressor: 5kOhm

producer: NGK

inclusive rubber seal for ignition wire and spark plug.

Special bolt flywheel (W353/B1000)

Prod.No. 6904 6,20

One-off-production of the hexagon screw for mounting the flywheel at the crankshaft.

tap: M8

spanner gap: 13

surface: galvanized

fit to 2-stroke-engines of Wartburg 311, 312, 313, 353, Framo, Barkas B1000

5 pieces will be needed for each engine

V-belt 13x1030

Prod.No. 7505 16,80

V-Belt for the models Wartburg 311, 312 engines and Framo with V-pully without anti-vibration damper (mounting nut

SW46 at the v-pully)

widness: 13mm

length: 1030mm

best qualityy, made in Germany

V-belt 13x1060

Prod.No. 7506 16,80

V-Belt for the models Wartburg 311, 312 engines and Framo with V-pully without anti-vibration damper

(mounting nut SW46 at the v-pully)

widness: 13mm

length: 1060mm

best qualityy, made in Germany

V-pully wheel for crank shaft 1000ccm

Prod.No. 7000 86,67

Modified v-pully wheel for crankshaft for the models Wartburg 311, 312 engines, Framo with V-pully without anti-vibration damper (mounting nut SW46)

scop of delivery inclusive two piston rings, but without outside steel ring
good quality, made in Germany

Please note, we can only exchange you this spare part if you ship 1x V-pully to our company in advance!

IFA-vehicles > Wartburg 311 / 312 / 313 > Shock absorber / axle

Ball joint for track rod 14mm, left hand (cone 16 mm) Germany

Prod.No. 7858 39,02

Ball joint with left turn thread for track rod and with 16mm-cone for Wartburg 311 and 313.

Good replacment part for the original one.

This spare part is produced in Germany in high quality.

Cone: diameter from 14,5mm to 16mm, thread at the cone M12x1,5

thread steering rod side: M14x1,5 LEFT turn, thread length: 60mm

Please note: every tie bare needs one ball joint with right turned thread and one ball joint with left turned thraead!

two pieces will be needed for reach car

made in Germany

Ball joint for track rod 14mm, right hand (cone 16 mm) Germany

Prod.No. 7857 39,02

Ball joint with right turn thread for track rod and with 16mm-cone for Wartburg 311 and 313.

Good replacment part for the original one.

This spare part is produced in Germany in high quality.

Cone: diameter from 14,5mm to 16mm, thread at the cone M12x1,5

thread steering rod side: M14x1,5 RIGHT turn, thread length: 60mm

Please note: every tie bare needs one ball joint with right turned thread and one ball joint with left turned thraead!

two pieces will be needed for reach car

made in Germany

Drive joint rubber W311

Prod.No. 7850 14,57

Drive joint instert made of rubber for the wheel drive shaft Wartburg 311.

Mounting place gearbox side. New reproduction.

delivery as an single part

outside diameter:125mm

inside diameter: 59mm

material: rubbber, black

made in Germany

four pieces will be needed

Radial sealing D62mm for W311/ 313, front axle

Prod.No. 7594 14,70

Rubber sealing for the wheel hub of the front axle.

Please note useable for front axle with outside diamter 62mm

Type like original with metal ring outside.

Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

material: NBR

made in Germany

2 pieces will be needed

Radial sealing D72mm for W311/ 313, front axle

Prod.No. 8052 14,70

Rubber sealing for the wheel hub of the front axle.
Please note useable for front axle with outside diamter 72mm
Type like original with metal ring outside.
Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

material: NBR
made in Germany
2 pieces will be needed

Radial sealing W311/ 313, rear axle

Prod.No. 7215 11,48

Rubber sealing for the wheel hub of the rear axle.
Type like original with metal ring outside.
Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

material: NBR
made in Germany
2 pieces will be needed

Rubber sleeve cushion for shock absorber

Prod.No. 8028 8,70

The bushing is pressed in to the eye of the shock absorber diameter size 30mm.
Fit to Trabant 500,600,601 leaf spring shocks or Wartburg 311/312/353, DDR trailers shocks and so on...

1x length inner sleeve: 32 mm
1x rubber
made in Germany
2 or 4 pieces will be needed

Telescopic shock absorber, W311, front axle

Prod.No. 6575 44,38

Buffer for the Wartburg 311 front axle with leaf spring. Fit to both typs: Limousine and Tourist.

scope of delivery inclusive bushing
made in Germany
2 pieces will be needed

Telescopic shock absorber, W311, rear axle

Prod.No. 6574 44,38

Buffer for the Wartburg 311 rear axle with leaf spring. Fit to both typs: Limousine and Tourist.

scope of delivery inclusive bushing
made in Germany
2 pieces will be needed

Wheel bearing outer side, front axle W311/ 313

Prod.No. 7593 15,49

Ball bearing type: 6306 C2 mounting place at for the inner and out side of front axle.
Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

type: without cover
made in Germany
for each car front axle 4 pieces will be needed

Wheel bearing outer side, rear axle W311/ 313

Prod.No. 7213 11,33

Wheel bearing type: 6205 C2 for the outer side of the rear axle. Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

made in Germany
2 pieces will be needed

Wheel bearing outer side, rear axle W311/ 313

Prod.No. 7214 15,49

Ball bearing type: 6306 C2 mounting place at for the inner side of rear axle.

Fit to Wartburg 311 and 313 typs: Limousine Tourist, Camping, Sport.

type: without cover

made in Germany

for each car rear axle 2 pieces will be needed

IFA-vehicles > Wartburg 311 / 312 / 313 > Gearbox / Shifting

Rubber cap for selector rod of gear change mechanism

Prod.No. 8110 0,99

Protection capfor roller fit to selector rod of steering column gear change mechanism of Wartburg 311, 312, 313.

made of black rubber

for both variants of selector rod (with ball joint made of plastic or steel)

Rubber roller for selector rod of gear change mechanism

Prod.No. 8109 4,77

Rubber roller fit to selector rod of steering column gear change mechanism of Wartburg 311, 312, 313.

made of black rubber

for both variants of selector rod (with ball joint made of plastic or steel)

height: 12 mm

outer diameter: 37 mm

smallest inner diameter of conical hole: 9,5 mm

genuine part IFA

Sleeve for clutch cable

Prod.No. 8108 8,80

Rubber sleeve for clutch cable of Wartburg 311, 312, 313.

length: 90mm

length (short): ca. 55mm

inner diameter big: 12mm

inner diameter small: ca. 6mm

IFA-vehicles > Wartburg 311 / 312 / 313 > Rubber sealings

Profile filler in different colours, 3m

Prod.No. 8136 20,40

Profile filler for the front and rear rubber section without aluminium frame of Wartburg 311,312,313.

rubber section of windscreen, fit to all car body variants: Limousine, Tourist

fit to rubber section rear window of car body variant Limousine

length: 3 meter)

Available in three different colours: black, white and grey (Please choose the wanted colour below!)

Profile filler in different colours, 4m

Prod.No. 8138 27,20

Profile filler for the front and rear rubber section without aluminium frame of Wartburg 311,312,313.

rubber section of windscreen, fit to all car body variants: Limousine, Tourist

fit to rubber section rear window of car body variant Limousine

length: 4 meter)

Available in three different colours: black, white and grey (Please choose the wanted colour below!)

Profile filler silver (chrome effect), 3m Prod.No. 8135 12,15
Profile filler for the front and rear rubber section without aluminium frame of Wartburg 311,312,313.

rubber section of windscreen, fit to all car body variants: Limousine, Tourist
fit to rubber section rear window of car body variant Limousine
length: 3 meter)

Chromed style (colourless plastic with integrated chrome tape)

Profile filler silver (chrome effect), 4m Prod.No. 8137 16,20
Profile filler for the front and rear rubber section without aluminium frame of Wartburg 311,312,313.

rubber section of windscreen, fit to all car body variants: Limousine, Tourist
fit to rubber section rear window of car body variant Limousine
length: 4 meter)

Chromed style (colourless plastic with integrated chrome tape)

Rubber-section inside, front and rear window with frame Prod.No. 7878 27,80
Inner sealing rubber for the front and rear front screen of the Wartburg 311,312 model type Limousine and Wartburg 311,312 and 313 model type Camping or Coupe.
Please note: this rubber only fit to pans with aluminium frame!

colour: black
made in Germany
length: 3,00 Meter
depend on the car type one or two piece will be needed

Rubber-section outside, front and rear window with frame Prod.No. 7842 33,20
Sealing rubber for the front and rear front screen of the Wartburg 311,312 model type Limousine and Wartburg 311,312 and 313 model type Camping or Coupe.
Please note: this rubber only fit to pans with aluminium frame!

colour: black
made in Germany
length: 3,00 Meter
depend on the car type one or two piece will be needed

Rubber-section outside, front and rear window without frame, 3m Prod.No. 8133 42,84
Sealing rubber for the front and rear front screen of the Wartburg 311,312 model type Limousine and Wartburg 311,312 and 313 model type Camping or Coupe.
Please note: this rubber only fit to pans without aluminium frame!
Additional will be an separate profil filler needed.

colour: black
made in Germany
length: 3,00 Meter
depend on the car type one or two piece will be needed
the additional filler is not part of the offer

Rubber-section outside, front and rear window without frame, 4m

Prod.No. 8134 57,12

Sealing rubber for the front and rear front screen of the Wartburg 311,312 model type Limousine and Wartburg 311,312 and 313 model type Camping or Coupe.

Please note: this rubber only fit to pans without aluminium frame!

Additional will be an separate profil filler needed.

colour: black

made in Germany

length: 4,00 Meter

depend on the car type one or two piece will be needed

the additional filler is not part of the offer

Sealing for Headlamp Barkas, W311, W50, Multicar

Prod.No. 7584 8,50

Rubber ring for the headlamp Barkas B1000 and B1000-1, IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black

two pieces will be needed for each car

IFA-vehicles > Multicar M22

Bleeder screw cap

Prod.No. 215 0,35

fit to all offered bleeder screws

Protect the bleeder screw hole from dust and water.

material: rubber

made in Germany

Bleeder screw, M12x1

Prod.No. 6121 4,74

Bleeder screw for many IFA vehicles. Tap M12 x 1 with selaing cone 90 degrees.

Fit to:

Barkas B1000

Barkas B1000-1

Multicar M22

Multicar M24

Multicar M25

Wartburg 311 and 313

Brake master cylinder, 1 circle

Prod.No. 7221 128,17

Complete in Germany overhauled brake master cylinder.

Type: Renak CH

Brake master cylinder, 1 circle for Barkas B1000, Mulicar M22, Mulicar M24, ZT, 3to-Stapler, Warburg 311,312,313, Framo
piston diameter: 25,4mm

Details about the exchange parts:

This spare part we can only deliver in direct exchange.

Please send one overhauled Brake master cylinder two-circle (original IFA production), case type: Renak to our company in advance. After checking the delivered parts for the possibility of overhauling we will send you the prepaid invoice.

Cap for water vessel for windscreen washer system

Prod.No. 7357 4,75

Plastic cap with mounting sprap for the water bottle of the windscreen washer system.
The plug close up the refilling hole.
To use at many reservoir bottles with electrical or mechanical pump.

fit to follow washer systems:

Trabant 601, Trabant 1.1, Wartburg 1.3, Wartburg 353, Multicar, W50 and so on

Clutch cylinder gearbox side

Prod.No. 7527 57,40

Overhauled clutch cylinder for the Multicar M22. Fit to all two stroke models with hydraulic clutch system.
Please note, we can only exchange you this spare part if you ship 1x Cluch cylinder type BH7 to our company in advance!

overhauled in Germany
genuine spare part
one piece will be needed

For more informations to this exchange part please use the Detail button.

compensating tank complete, universal

Prod.No. 7430 41,98

universal useable coolant bottle.
Scope of delivery complete with closure cap and integrated valve and switch for fluid level.
Two connections for the water hoses.
diamter connection down: 15mm
diamter connection on top: 8mm
Brillant replacement for the original spare part. Can be used for tuning and modificatios for example:
Trabant with Wartburg engine or VW engines

Engine sealing kit for Multicar M22

Prod.No. 8076 59,02

Selaing set for Multicar M22

delivery complete with sealing rings and sealing papers
made in EU
one piece will be needed

Fog lamp angular

Prod.No. 7431 32,70

Rectangular fog light as very good replacement for the original lights.
High quality made in Germany.
The sizes agree with the genuine spare parts.
technical details:

voltage: 12V oder 24V, bulb type: H3
dimensions: 160mm x 90mm
scope of delivery without bulb, inclusive mounting parts
the case of the lamp is mad of plastic, black

Can be used for Trabant, Wartburg, B1000 und Multicar.

Headlamp case for Multicar

Prod.No. 7761 19,05

Housing for the headlamp as an single part for Multicar type: M22, M24, M25 with Cunewald engine and M25 with VW engine.
Can be used for front light inserts of 6/12V Bilux and H4.

material: steel
surface: grey, primer
original spare part
two pieces will be needed for each car

Mounting bolt fog lamp - car body

Prod.No. 8033 1,84

Hexagon screw inclusive spring washer and nut for mounting the fog lights at the car body.
Screw set made of stainless steel.
Fit to the round models of the DDR produced fog lamps like at the example picture is shown.

Set is made of stainless steel
1x screw, 1x nut und 1x spring ring
two sets will be needed

Mounting bolt fog lamp - clamp

Prod.No. 8032 1,80

Hexagon screw inclusive spring washer and nut for mounting the fog lights at the adjustment clamp.
Screw set made of stainless steel.
Fit to the round models of the DDR produced fog lamps like at the example picture is shown.

Set is made of stainless steel
1x screw, 1x nut und 1x spring ring
two sets will be needed

Protection bellows for pressure bar input brake master cylinder

Prod.No. 4214 7,50

Protection bellows for the single and tandem brake master cylinders.
fit of vehicles: Framo, B1000, B1000-1, Wartburg 311, 312, 313, 353, Multicar M22, M24, M25.

inner diameter conical end: 15 mm
inner diameter cylindrical end: 37 mm
length: 35 mm - 58 mm

Protection bellows for pressure bar input clutch master cylinder

Prod.No. 7520 3,95

release spring for brake shoes, long

Prod.No. 7197 3,18

long version of release spring for break shoes

release spring for brake shoes, short (M22)

Prod.No. 7198 2,94

short version of release spring for break shoes

Rim for Headlamp for Multicar

Prod.No. 7762 38,50

Front rim chrom plated for the headlamp of the Multicar type: M22, M24, M25 with Cunewald engine and M25 with VW engine.

material: steel
surface: chrom
original spare part
two pieces will be needed for each car

Ring eye D10mm with pipe bend

Prod.No. 7516 3,29

Ring terminal ideal for doing byself to fix fuel hoses.
Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.
Can be used for banjo screws D= 10mm

Eye diameter: 10mm
diameter pipe connection: 6mm
pipe bend: 90 degree
pipe length total: 55mm

Ring eye D10mm, connection 6mm hose

Prod.No. 7537 2,48

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 10mm

Eye diameter: 10mm

diameter pipe connection: 6mm

Ring eye D10mm, connection 8mm hose

Prod.No. 7538 2,48

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 10mm

Eye diameter: 10mm

diameter pipe connection: 8mm

Ring eye D12mm with pipe bend

Prod.No. 7517 3,59

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 12mm

Eye diameter: 12mm

diameter pipe connection: 8mm

pipe bend: 90 degree

pipe length total: 74mm

Ring eye D12mm, connection 6mm hose

Prod.No. 7539 2,49

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 12mm

Eye diameter: 12mm

diameter pipe connection: 6mm

Ring eye D12mm, connection 8mm hose

Prod.No. 7540 2,49

Ring terminal ideal for doing byself to fix fuel hoses.

Best use for many old- and Youngtimers to make fuel pessure pipes or normal pertol connection hoses.

Can be used for banjo screws D= 12mm

Eye diameter: 12mm

diameter pipe connection: 8mm

Ring sleeve, rear axle 25,35mm, original

Prod.No. 7232 14,73

Original ring sleeve set for rear wheel brake cylinder type: CZ5.

Fit to all models of: Multicar M22, Barkas, Wartburg 311, 312, 313 and Wartburg 353 with brake drum system at the front axle.

fit to brake cylinder diameter 25,35mm

Complete set for one wheel brake cylinder: 2x cap sleeve, 2x dust cap

all rubber seals ar mad in Germany

material: break fluid resistant rubber

One set will be needed for each wheel side rear

Sliding piece for rear brake shoe (M22)
Sliding piece for rear brake shoe Multicar M22
two pieces for each wheel side

Prod.No. 7199 18,60

Spare key, copy is made from your key number
Production of an spare key for door, ignition or fuel cap looks and so on...
You have to tell us your key number per email, fax or letter.
Keys for the vehicles: Trabant, Wartburg, W50, Barkas LO, LD Multicar usw.

Prod.No. 1341 15,50

delivery time about one to two weeks
all Trabant keys possible

Starter for Multicar M20/M22

Starter fit to the following cars: Multicar M20, M22 and LO
Also fit to IFA-engine 2KVD8

Prod.No. 7216 179,00

overhauled in Germany
your old starter have to be first shipped to our company for exchange

Universal brake line 6x0,7 *5m*

Zincd and PVC-plated steel brake line.
Scope of delivery 5 meters.

Prod.No. 6039 16,21

The pipe can be bent by hand with normal pressure. For the flange on the end of the tubes it will be necessary to use an professional tube border tool.

outside diameter: 6mm
thickness: 0,7mm
length: 5m
made in Germany

Universal brake line, PVC-coated per 1 m , 6 x 0,7 mm

Brakepipeline 6mm x 0,7mm for Barkas B1000
price per meter.
max. lenght per piece: 5m

Prod.No. 6038 3,55

wheel brake cylinder front axle, left, M22

Complete in Germany overhauled wheel brake cylinder.
Fit to Multicar M22 front axle left hand
Type: RENAK CZ 25
Shipping only after your old brake cylinder with the mark RENAK CZ 25 was send to our company.
Wheel brake cylinder for Wartburg 311 front, brake system drum brake.
scope of delivery:

Prod.No. 7384 41,77

complete with ring sleeves and piston
without bleeder screw
brake-piston D= 27mm
brake line connection with thread M12x1
NOT fit to brake system of Multicar M24
2 pieces will be needed

Please note, we can only exchange you this spare part if you ship 1x wheel brake cylinder with the mark CZ 25 to our company in advance!
For more informations to this exchange part please use the Detail button.

Wheel brake cylinder front axle, right, M22

Prod.No. 7385 41,77

Complete in Germany overhauled wheel brake cylinder.

Fit to Multicar M22 front axle right hand.

Type: RENAK CZ 25

Shipping only after your old brake cylinder with the mark RENAK CZ 25 was send to our company.

Wheel brake cylinder for Wartburg 311 front, brake system drum brake.

scope of delivery:

complete with ring sleeves and piston

without bleeder screw

brake-piston D= 27mm

brake line connection with thread M12x1

NOT fit to brake system of Multicar M24

2 pieces will be needed

Please note, we can only exchange you this spare part if you ship 1x wheel brake cylinder with the mark CZ 25 to our company in advance!

For more informations to this exchange part please use the Detail button.

Wheel brake cylinder, rear (M22)

Prod.No. 7196 39,50

Wheel brake cylinder for the raer axle of Multicar M22

one piece for each wheel side

made in EU

Wheel brake cylinder, rear, M22, original

Prod.No. 7231 35,39

Complete in Germany overhauled rear wheel brake cylinder with ring sleeves, fit to the rear axle of the Multicar M22.

Mark: RENAK BZ

scope of delivery: inclusive ring sleeves and bleeder screw

break piston diameter: 25,35mm

two pieces will be needed

Please note: exchange part !

For more informations to this exchange part please use the Detail button.

IFA-vehicles > Multicar M24

Cap for water vessel for windscreen washer system

Prod.No. 7357 4,75

Plastic cap with mounting sprap for the water bottle of the windscreen washer system.

The plug close up the refilling hole.

To use at many reservoir bottles with electrical or mechanical pump.

fit to follow washer systems:

Trabant 601, Trabant 1.1, Wartburg 1.3, Wartburg 353, Multicar, W50 and so on

compensating tank complete, universal

Prod.No. 7430 41,98

universal useable coolant bottle.

Scope of delivery complete with closure cap and integreated valve and switch for fluid level.

Two connections for the water hoses.

diamter connection down: 15mm

diamter connection on top: 8mm

Brillant replacement for the original spare part. Can be used for tuning and modificatios for example:

Trabant with Wartburg engine or VW engines

Fog lamp angular

Prod.No. 7431 32,70

Rectangular fog light as very good replacement for the original lights.
High quality made in Germany.
The sizes agree with the genuine spare parts.
technical details:

voltage: 12V oder 24V, bulb type: H3
dimensions: 160mm x 90mm
scope of delivery without bulb, inclusive mounting parts
the case of the lamp is mad of plastic, black

Can be used for Trabant, Wartburg, B1000 und Multicar.

Fuel tank plug for Multicar M24 / M25

Prod.No. 7731 19,88

Lockable fuel plug made of steel, polished.
High quality sparepart with ventilation.
Delivery inclusive rubber sealing and two keys.
Made in Germany.

Hose connector 19mm, universal

Prod.No. 7432 2,50

Universal useable plastic connection tube for coolant hoses.
Best use for reparations of damaged hoses or tuning and modifications z.B. Trabant with Wartburg engine or VW engines.
Easy to install, just push the two ends of the hoses at tube and fix it with two clamps.
technical details:

diameter: 19mm
lenght of the connection side: 32mm
legth total: 75mm
material: plastic, temperatur and oel restistant, whithe

LED Headlamp insert

Prod.No. 8132 249,00

LED Headlight as an complete unit.
Fit to Trabant, Trabant 1.1, Baraks B1000, Barkas B1000-1, W50, Multicar, MZ motorbikes.

scope of delivery: inclusive LEDs
price per piece
electrical power: 12V

Metal holder for water bottle

Prod.No. 7442 3,50

Metal retainer for the windscreen water bottles 1,5 liter of the Trabant, Muticar, B1000 and 2,5 liter of the Wartburg models.

original spare part
material: steel, surface galvaniced
one piece will be needed

Mounting bolt fog lamp - car body

Prod.No. 8033 1,84

Hexagon screw inclusive spring washer and nut for mounting the fog lights at the car body.
Screw set made of stainless steel.
Fit to the round models of the DDR produced fog lamps like at the example picture is shown.

Set is made of stainless steel
1x screw, 1x nut und 1x spring ring
two sets will be needed

Mounting bolt fog lamp - clamp

Prod.No. 8032 1,80

Hexagon screw inclusive spring washer and nut for mounting the fog lights at the adjustment clamp.
Screw set made of stainless steel.
Fit to the round models of the DDR produced fog lamps like at the example picture is shown.

Set is made of stainless steel
1x screw, 1x nut und 1x spring ring
two sets will be needed

Protection cap for starter lite (plastic)

Prod.No. 786 2,28

Sealing cap to protect the starter wire (plus) against dust and moisture.
Fit to the vehicles: P70, Trabant, Wartburg, Multicar, Framo and Barkas.

made in Germany
one piece will be needed

Rubber plug for fog lamp

Prod.No. 8031 0,90

Rubber seal for the connection wire of the front fog lights.
Fit to the round models of the DDR produced fog lamps like at the example picture is shown.

delivery as an single part
material: rubber, black

Rubber sealing cap for front direction indicator lamp (P50/P60/B1000/Multicar)

7250 9,33

New produced sealing cap fit to old front flasher lights of Trabant 500 and 600 (P50/60), Barkas B1000 and Multicar truck and fit to Wartburg 311,312,313 and Framo, and fit to the side lights of the camp trailer INTERCAMP.

Sealing for Headlamp Barkas, W311, W50, Multicar

Prod.No. 7584 8,50

Rubber ring for the headlamp Barkas B1000 and B1000-1,
IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black
two pieces will be needed for each car

Spare key, copy is made from yor key number

Prod.No. 1341 15,50

Production of an spare key for door, ignition or fuel cap looks and so on...
You have to tell us your key number per email, fax or letter.
Keys for the vehicles: Trabant, Wartburg, W50, Barkas LO, LD Multicar usw.

delivery time about one to two weeks
all Trabant keys possible

Starter for Multicar M24

Prod.No. 7217 179,00

Starter fit to the following cars: Multicar M24
Also fit to IFA-engine 4KVD8,8/8,5

overhauled in Germany
your old starter have to be first shipped to our company for exchange

Wiper arm for M24/25

Prod.No. 8007 18,03

Wiper arm as a single part fit to the Multicar type M24 and M25.
Delivery without mounting parts.

Wiper blade set for M24/25

Wiper blade kit (two pieces) fit to the Multicar type M24 and M25.
New reproduction in best quality.
Delivery without mounting parts.

Prod.No. 8018 29,08

Wiper linkage for M25

Wiper linkage fit to the Multicar type M25.
Delivery inclusive mounting plate.
original spare part.

Prod.No. 8003 37,79

IFA-vehicles > Multicar M24 > Axle

IFA-vehicles > Multicar M24 > Brake system

Bleeder screw cap

fit to all offered bleeder screws
Protect the bleeder screw hole from dust and water.

Prod.No. 215 0,35

material: rubber
made in Germany

Brake hose front axle for Multicar

Wheel brake hose for the front brake system of the Multicar type M22, M24, M25 (not useable for M25 4WD).

Prod.No. 7518 9,48

Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total lenght: 51cm
thread: 1x M12 x 1,5 core thread
1x M12 x 1,5 male thread
delivery as an single part
made in EU
for one vehicle two pieces will be needed

Brake hose front axle for Multicar 4WD

Wheel brake hose for the front brake system of the Multicar type M24, M25 four wheel drive.

Prod.No. 8083 12,50

Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total lenght: 51cm
thread: 2x M12 x 1,5 core thread (female)
delivery as an single part
made in EU
for one vehicle two pieces will be needed

Brake hose rear, fit to Multicar

Wheel brake hose for the rear brake system of the Multicar type M22, M24, M25.

Prod.No. 7641 9,62

Connection hose between the brake pipe and the wheel brake cylinder rear axle.

total lenght: 51cm
thread: M12x1, both ends as male type
delivery as an single part
made in EU
for one vehicle two pieces will be needed

Brake master cylinder, 1 circle

Prod.No. 7221 128,17

Complete in Germany overhauled brake master cylinder.

Type: Renak CH

Brake master cylinder, 1 circle for Barkas B1000, Mulicar M22, Mulicar M24, ZT, 3to-Stapler, Warburg 311,312,313, Framo
piston diameter: 25,4mm

Details about the exchange parts:

This spare part we can only deliver in direct exchange.

Please send one overhaulable Brake master cylinder two-circle (original IFA production), case type: Renak to our company in advance. After checking the delivered parts for the possibility of overhauling we will send you the prepaid invoice.

Brake shoe set front axle for M24

Prod.No. 8086 48,60

One kit of brake shoes fit to the front brake system of Multicar M24.

Set consists of:

4 pieces of brake shoes
one set will be needed
made in EU

Distributor for brake lines M24, M25

Prod.No. 7274 7,73

Terminal block for the brake fluid with three ports to connect the brake tubes or brake pipes. Fit to the cars Mulicar M24 and M25.

material: brass
thread : M12 X 1
mounting-diameter: 8,4 mm

Holder for brake hose

Prod.No. 6037 9,77

Brake hose retainer for Multicar M22, M24, M25

to put into the circumferential slot of the brake hose fitting
slot wide: 14 mm
thickness: 1,75 mm

pipe-connector

Prod.No. 7275 3,61

Brake tube merger for the connection of two brake tubes with flange type E and thread M12x1mm

material: steel, galvanized
thread: M12 X 1
length: 29mm
made in Germany

Protection bellows for pressure bar input brake master cylinder

Prod.No. 4214 7,50

Protection bellows for the single and tandem brake master cylinders.

fit of vehicles: Framo, B1000, B1000-1, Wartburg 311, 312, 313, 353, Multicar M22, M24, M25.

inner diameter conical end: 15 mm
inner diameter cylindrical end: 37 mm
length: 35 mm - 58 mm

Screw-cap for brakeline 6 x 0,7

Prod.No. 7276 1,25

Screw-cap for brakeline 6mm x 0,7mm. The screws can be mounted at steel or nickel-copper brake lines.

Please count how much pieces you need total.

Fit to Barkas B1000, Multicar M22, M24, M25 and all vehicles with 6mm brake line.

border: type E
 thread: M12x1
 material: steel, galvanized
 made in Germany

Sleeve set for brake master cylinder (1-circuit) Ø 25,4mm = 1

Prod.No. 7176 19,50

Two sealing rings for the wheel brake cylinders built in front brake of Wartburg 311.

for diameter of piston: 25,4 mm
 scope of delivery: two piece of ring sleeve
 one piece is needed for each wheel brake cylinder
 first-class quality made in Germany

Universal brake line 6x0,7 *5m*

Prod.No. 6039 16,21

Zinc and PVC-plated steel brake line.

Scope of delivery 5 meters.

The pipe can be bent by hand with normal pressure. For the flange on the end of the tubes it will be necessary to use an professional tube border tool.

outside diameter: 6mm
 thickness: 0,7mm
 length: 5m
 made in Germany

Universal brake line, CUNIFER 5m, 6mm

Prod.No. 7398 42,99

Brakepipeline 6 x 0,7 mm

made of NiCuFe

length: 5m

for B1000, B1000-1, Mulicar M22, M24, M26, Framo, Warburg 311 and 313

Universal brake line, PVC-coated per 1 m , 6 x 0,7 mm

Prod.No. 6038 3,55

Brakepipeline 6mm x 0,7mm for Barkas B1000

price per meter.

max. length per piece: 5m

IFA-vehicles > Multicar M24 > Electrical system

Fuse box eighth fold

Prod.No. 8036 18,24

Fuse box inclusive 8 fuses. Wire connection with mounting screws.

Type with 8 single places for fuses.

Cover made of clear glass plastic.

Useable for IFA cars and many Old- and Youngtimers.

Fuse box sixfold

Prod.No. 8035 19,54

Fuse box inclusive 6 fuses. Wire connection with mounting screws.

Type with 6 single places for fuses.

Cover made of clear glass plastic.

Useable for IFA cars and many Old- and Youngtimers.

Headlamp case for Multicar

Prod.No. 7761 19,05

Housing for the headlamp as an single part for Multicar type: M22, M24, M25 with Cunewald engine and M25 with VW engine.
Can be used for front light inserts of 6/12V Bilux and H4.

material: steel
surface: grey, primer
original spare part
two pieces will be needed for each car

Indicator lamp complete, front

Prod.No. 7763 19,78

Complete flasher light for Multicar M22, M24, M25.
Set consist of the following parts:

flasher lense
base plate with bulb holder
sealing for indicator lamp

Interior light for Multicar 1x5W

Prod.No. 7766 12,50

Interior lamp for mounting of one tubular bulb 5W.
Useabe for 6V and 12V electrical systems.
Fit to Multicar: M22, M24, M25.
Original spare part.
Delivery without bulbs.

Interior light for Multicar 2x5W

Prod.No. 7764 12,50

Interior lamp for mounting of two tubular bulb 5W.
Useabe for 6V and 12V electrical systems.
Fit to Multicar: M22, M24, M25.
Original spare part.
Delivery without bulbs.

LED Headlamp insert

Prod.No. 8132 249,00

LED Headlight as an complete unit.
Fit to Trabant, Trabant 1.1, Baraks B1000, Barkas B1000-1, W50, Multicar, MZ motorbikes.

scope of delivery: inclusive LEDs
price per piece
electrical power: 12V

Lense for Interior light

Prod.No. 7765 5,50

Glass for both types of the Interior lamp.
Useabe for 6V and 12V electrical systems.
Fit to Multicar: M22, M24, M25.
Original spare part.
Delivery as an single part.

Rim for Headlamp for Multicar

Prod.No. 7762 38,50

Front rim chrom plated for the headlamp of the Multicar type: M22, M24, M25 with Cunewald engine and M25 with VW engine.

material: steel
surface: chrom
original spare part
two pieces will be needed for each car

Rubber sealing cap for front direction indicator lamp (P50/P60/B1000/Multicar) 7250 9,33
 New produced sealing cap fit to old front flasher lights of Trabant 500 and 600 (P50/60), Barkas B1000 and Multicar truck and fit to Wartburg 311,312,313 and Framo, and fit to the side lights of the camp trailer INTERCAMP.

Sealing for Headlamp Barkas, W311, W50, Multicar Prod.No. 7584 8,50
 Rubber ring for the headlamp Barkas B1000 and B1000-1, IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black
 two pieces will be needed for each car

IFA-vehicles > Multicar M24 > Car body

Wiper arm for M24/25 Prod.No. 8007 18,03
 Wiper arm as a single part fit to the Multicar type M24 and M25.
 Delivery without mounting parts.

Wiper blade set for M24/25 Prod.No. 8018 29,08
 Wiper blade kit (two pieces) fit to the Multicar type M24 and M25.
 New reproduction in best quality.
 Delivery without mounting parts.

IFA-vehicles > Multicar M24 > Engine - Gear box

IFA-vehicles > Multicar M25

Brake hose front axle for Multicar Prod.No. 7518 9,48
 Wheel brake hose for the front brake system of the Multicar type M22, M24, M25 (not useable for M25 4WD).
 Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total lenght: 51cm
 thread: 1x M12 x 1,5 core thread
 1x M12 x 1,5 male thread
 delivery as an single part
 made in EU
 for one vehicle two pieces will be needed

Brake hose front axle for Multicar 4WD Prod.No. 8083 12,50
 Wheel brake hose for the front brake system of the Multicar type M24, M25 four wheel drive.
 Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total lenght: 51cm
 thread: 2x M12 x 1,5 core thread (female)
 delivery as an single part
 made in EU
 for one vehicle two pieces will be needed

Brake hose rear, fit to Multicar

Prod.No. 7641 9,62

Wheel brake hose for the rear brake system of the Multicar type M22, M24, M25.
Connection hose between the brake pipe and the wheel brake cylinder rear axle.

total length: 51cm
thread: M12x1, both ends as male type
delivery as an single part
made in EU
for one vehicle two pieces will be needed

Brake line front, fit to Multicar M25 4WD

Prod.No. 7814 9,52

Brake pipe made of NiCu form the front wheel brake cylinder to the brake hose.
Can be used for the front wheel brake system of the Multicar type M25wit VW engine and four wheel drive.

delivery complete with nuts M12x1
made in Germany
for one vehicle four pieces will be needed

Brake shoe set for Multicar M25

Prod.No. 7096 32,22

The brake shoes kit fit to the frontaxle and to the rear axle of the Multicar type M25 without 4 wheel drive.
Set consist of:

4 pieces of breake shoe with long lining
made in EU
for each axle, one set will be needed

Brake shoe set front axle Multicar M25 4WD

Prod.No. 7800 182,39

The brake shoes are complete overhauled in Germany
Fit to the front axleof the Multicar type M25 with 4 wheel drive.
Set consist of:

4 pieces of breake shoe with long lining
made in Germany

Please note: the old breake shoes have to be shiped to our compaly in advance.

Cap for water vessel for windscreen washer system

Prod.No. 7357 4,75

Plastic cap with mounting sprap for the water bottle of the windscreen washer system.
The plug close up the refilling hole.
To use at many reservoir bottles with electrical or mechanical pump.

fit to follow washer systems:
Trabant 601, Trabant 1.1, Wartburg 1.3, Wartburg 353, Multicar, W50 and so on

compensating tank complete, universal

Prod.No. 7430 41,98

universal useable coolant bottle.
Scope of delivery complete with closure cap and integreated valve and switch for fluid level.
Two connections for the water hoses.
diamter connection down: 15mm
diamter connection on top: 8mm
Brillant replacement for the original spare part. Can be used for tuning and modificatios for example:
Trabant with Wartburg engine or VW engines

Fuel pump for Multicar M25

Mechanical fuel pump for the engine of the Multicar type M25.

Prod.No. 7679 83,04

delivery as an complete unit, inclusive connection screws
made in EU
one piece will be needed

Fuel tank plug for Multicar M24 / M25

Lockable fuel plug made of steel, polished.
High quality sparepart with ventilation.
Delivery inclusive rubber sealing and two keys.
Made in Germany.

Prod.No. 7731 19,88

Hose connector 19mm, universal

Universal useable plastic connection tube for coolant hoses.
Best use for reparations of damaged hoses or tuning and modifications z.B. Trabant with Wartburg engine or VW engines.
Easy to install, just push the two ends of the hoses at tube and fix it with two clamps.
technical details:

Prod.No. 7432 2,50

diameter: 19mm
lenght of the connection side: 32mm
legth total: 75mm
material: plastic, temperatur and oel restistant, whithe

LED Headlamp insert

LED Headlight as an complete unit.
Fit to Trabant, Trabant 1.1, Baraks B1000, Barkas B1000-1, W50, Multicar, MZ motorbikes.

Prod.No. 8132 249,00

scope of delivery: inclusive LEDs
price per piece
electrical power: 12V

plate glass for rear-view mirror

plate glass for the outer rear-view mirrors of Barkas B1000 and Multicar M25

Prod.No. 6627 15,65

domed mirror glass
height: 240 mm (highest extent)
width: 156 mm (wides extent)
symmetrical outlines (no conical outlines)

Please check the dimension of your mirror, because differnt types of mirrors were mounted in the past.

Protection cap for starter lite (plastic)

Sealing cap to protect the starter wire (plus) against dust and moisture.
Fit to the vehicles: P70, Trabant, Wartburg, Multicar, Framo and Barkas.

Prod.No. 786 2,28

made in Germany
one piece will be needed

Rubber sealing cap for front direction indicator lamp (P50/P60/B1000/Multicar) 7250 9,33
 New produced sealing cap fit to old front flasher lights of Trabant 500 and 600 (P50/60), Barkas B1000 and Multicar truck and fit to Wartburg 311,312,313 and Framo, and fit to the side lights of the camp trailer INTERCAMP.

Sealing for Headlamp Barkas, W311, W50, Multicar Prod.No. 7584 8,50
 Rubber ring for the headlamp Barkas B1000 and B1000-1, IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black
 two pieces will be needed for each car

Spare key, copy is made from yor key number Prod.No. 1341 15,50
 Production of an spare key for door, ignition or fuel cap looks and so on...
 You have to tell us your key number per email, fax or letter.
 Keys for the vehicles: Trabant, Wartburg, W50, Barkas LO, LD Multicar usw.

delivery time about one to two weeks
 all Trabant keys possible

Starter for Multicar M25

Prod.No. 7218 195,00

Starter fit to the following cars: Multicar M25

power: 2,2kW (3,0 hp)
 overhauled in Germany
 your old starter have to be first shipped to our company for exchange

Wheel brake cylinder front, fit to Multicar M25 Prod.No. 7585 36,81
 Brake cylinder can be used for the front wheel brake system of the Multicar type M25.
 The wheel brake cylinders fit to the brakes of the right and left front axle.

delivery as an single part inclusive bleeder screw
 made in EU
 for one vehicle four pieces will be needed

Wheel brake cylinder front, fit to Multicar M25, overhauled Prod.No. 7773 36,06
 In germany refreshed brake cylinder can be used for the front wheel brake system of the Multicar type M25.
 The wheel brake cylinders fit to the brakes of the right and left front axle.

delivery as an single part inclusive bleeder screw
 overhauled in Germany
 for one vehicle four pieces will be needed

Wheel brake cylinder rear, fit to Multicar M25 Prod.No. 7586 32,08
 Reproduced brake cylinder can be used for the rear wheel brake system of the Multicar type M25.
 The wheel brake cylinders fit to the brakes of the right and left rear axle.

delivery as an single part
 made in EU
 for one vehicle four pieces will be needed

Wiper arm for M24/25 Prod.No. 8007 18,03
 Wiper arm as a single part fit to the Multicar type M24 and M25.
 Delivery without mounting parts.

Wiper blade set for M24/25

Wiper blade kit (two pieces) fit to the Multicar type M24 and M25.
New reproduction in best quality.
Delivery without mounting parts.

Prod.No. 8018 29,08

IFA-vehicles > Multicar M25 > Axle

Telescopic shock absorber front axle *M25* eye-eye

Telescopic shock absorber for the front axle of the Multicar M25.
Type of model with eye and eye.
scope of delivery:

Prod.No. 7670 76,89

complete inclusive bushing
Made in Germany

Telescopic shock absorber front axle *M25* eye-pin

Telescopic shock absorber for the front axle of the Multicar M25.
Type of model year 91 with eye and pin.
scope of delivery:

Prod.No. 7268 76,89

complete inclusive bushing
Made in Germany

IFA-vehicles > Multicar M25 > Brake system

Bleeder screw for frontwheel brake cylinder

Bleeder screw for the front brake cylinders of the truck Multicar M25.

Prod.No. 7775 3,52

thread: M8x1,25
spanner gap: SW9
total length: 49 mm
thread length: 15 mm
length of the spanner gap: 7,6 mm
one piece will be needed for each wheel brake cylinder

Bleeder screw for rear wheel brake cylinder

Bleeder screw for the rear brake cylinders of the truck Multicar M25.

Prod.No. 8054 3,95

thread: M10x1
spanner gap: SW11
total length: 35,5 mm
thread length: 12 mm
length of the spanner gap: 5,3 mm
one piece will be needed for each wheel brake cylinder

Brake drum for Multicar M25

Brake drum as an single part fit to the front wheel and rear wheel brakes for Multicar type M25.

Prod.No. 7881 64,26

delivery as an single part
four pieces will be needed
made in EU

Brake hose front axle for Multicar

Prod.No. 7518 9,48

Wheel brake hose for the front brake system of the Multicar type M22, M24, M25 (not useable for M25 4WD).

Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total length: 51cm
 thread: 1x M12 x 1,5 core thread
 1x M12 x 1,5 male thread
 delivery as an single part
 made in EU
 for one vehicle two pieces will be needed

Brake hose front axle for Multicar 4WD

Prod.No. 8083 12,50

Wheel brake hose for the front brake system of the Multicar type M24, M25 four wheel drive.

Connection hose between the brake pipe and the wheel brake cylinder front right or left axle side.

total length: 51cm
 thread: 2x M12 x 1,5 core thread (female)
 delivery as an single part
 made in EU
 for one vehicle two pieces will be needed

Brake hose rear, fit to Multicar

Prod.No. 7641 9,62

Wheel brake hose for the rear brake system of the Multicar type M22, M24, M25.

Connection hose between the brake pipe and the wheel brake cylinder rear axle.

total length: 51cm
 thread: M12x1, both ends as male type
 delivery as an single part
 made in EU
 for one vehicle two pieces will be needed

Dual brake master cylinder for Multicar M24, M25, 2t-trailer

Prod.No. 7633 122,81

This tandem brake master cylinder is complete overhauled in Germany.

Used at the mini truck Multicar M25 and some types of M24 and 2t-trailer fit to Multicar.

exchange part
 refreshed in Germany
 one piece will be needed

Holder for brake hose

Prod.No. 6037 9,77

Brake hose retainer for Multicar M22, M24, M25

to put into the circumferential slot of the brake hose fitting
 slot wide: 14 mm
 thickness: 1,75 mm

Protection bellows for pressure bar input brake master cylinder

Prod.No. 4214 7,50

Protection bellows for the single and tandem brake master cylinders.

fit of vehicles: Framo, B1000, B1000-1, Wartburg 311, 312, 313, 353, Multicar M22, M24, M25.

inner diameter conical end: 15 mm
 inner diameter cylindrical end: 37 mm
 length: 35 mm - 58 mm

Ring sleeve, for wheel brake cylinder, front, original

Prod.No. 7768 18,50

Sealing kit for repairing of the original IFA-BHL front wheel brake cylinder of the Multicar M25.

Best quality made in Germany.

The set included 2 pieces of ring sealings and two pieces of O-sealings.

Total four sets will be needed

made in Germany

fit for all types of M25: Cunewald engine, VW engine and four wheel drive

The ring sleeve should only be changed, if inner surface of cylinder is okay.

Otherwise the complete wheel brake cylinder should be changed.

Screw-cap for brakeline 6 x 0,7

Prod.No. 7276 1,25

Screw-cap for brakeline 6mm x 0,7mm. The screws can be mounted at steel or nickel-copper brake lines.

Please count how much pieces you need total.

Fit to Barkas B1000, Multicar M22, M24, M25 and all vehicles with 6mm brake line.

border: type E

thread: M12x1

material: steel, galvanized

made in Germany

Sleeve kit dual brake master cylinder Ø 28mm (1,1?) , original, M25 Prod.No. 7236 19,50

Sleeve set to repair the dual brake master cylinder used in mini truck Multicar M25 and 2t-trailer fit to Multicar.

complete set with:

4x sealing rings with outer lip

2x flat rubber valves

2x conical rubber valves

4x copper sealing rings

made in Germany

one set will be needed

Sleeve set dual brake master cylinder Ø 25,4mm (1?) , original, M25 Prod.No. 7187 19,50

Sleeve set dual brake master cylinder, Multicar M25

complete set

made in Germany

one set will be needed

Sleeve set dual brake master cylinder, complete, M25 Ø 25,4mm Prod.No. 7186 12,40

Sleeve set dual brake master cylinder, Multicar M25

complete set

made in EU

one set will be needed

Sleeve set for brake master cylinder (1-circuit) Ø 25,4mm = 1 Prod.No. 7176 19,50

Two sealing rings for the wheel brake cylinders built in front brake of Wartburg 311.

for diameter of piston: 25,4 mm

scope of delivery: two piece of ring sleeve

one piece is needed for each wheel brake cylinder

first-class quality made in Germany

Universal brake line 6x0,7 *5m*

Prod.No. 6039 16,21

Zinced and PVC-plated steel brake line.

Scope of delivery 5 meters.

The pipe can be bent by hand with normal pressure. For the flange on the end of the tubes it will be necessary to use an professional tube border tool.

outside diameter: 6mm

thickness: 0,7mm

length: 5m

made in Germany

Universal brake line, CUNIFER 5m, 6mm

Prod.No. 7398 42,99

Brakepipeline 6 x 0,7 mm

made of NiCuFe

length: 5m

for B1000, B1000-1, Mulicar M22, M24, M26, Framo, Warburg 311 and 313

IFA-vehicles > Multicar M25 > Electrical system

LED Headlamp insert

Prod.No. 8132 249,00

LED Headlight as an complete unit.

Fit to Trabant, Trabant 1.1, Baraks B1000, Barkas B1000-1, W50, Multicar, MZ motorbikes.

scope of delivery: inclusive LEDs

price per piece

electrical power: 12V

Sealing for Headlamp Barkas, W311, W50, Multicar

Prod.No. 7584 8,50

Rubber ring for the headlamp Barkas B1000 and B1000-1, IFA vehicles Wartburg 311, Wartburg 312, W50 and Multicar M24/M25

material: rubber, black

two pieces will be needed for each car

Sealing for Headlamp for Multicar

Prod.No. 7759 8,50

Rubber ring for the headlamp of the Multicar typs: M22, M24, M25 with Cunewald engine and M25 with VW engine.

material: rubber, black

two pieces will be needed for each car

IFA-vehicles > Multicar M25 > Car body

Door sealing for Multicar M25

Prod.No. 7767 27,16

Rubber seals for the doors of the Multicar M25 type with VW engine.

The delivery included one piece of 4 meter lenght (for one door).

priece per piece (door)

material: rubber, black

two pieces will be need

IFA-vehicles > Multicar M25 > Engine - Gear box

Oelfilter for M24 and M25

Prod.No. 8009 9,80

Oel filter fit to all Multicar type M24 and M25 (with Cunewlad engine)

incl. sealing ring
made in Germany
one piece will be needed
outside diameter: 93mm
thread: 3/4-16 UNF
length: 95mm

Petrol filter insert for M24 and M25

Prod.No. 8008 8,02

Fuel filter fit to all Multicar type M24 and M25 (with Cunewlad engine)

incl. sealing rings
made in Germany
one piece will be needed

Thermostat

Prod.No. 7192 11,87

Cooling water heat governor fit to all Multicar type M25

incl. sealing ring
Thermostat opens by 82°C
one piece will be needed

Bulbs

Bulbs > 12Volt

Bulb 12V / 15W (white)

Prod.No. 6439 1,22

bulb for flasher stop tail lamp and flashing indicator lamp of veteran cars

for voltage of 12V
power consumption: 15W
base typ: BA 15s

Bulb () 12V / 21W (orange)

Prod.No. 131 2,48

Light bulb with yellow coloured glass. Can be used for many vehicles.
Mostly use as flasher stop tail lamp and flashing indicator lamp (clear class indicator lenses)

technical data:

for voltage of 12V
power: 21W
colour: orange
base of lamp: BA 15s

Bulb (flasher stop tail lamp and flashing indicator lamp) 12V / 21W (white.)

130 1,12

Light bulb with clear glass. Can be used for many vehicles.
Mostly use as flasher stop tail lamp and flashing indicator lamp.

technical data:

for voltage of 12V
power: 21W
colour: white
base of lamp: BA 15s

Bulb (tubular lamp) 12V 10W, 11x35

Prod.No. 7404 1,13

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 10 Watt
colour: colourless (clear/withe)
base type: SV8,5-8
length total: 37mm
length of cylindrical glass (without metall caps): 19mm
diameter of the glass cylinder: 11mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb (tubular lamp) 12V 10W, 11x41

Prod.No. 7487 1,13

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 10 Watt
colour: colourless (clear/withe)
base type: SV8,5-8
length total: 43mm
length of cylindrical glass (without metall caps): 26mm
diameter of the glass cylinder: 11mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb (tubular lamp) 12V 15W

Prod.No. 7903 2,38

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 15 Watt
colour: colourless (clear/withe)
base type: SV8,5-8
length total: mm
length of cylindrical glass (without metall caps): mm
diameter of the glass cylinder: mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb (tubular lamp) 12V 18W

Prod.No. 7405 1,67

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 18 Watt
colour: colourless (clear/withe)
base type: SV8,5-8

 length of cylindrical glass (without metall caps): mm
 diameter of the glass cylinder: mm
 diameter of metall end cap: ca. 8,5mm
 single filamentsbulb

Bulb 12 V / 1,2W

Prod.No. 144 1,98

Very small (mini) bulb with glass base used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer lights e.c.

voltage: 12W
 power: 1,2 Watt
 colour: colourless (clear/withe)
 base type: W2 x 4,6D
 length total: 17 mm ? 19mm
 diameter: 4,8mm
 single filamentsbulb

Bulb 12V / 2W BA7s

Prod.No. 151 1,04

Bulb used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light e.c.

single filaments: 2W
 bas type: BA 7s
 voltage: 12V

Bulb 12V / 2W BA9s

Prod.No. 147 1,04

Bulb used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light, parking lights e.c.

single filaments: 2W
 base type: BA 9s
 voltage: 12V

Bulb H1 12V / 55W (high beam)

Prod.No. 155 4,75

Bulb H1 12V / 100W (high beam)

Prod.No. 156 7,92

Made in Germany

without advisory opinion

Bulb H1 12V / 55W Xenon blue

Prod.No. 161 9,28

Bulb H3 12V / 100W for fog lamp

Made in Germany

without advisory opinion

Prod.No. 158 3,50

Bulb H3 12V / 55W for fog lamp

Prod.No. 157 5,09

Bulb H3 12V / 55W Xenon blue

Prod.No. 162 9,28

Bulb H4 12V 60/55W

Prod.No. 145 3,99

Halogen bulb with two integrated filaments.

Can be used at many vehicles as insert for the head lights combined for dipped headlights and high beam.

technical data:

voltage: 12V

power: 60W und 55W

colour: colourless (clear/withe)

base type: P43t (Standard-Sockel für H4-Lampen)

Bulb H4 12V 100/80W

Prod.No. 146 7,98

Bulb H4 12V / 60W Xenon blue

Prod.No. 160 9,44

Spezial bulb with blue glass cylinder to projected an Xenon lightning effect.

With two integrated filaments.

Can be used at many vehicles as insert for the head lights combined for dipped headlights and high beam.

technical data:

voltage: 12V

power: 60W und 55W

colour: Xenon blue

base type: P43t (Standard-Sockel für H4-Lampen)

Bulb R2 12V 45/40W

Prod.No. 150 3,89

Bilux bulb with two integrated filaments.

Can be used at many vehicles as insert for the head lights combined for dipped headlights and high beam.

To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V

power: 60W und 55W

total lengtht: 74mm

diameter socketring: 45mm

max. diameter of the galss ball : 40mm

colour: colourless (clear/withe)

base type: P43t

Bulb red, (tubular lamp) 12V 5W

Prod.No. 136 2,20

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 5 Watt
colour: red
base type: SV8,5-8
length total: 36...37mm
length of cylindrical glass (without metall caps): 19mm
diameter of the glass cylinder: 11mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb red, 12V / 21W

Prod.No. 132 2,48

Light bulb with red coloured glass. Can be used for many vehicles.
Mostly use as stop lamp or fog tail lights.
fit to most vehicle types (all with base of lamp: BA 15s).

for voltage of 12V
21W
colour: red

Bulb with socket 12 V / 1,2W

Prod.No. 6402 2,98

Bulb with glass base and inclusive socket used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer lights e.c.

voltage: 12W
power: 1,2 Watt
colour: colourless (clear/withe)
base type: W2 x 4,6D
length total: 17 mm ? 19mm
diameter: 4,8mm
single filamentsbulb inclusive socket base holder

Flashing indicator bulb 12V 21W (white)

Prod.No. 72 1,59

Longish bulb with one integrated filaments.
Can be used at many vehicles as insert of the flashing indicator lamps with orange-colored lenses.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 21 Watt
colour: colourless (clear/withe)
base type: SV8,5-8
length total: 43...45mm
length of cylindrical glass (without metall caps): 26mm
diameter of the glass cylinder: 14mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Flashing indicator bulb, orange 12V 21W

Prod.No. 73 2,08

Longish bulb with one integrated filaments.

Can be used at many vehicles as insert of the flashing indicator lamps with orange-colored lenses.
To be the ideal thing for a lot of Young- and Oldtimers.

technical data:

voltage: 12V
power: 21 Watt
colour: orange (yellow)
base type: SV8,5-8
length total: 43...45mm
length of cylindrical glass (without metall caps): 26mm
diameter of the glass cylinder: 14mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Lamp spare kit H4 / 12V

Prod.No. 7057 8,55

Spare kit with different bulbs fit to voltage of 12V
content:

1x H4-lamp 60/55W with base P43t
2x spherical lamps 21W white with base Ba15s
1x tubular lamp 21W (C21W) with base SV 8,5
1x tubular lamp 5W (C5W) with base SV 8,5
1x bulb 4W (T4W) with base BA 9s
1x bulb for speedometer 2W with base BA 7s
1x Torpedo-fuse 8A
1x Torpedo-fuse 16A

Lamp spare kit R2 / 12V

Prod.No. 6623 14,68

Spare kit with different bulbs fit to voltage of 12V
content:

1x R2-lamp 45/40W with base P45t
2x spherical lamps 21W white with base Ba15s
1x tubular lamp 21W (C21W) with base SV 8,5
1x tubular lamp 5W (C5W) with base SV 8,5
1x bulb 4W (T4W) with base BA 9s
1x bulb for speedometer 2W with base BA 7s
1x Torpedo-fuse 8A
1x Torpedo-fuse 16A

Ligth bulb (double function) 12V 5W/ 21W

Prod.No. 6922 0,98

Light bulb with two integeated filaments.

Fit to new type of rear lamp with double function (brake light and rear light)

Technical data:

voltage: 12V
power: 5W hot-wire (for rear light) and 21W hot-wire (for brake light)
colour: colourless (clear/withe)
socket type: BAY15d
ECE-notation: P21/5W
length total: 47mm
diameter socket: 15mm
max. diameter glas bulb: 25mm

Ligth bulb (double function) RED 12V 5W/ 21W

Prod.No. 6923 3,74

Light bulb red with two integeated filaments.

Fit to new type of rear lamp with double function (brake light and rear light) in connection with clear rear light lenses.

Technical data:

voltage: 12V

power: 5W hot-wire (for rear light) and 21W hot-wire (for brake light)

colour: colourless (clear/withe)

socket type: BAY15d

ECE-notation: P21/5W

length total: 47mm

diameter socket: 15mm

max. diameter glas bulb: 25mm

X-treme Bulb H4 12V 60/55W

Prod.No. 7401 24,72

High power halogen bulb with two integrated filaments.

Can be used at many vehicles as insert for the head lights combined for dipped headlights and high beam.

The edge of the high power H4 is 80% more light against standart H4 by the same power rate.

technical data:

voltage: 12V

power: 60W und 55W

colour: colourless (clear/withe)

base type: P43t (Standard-Sockel für H4-Lampen)

Bulbs > 12Volt > bulb for parking lamp

Bulb (parking lamp) 12 V / 5W (white)

Prod.No. 143 1,16

Bulb (parking lamp) 12V / 4W (blue)

Prod.No. 139 1,61

Bulb (parking lamp) 12V / 4W (white)

Prod.No. 138 0,97

Lamp spare kit R2 / 12V

Prod.No. 6623 14,68

Spare kit with different bulbs fit to voltage of 12V

content:

1x R2-lamp 45/40W with base P45t

2x spherical lamps 21W white with base Ba15s

1x tubular lamp 21W (C21W) with base SV 8,5

1x tubular lamp 5W (C5W) with base SV 8,5

1x bulb 4W (T4W) with base BA 9s

1x bulb for speedometer 2W with base BA 7s

1x Torpedo-fuse 8A

1x Torpedo-fuse 16A

Bulbs > 6Volt

Bulb 6V / 18W

bulb for veteran cars
for example flasher stop tail lamp and flashing indicator lamp

Prod.No. 6440 1,44

Bulb 6V / 21W

flasher stop tail lamp and flashing indicator lamp

Prod.No. 120 1,34

Bulb 6V / 21W, orange

indicator lamp

Prod.No. 7578 2,45

Bulb 6V 2W

Bulb with glass base used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light e.c.

Prod.No. 7374 2,55

single filaments: 2 Watt
base type: W2 1x9 5D
voltage: 6V

Bulb 6V 3W

Bulb with glass base used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light e.c.

Prod.No. 7375 1,40

single filaments: 3 Watt
base type: W2 1x9 5D
voltage: 6V

Bulb (control lamp, instrument panel lighting) 6V / 1,2W

Bulb used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light e.c.

Prod.No. 7251 1,40

single filaments: 1,2W
base type: BA 7s
voltage: 6V

Bulb (tubular lamp) 6 V / 3W SV 6-7,6

Prod.No. 7746 2,68

Bulb (tubular lamp) 6 V / 5W

Prod.No. 121 1,34

Bulb 6V 2W

Bulb used for many Young-and Oldtimer for the control lamp for example switch for flashing warning lights, instrument panel lightings, speedometer light e.c.

Prod.No. 7373 1,40

single filaments: 2 Watt
base type: BA 9s
voltage: 6V

Bulb 6V / 0,6W

Bulb used for many Young-and Oldtimer for the control lamp, instrument panel lightings, speedometer light e.c.

Prod.No. 123 1,40

single filaments: 0,6W
base type: BA 7s
voltage: 6V

Bulbs > 24 Volt

Bulb (tubular lamp) 24V 15W Prod.No. 148 3,77
Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 15 Watt
colour: colourless (clear/withe)
base type: SV8,5-8
length total: 45mm
length of cylindrical glass (without metall caps): 26mm
diameter of the glass cylinder: 14,5mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb (tubular lamp) 24V 20W Prod.No. 7403 3,90
Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 20 Watt
colour: colourless (clear/withe)
base type: SV8,5
length total: 43...44mm
length of cylindrical glass (without metall caps): 25mm
diameter of the glass cylinder: 14,5mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb (tubular lamp) 24 V / 5W , C5W Prod.No. 137 1,23
Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 5 Watt
colour: colourless (clear/withe)
base type: SV8,5
length total: 37mm
length of cylindrical glass (without metall caps): 19mm
diameter of the glass cylinder: 20,5mm
diameter of metall end cap: ca. 8,5mm
single filamentsbulb

Bulb 24V 21W Ba15s

Prod.No. 7902 1,80

Ball bulb with one integrated filaments and metal socket.
Can be used at many vehicles for instand as display or brake lights.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24V
power: 21 Watt
colour: colourless (clear/withe)
base type: BA15S
length total: 48mm
length of the metal base: 15mm
diameter of the glass cylinder: 25mm
single filamentsbulb

Bulb 24V 3W

Prod.No. 7402 1,98

Longish bulb with one integrated filaments.
Can be used at many vehicles.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 3 Watt
colour: colourless (clear/withe)
base type: S6
length total: mm
length of cylindrical glass (without metall caps): mm
diameter of the glass cylinder: mm
diameter of metall end cap: ca. mm
single filamentsbulb

Bulb 24V 3W Ba7s

Prod.No. 7616 1,60

Ball bulb with one integrated filaments and metal socket.
Can be used at many vehicles for instand as display or parking lights.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 3 Watt
colour: colourless (clear/withe)
base type: BA7S
length total: 20mm
length of the metal base: 11mm
diameter of the glass cylinder: 7mm
single filamentsbulb

Bulb H3 24V 70W Pk22s

Prod.No. 7663 4,50

Ball bulb with one integrated filaments and metal socket.
Can be used at many vehicles for instand as fog lamp or high beam lights.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 70 Watt
colour: colourless (clear/withe)
base type: BA7S
length total: 41mm
length of the connection wire: 95mm
diameter of the glass cylinder: 11mm
single filamentsbulb

Bulb H7 24V 100W Px26d

Prod.No. 7664 5,27

Ball bulb with one integrated filaments and metal socket.
Can be used at many vehicles for instand as fog lamp or high beam lights.
To be the ideal thing for a lot of Young-, Oldtimers and lorrys

technical data:

voltage: 24W
power: 100 Watt
colour: colourless (clear/withe)
base type: Px26d
length total: 57mm
connection pins for two flat plugs
diameter of the glass cylinder: 11,5mm
single filamentsbulb

connecting wire and asseccory

plastic protection hose 10mm (á 1,0m)

Prod.No. 6875 4,19

two-part protection pipe made of plastic
inner diameter: 10mm

colour: black

plastic protection hose 14mm (á 1,0m)

Prod.No. 6884 7,63

two-part protection pipe made of plastic
inner diameter: 14mm

colour: black

plastic protection hose 20mm (á 1,0m)

Prod.No. 6885 11,23

two-part protection pipe made of plastic
inner diameter: 20 mm

colour: black

plastic protection hose 23mm (á 1,0m)

Prod.No. 6886 14,50

two-part protection pipe made of plastic
inner diameter: 23 mm

colour: black

Polyester fabric adhesive tape, 19mm, 25 meter

Prod.No. 6811 4,71

Polyester fabric tape of high quality, embossed on the back, in combination with a strong rubber-based adhesive.

Colour: black
Widht: 19 mm
Lenght: 25 meter

Polyester fleece adhesive tape, 19mm, 10 meter

Prod.No. 6810 3,63

Non-woven polyester fleece of high quality, embossed on the back, in combination with a strong rubber-based adhesive.

Colour: black
Widht: 19 mm
Lenght: 10 meter

Rubber membrane plug for holes with diameter of 15mm

Prod.No. 6796 0,90

Membrane plug made of black rubber to shut round holes in car bodys (such as service holes) or as variable cable grommet seal for some wires (also with plugs)

fit to hole diameter of 15 mm
inner diameter of membrane (max. usable diameter): 9 mm
outer diameter (total): 20 mm

Rubber membrane plug for holes with diameter of 18,5mm

Prod.No. 6895 0,97

Membrane plug made of black rubber to shut round holes in car bodys (such as service holes) or as variable cable grommet seal for some wires (also with plugs)

fit to hole diameter of 18,5 mm (0,728")
inner diameter of membrane (max. usable diameter): 11 mm (0,433")
outer diameter (total): 23 mm (0,906")

Rubber membrane plug for holes with diameter of 20,5mm

Prod.No. 6797 1,05

Membrane plug made of black rubber (Polychloropren) to shut round holes in car bodys (such as service holes) or as variable cable grommet seal for some wires (also with plugs)

fit to hole diameter of 20,5 mm
inner diameter of membrane (max. usable diameter): 13,5 mm
outer diameter (total): 25 mm
thickness: 7 mm

Rubber membrane plug for holes with diameter of 22,5mm

Prod.No. 6896 1,26

Membrane plug made of black rubber (Polychloropren) to shut round holes in car bodys (such as service holes) or as variable cable grommet seal for some wires (also with plugs)

fit to hole diameter of 22,5 mm
inner diameter of membrane (max. usable diameter): 16 mm
outer diameter (total): 28 mm
thickness: 7 mm

Rubber membrane plug for holes with diameter of 25mm

Prod.No. 7625 1,27

Membrane plug made of black rubber (Polychloropren) to shut round holes in car bodys (such as service holes) or as variable cable grommet seal for some wires (also with plugs)

fit to hole diameter of 25 mm
inner diameter of membrane (max. usable diameter): 18,5 mm
outer diameter (total): 30,5 mm
thickness: 7 mm

FLY/FLRY car wire, 1,5 mm² (AWG16), brown, yard goods

Prod.No. 6615 0,53

Spezial care cable with brown PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: brown

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), gray, yard goods

Prod.No. 7144 0,53

Spezial care cable with gray PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: gray

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), green, yard goods

Prod.No. 6801 0,53

Spezial care cable with green PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: green

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), orange, yard goods

Prod.No. 6802 0,53

Spezial care cable with orange PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: orange

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), pink, yard goods

Prod.No. 7645 0,53

Spezial care cable with pink PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: pink

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), red, yard goods

Prod.No. 6617 0,53

Spezial care cable with red PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: red

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), violet, yard goods

Prod.No. 7644 0,53

Spezial care cable with violet PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: violet

strand: copper

FLY/FLRY car wire, 1,5 mm² (AWG16), yellow, yard goods

Prod.No. 6614 0,53

Spezial care cable with green PVC-isolation and an wire cross section from 1,50mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: gelb

strand: copper

connecting wire and asseccory > Single colour wire > 2,5 mm² wire size

FLY/FLRY car wire, 2,5 mm² (AWG14), black, yard goods

Prod.No. 6098 0,79

Spezial care cable with black PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: black

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), blue, yard goods

Prod.No. 7142 0,79

Spezial care cable with blue PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: blue

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), brown, yard goods

Prod.No. 7143 0,79

Spezial care cable with brown PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: brown

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), green, yard goods

Prod.No. 6097 0,79

Spezial care cable with green PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: green

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), red, yard goods

Prod.No. 6096 0,79

Spezial care cable with red PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: red

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), white, yard goods

Prod.No. 7140 0,79

Spezial care cable with withe PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: withe

strand: cop

FLY/FLRY car wire, 2,5 mm² (AWG14), yellow, yard goods

Prod.No. 7141 0,79

Spezial care cable with yellow PVC-isolation and an wire cross section from 2,5 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: yellow

strand: cop

connecting wire and asseccory > Single colour wire > 4,0 mm² wire size

FLY/FLRY car wire, 4,0 mm² (AWG12), black, yard goods

Prod.No. 6104 1,05

Spezial care cable with black PVC-isolation and an wire cross section from 4,00 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: black

strand: copper

FLY/FLRY car wire, 4,0 mm² (AWG12), blue, yard goods

Prod.No. 7138 1,05

Spezial care cable with blue PVC-isolation and an wire cross section from 4,00 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: blue

strand: copper

FLY/FLRY car wire, 4,0 mm² (AWG12), red, yard goods

Prod.No. 6099 1,05

Spezial care cable with red PVC-isolation and an wire cross section from 4,00 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: red

strand: cop

FLY/FLRY car wire, 4,0 mm² (AWG12), yellow, yard goods

Prod.No. 7139 1,05

Spezial care cable with yellow PVC-isolation and an wire cross section from 4,00 mm².

Can be used to creat new cable harnesses, to change single wires or to repair damaged wiring looms.

made in Germany

colour: yellow

strand: copper

connecting wire and asseccory > manufactured wires

Car battery wire 0,74m

Prod.No. 7592 15,50

Connection cable between the negative pole of car battery and the terminal screw of starter.

Best use for IFA vehicles.

Please note: it is an NOS part and at some wires it is possible that the isolating bushing for the plus pole is damaged or not mounted. This will be no reason for complaints !

for 6V and 12V or 24V

pre-finished

length total: 720mm

one cable tail with battery pole terminal

one cable tail with 8mm cable shoe for terminal screw of solenoid switch (mounted on starter)

original spare part

Car battery wire 0,9m

Prod.No. 7591 13,28

Connection cable between the negative pole of car battery and the terminal screw for engine / gearbox.

Best use for IFA vehicles.

Please note: it is an NOS part and at some wires it is possible that the isolating bushing for the minus pole is damaged or not mounted. This will be no reason for complaints !

for 6V and 12V or 24V

pre-finished

length total: 920mm

one cable tail with battery pole terminal

one cable tail with 8mm cable shoe for terminal screw of engine / gearbox

original spare part

Car battery wire 1,05m

Prod.No. 7438 15,55

Connection cable between the negative pole of car battery and the terminal screw for engine / gearbox.

Best use for IFA vehicles.

Please note: it is an NOS part and at some wires it is possible that the isolating bushing for the minus pole is damaged or not mounted. This will be no reason for complaints !

for 6V and 12V

pre-finished

length total: 1,05m

one cable tail with battery pole terminal

one cable tail with 8mm cable shoe for terminal screw of engine / gearbox

original spare part

Car battery wire 1,15m

Prod.No. 7588 16,50

Connection cable between the negative pole of car battery and the terminal screw of starter.

Best use for IFA vehicles.

Please note: it is an NOS part and at some wires it is possible that the isolating bushing for the plus pole is damaged or not mounted. This will be no reason for complaints !

for 6V and 12V oder 24V

pre-finished

length total: 1150mm

one cable tail with battery pole terminal

one cable tail with 8mm cable shoe for terminal screw of solenoid switch (mounted on starter)

original spare part

Car battery wire 2,48m

Prod.No. 7587 24,30

Connection cable between the negative pole of car battery and the terminal screw of starter.

Best use for IFA vehicles.

Please note: it is an NOS part and at some wires it is possible that the isolating bushing for the plus pole is damaged or not mounted. This will be no reason for complaints !

for 6V and 12V or 24V

pre-finished

length total: 2480mm

one cable tail with battery pole terminal

one cable tail with 8mm cable shoe for terminal screw of solenoid switch (mounted on starter)

original spare part

Car wire black-green-red

Prod.No. 7722 0,99

Three coloured pree mounted car wire.
Universal useable, fit to many Old-and Youngtimers
technical details:

colour: black, green, red
wire size: 1,5mm²
length: 510mm
connection on both ends: stripped and tin-plated

Wire brown, flat-O-plug

Prod.No. 7437 0,99

Pree mounted car wire.
Universal useable, fit to many Old-and Youngtimers
technical details:

colour: brown
wire size: 1,5mm²
length: 248mm
connection 1: O-plug hole diameter: 5mm
connection 2: flat plug 6,3 x 0,8

Wire brown, flat-plug-flat-plug

Prod.No. 7721 0,99

Pree mounted car wire.
Universal useable, fit to many Old-and Youngtimers
technical details:

colour: brown
wire size: 1,5mm²
length: 320mm
connection on both ends: flat plug 6,3 x 0,8

workshop requirement

2K Hi-Speed Primer Filler 200ml

Prod.No. 6906 16,17

ColorMatic 2K Hi-Speed fill primer can be universelly applied on all steel, zinc-plated sheet steel and aluminium with excellent adhesion and rust prevention. Very fast air drying: 45 min (20°C). Easy to sand, wet and dry. Resistant against solvent. Free of isocyanate.

If both components are mixed the pot life will take 8 hours at least.

adhesion and sealing compound, black

Prod.No. 1320 9,95

1-component-PUR adhesion and sealing compound fit for permanently elastic gluings (for example for mudguard gluings)

colour: black
good for gluings around the car body (also fit for mud guards of Trabant)
cartridge with content of 310 ml
easy to spread and to smooth
stable
overpaintable with 2-component finish, primer and filler after through hardening

adhesion and sealing compound, grey

Prod.No. 1324 9,95

1-component-PUR adhesion and sealing compound fit for permanently elastic gluings (for example for mudguard gluings)

colour: grey

good for gluings around the car body (also fit for mud guards of Trabant)

cartridge with content of 310 ml

easy to spread and to smooth

stable

overpaintable with 2-component finish, primer and filler after through hardening

adhesion and sealing compound, white

Prod.No. 1323 9,95

1-component-PUR adhesion and sealing compound fit for permanently elastic gluings (for example for mudguard gluings)

colour: white

good for gluings around the car body (also fit for mud guards of Trabant)

cartridge with content of 310 ml

easy to spread and to smooth

stable

overpaintable with 2-component finish, primer and filler after through hardening

Aluminium-sealing ring 20 x 16 x 1,5 mm

Prod.No. 6429 0,18

Aluminium sealing ring, massive

construction type A

DIN 7603

brake fluid, DOT4, 0,25 litre

Prod.No. 6200 1,99

for use in Trabant, Wartburg, B1000, trailer and camper with hydraulical brake system and a lot of other car types

volume: 250 ml

Additional comment: Notes for used oil disposal

brake fluid, DOT4, 0,5 litre

Prod.No. 6201 2,99

for use in Trabant, Wartburg, B1000, trailer and camper with hydraulical brake system and other cars

volume: 500 ml

Additional comment: Notes for used oil disposal

brake fluid, DOT4, 1,0 litre
for use in Trabant, Wartburg, B1000 and other cars

Prod.No. 6202 4,85

volume: 1,0 l
norms: FMVSS Nr.116 DOT4 und DOT3, SAEJ1703, DIN/ISO 4925

Additional comment: Notes for used oil disposal

Brake pipe spanner 10-11mm angled
Special tool for mounting or demounting of screw-cap for brakelines.
type: level angled
Fit to brake screws SW10 and SW11.

Prod.No. 7702 21,30

Brake pipe spanner 10-11mm, straight
Special tool for mounting or demounting of screw-cap for brakelines.
type: straight
Fit to brake screws SW10 and SW11.

Prod.No. 7703 10,47

Brake pipe spanner 12-13mm, straight
Special tool for mounting or demounting of screw-cap for brakelines.
type: straight
Fit to brake screws SW12 and SW13.

Prod.No. 7992 14,26

brake-cleaner 5 Liter
quick-cleaner for brake and clutch parts
content: 5 litre

Prod.No. 6253 22,75

brake-cleaner 600ml
quick-cleaner for brake and clutch parts

Prod.No. 6252 2,93

FCKW free
volume: 600 ml
type: AD
delivery as an single spray

Brake-cleaner 660ml
quick-cleaner for brake and clutch parts

Prod.No. 7898 2,64

FCKW free
volume: 660 ml
typ: X-treme
delivery as an single spray

Brake-cleaner, one packing unit, 12x Sprayer 600ml
Complete packing unit quick-cleaner for brake and clutch parts

Prod.No. 7033 31,80

FCKW free
content: 12x sprayer with volume of 600 ml

Cleaning and maintenance agent for electrical connectors and components, 200ml
quick-cleaner for brake and clutch parts

7094 3,88

content: 200 ml
excellent solvency for mixture of grease, oil and dirt
protection against creeping current

Disposable syringe 10ml
Disposable syringe with working volume of 10ml

Prod.No. 7054 1,81

fit to suck away of different fluids or to measure out (for instance epoxy resin and curing agent)

Disposable syringe 20ml
Disposable syringe with working volume of 20ml

Prod.No. 7055 1,81

fit to suck away of different fluids or to measure out (for instance epoxy resin and curing agent)

elring seal repair kit
set of different seal plates to customized seals himself

Prod.No. 6218 19,63

graval and underbody protection, black, spray 500ml
based on rubber-synthetic resin
color: black
recoatable

Prod.No. 6254 7,50

Liquid surface seal *elring AFD 2000* 50g
Anarobic surface seal AFD 2000 made by elring Germany
Solvent-free sealing compound. Ideal for sealing metal haousings, bearing covers, flanges, etc. without a solid seal

Prod.No. 6950 19,97

Temperature stability: -50°C up to +150°C
Fills gabs as small as 0.3mm
Instant sealing effect
Separates again easily
Resistant to water, coolants, synthetic oils, lubricants, organic solvents.

Liquid surface seal *elring Teroson Fluid

Prod.No. 7734 17,19

Solvent-free sealing compound. Ideal for sealing metal housings, bearing covers, flanges, etc. without a solid seal

Temperature stability: up to +120°C
Instant sealing effect
Separates again easily
Resistant to water, coolants, synthetic oils, lubricants, organic solvents.
produced by: Teroson

power glue, black

Prod.No. 1325 18,85

Permanent elastic PUR glue with extrem high UV-resistance

colour: black
fit for gluings around the car body
overpaintable
cartridge with content of 310 ml

Threadlocking - Low Strength, Loctite® 222, 10 ml

Prod.No. 6379 12,34

Recommended for low-strength threadlocking of adjusting screws, countersunk head screws and set screws.

Specifications:

Size of Thread: up to M 36
Strength: Low
Functional Strength (typical value @ 22 °C): 6 hrs
Breakaway Torque M10 bolts: 6 Nm
Long-Term Temperature Resistance: +150°C

Threadlocking - Maximum Strength, Loctite® 2701, 10ml

Prod.No. 6380 12,34

Loctite® 2701 - Maximum Strength (improved Loctite® 270)

For use on all metal fasteners (including stainless steels and those with protective coatings such as zinc) where regular removal for maintenance is not required. Recommended for permanently locking studs on engine blocks and pump housings.

Specifications

Size of Thread: Up to M 20
Strength: High
Functional Strength (typical value @ 22 °C): 6 hrs
Breakaway Torque M10 bolts: 38 Nm
Long-Term Temperature Resistance: +150°C

Threadlocking - Medium Strength, Loctite® 243, 10ml

Prod.No. 6381 16,01

Loctite® 243 - Medium Strength - Oil Tolerant

Effective on all types of metal threaded fasteners. Prevents loosening on vibrating parts such as pumps, motor mounting bolts, gear boxes or presses. Recommended for use where disassembly with hand tools is required for servicing and where parts are contaminated with oil.

Specifications:

Size of Thread: Up to M 36
Strength: Medium
Functional Strength (typical value @ 22 °C): 2 hrs
Breakaway Torque M10 bolts: 20 Nm
Long-Term Temperature Resistance: +150°C

universal housing seal, demountable, tube 75g

Prod.No. 6258 9,66

- easy demountable, not hardening housing seal
- remains plastically over the hole area of temperature in vehicles
- resistant against diesel fuel, oils and lubrication materials, water and mixture of water and glycol

universal housing seal, demountable, tube 200ml

Prod.No. 6257 17,92

- easy demountable, not hardening housing seal
- remains plastically over the hole area of temperature in vehicles

workshop requirement > hose clips

Fuel hose, 6 mm

Prod.No. 728 5,14

Flexible fuel hose with texture. The price is for each 1m lenght.
If you order for example 3x 1m so you will get one piece with 3m length and so on.

inside diameter: 6 mm
material: petrol resistant rubber
made in Germany

Fuel hose, 8 mm

Prod.No. 729 6,22

Flexible fuel hose with texture. The price is for each 50 cm lenght.
If you order for example 3x 1m so you will get one piece with 3m length and so on.

inside diameter: 8 mm
material: petrol resistant rubber
made in Germany

Hose clip 12 - 20 / 9

Prod.No. 6036 1,30

for fuel hose from D= 12mm up to 20mm.
the wide of the clip is 9mm.

Hose clip 8 - 12 / 7,5 stainless steel

Prod.No. 6034 2,11

Clip made of stainless steel for fuel hoses from diameter 8mm up to 12mm.
The wide of the clip is 7,5mm.

Hose clip, 1-ear 13,2 - 15,8 mm

Prod.No. 6203 0,75

for fuel hose with outside diameter from D=13,2mm up to 15,8mm.
the wide of the clip is 8,2mm.
start-diameter: 16,5mm

only one time to use

Petrol filter universal

Prod.No. 7224 3,50

Gasoline filter for the universal duty.
The filter will be mounted between the fuel line.

connection diameter: 6 and 8mm
material: petrol resistant plastic with paper filter
made in Germany

|  | <u>Adapter M14 ignition adjustment</u> | Prod.No. 6818 | 28,99 |
| | adapter for the dial gauge to adjust the ignition point. Fit to the spark plug tap M14. Hexagon nut for mounting SW 22. usefull for the fallowing vehicles: | | |

made in Germany
material: brass
Trabant 601
Wartburg 353
Barkas B1000

Adapter M18 ignition adjustment

Prod.No. 6819 28,99

adapter for the dial gauge to adjust the ignition point.
Fit to the spark plug tap M18. Hexagon nut for mounting SW 22.
usefull for the fallowing vehicles:

made in Germany
material: brass
Trabant 500,600,601
Wartburg 311
Framo
IFA F8 / F9
P70

bending tool for brake pipe

Prod.No. 6310 75,98

high-quality tool from HAZET

special for plastic coated brake pipes with diamter of 4,75 mm (our Art.No.: 662 und 663)

combination wrench HAZET, 17mm

Prod.No. 6778 14,92

High quality tool made by HAZET

wrench opening: 17mm
material: chromium-vanadium steel
box wrench 15° bent off

combination wrench with ratchet

Prod.No. 6409 15,00

wrench opening: 10mm

Combination wrench-set XL Gedore

Prod.No. 6863 89,97

8-pieces open-end spanner - combination wrench with different spanner gaps.
Spanner angular 15°, box wrench 15° bent off.

scope of delivery: wrench opening: 8,9,10,11,13,14,17,19
wo 8: length: 170mm
wo 9: length: 180mm
wo 10: length: 190mm
wo 11: length: 200mm
wo 13: length: 225mm
wo 14: length: 235mm
wo 17: length: 280mm
wo 19: length: 310mm
material: 31CrV3
surface: chromed
made by Gedore Germany

Cutting disk 125 x 0,8 for angle grinder

Prod.No. 1317 3,55

ultra-thin cutting disk fit for One hand- angle grinder

only 0,8 mm thin
outer diameter: 125 mm
inner diameter of mounting hole: 22,2 mm
free of iron and sulphur, usable also for stainless steel
particularly applicative for thin sheet metall (fast cutting with thin slit)
up to 12.200 rpms
one piece

cutting disk 125 x 0,8 for angle grinder (set of 10 pieces)

Prod.No. 1318 30,45

ultra-thin cutting disk fit for One hand angle grinder

only 0,8 mm thin
 outer diameter: 125 mm
 inner diameter of mounting hole: 22,2 mm
 free of iron and sulphur, usable also for stainless steel
 particularly applicative for thin sheet metall (fast cutting with thin slit)
 up to 12.200 rpms
 ten pieces

cutting disk 125 x 1,0 for angle grinder

Prod.No. 1319 2,92

thin cutting disk fit for One hand angle grinder

thickness: 1,0 mm
 outer diameter: 125 mm
 inner diameter of mounting hole: 22 mm
 free of iron and sulphur, usable also for stainless steel
 particularly applicative for thin sheet metall
 up to 12.000 rpms
 one piece

Dial gauge digitale type

Prod.No. 7301 43,59

Good quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in China
 scope of delivery without seperate extension pin
 non shock proof

Dial gauge shock proof

Prod.No. 6821 59,90

High quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in Germany
 scope of delivery without seperate extension pin
 shock proof

Dial gauge simple type

Prod.No. 6820 49,10

High quality dial indicator for example to adujst the ignition timing.

case diameter: 58mm
 tolerance: 0,01mm
 effective range: 0-10mm
 made in Germany
 scope of delivery without seperate extension pin
 non shock proof

Dial gauge simple type

Prod.No. 7300 14,99

Cheap dial indicator for example to adjust the ignition timing.

case diameter: 58mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without separate extension pin
non shock proof

Dies set 15 parts

Prod.No. 7473 69,77

Complete kit with dies to tap metrical thread.
Best use for handmade.
Scope of delivery:

1 pieces of dies M3
1x twist drill for M3
1 pieces of dies M4
1x twist drill for M4
1 pieces of dies M5
1x twist drill for M5
1 pieces of dies M6
1x twist drill for M6
1 pieces of dies M8
1x twist drill for M8
1 pieces of dies M10
1x twist drill for M10
1 pieces of dies M12
1x twist drill for M12
1x tap wrench

Dies set 29 parts

Prod.No. 7470 72,55

Complete kit with dies to tap metrical thread.
Best use for handmade.
Scope of delivery:

3 pieces of dies M3
1x twist drill for M3
3 pieces of dies M4
1x twist drill for M4
3 pieces of dies M5
1 pieces of dies M6
1x twist drill for M6
1x twist drill for M5
3 pieces of dies M8
1x twist drill for M8
3 pieces of dies M10
1x twist drill for M10
3 pieces of dies M12
1x twist drill for M12

Extensions pin for Dial gauge, 60mm

Prod.No. 7302 3,09

Extension for dial gauge. Fit to all offered gauges

thread: M2,5
diameter: 4mm
tolerance: 0,01mm
effective range: 0-10mm
made in China
scope of delivery without separate extension pin
non shock proof

Impact wrench Hitachi WR16SA
 Electrical impact screwdriver with right/left rotary.
 Solid professional model with additional holding lever.
 Strongest at this level: torque 360Nm

Prod.No. 6864 319,00

supply voltage 220V~
 tetrahedral 1/2 inch

Knot wheel brush, 115 x 22,2 for angle grinder
 Knot wheel brush fit for One hand angle grinder

Prod.No. 6793 11,77

outer diameter: 115 mm
 inner diameter of mounting hole: 22,2 mm
 brushes made of steel wire
 for preparation of welding seams and cleaning
 up to 12.500 rpms
 one piece

lever grease gun
 german industry quality

Prod.No. 6312 39,36

pre-installed with reinforced hose and hydraulical connector
 match grease cartridge: Art.No.: 6311

lubrication set
 lubrication set consist of:

Prod.No. 6313 68,68

lever grease gun, Art.No.: 6312
 grease cartridge, Art.No.: 6311
 adhesive transparent lubricant, Art.No.: 6255

plate shears with leverage effect, IDEAL, right

Prod.No. 6095 19,94

IDEAL-plate shears for straight cuttings with leverage effect to reduce the needed hand strength.

right side cutting
 light version for thickness of plate up to 1,2 mm (sheet steel) or 1,0 mm (stainless steel sheet)
 cutting unit made of die-forged stainless steel
 cutting edges inductive hardened and with little teeth
 with spring to open itself

puller for ball joint 18/38mm

Prod.No. 6192 43,54

gable width: 18 mm
 max. length of ball joint axle: 38 mm

best use for track rod joints of Trabant and Wartburg.

puller for ball joint 23/48mm

Prod.No. 6193 58,10

gable width: 23 mm
 max. length of ball joint axle: 48 mm

puller for ball joint 29/55mm
gable width: 29 mm
max. length of ball joint axle: 55 mm

fit to pull up the lever of steering gear

Prod.No. 6814 75,82

Set of locking pliers, 11-piece
eleven-piece set of locking pliers with workshop board
Very good suited for spot-welding with MIG-welding equipment

Prod.No. 6779 199,50

3x with long nose
4x with curved jaws and wire-cutter
2x with curved jaws
2x with straight jaws

Spot weld driller, 6 mm
Special HSS-twist drill for car body making

Prod.No. 6738 9,90

Stable construction for hard drill jobs with hand drill. Especially fit to drill out spot welds and to drill thin-walled work pieces. Extremely high precision drill of steel sheet, brass sheet, aluminium sheet, zinc plate, sheet copper and plastic plates.

diameter: 6 mm
length: 66 mm
special cut with pike
surface: sheer
dextrorotatory

Spot weld driller, 8 mm
Special HSS-twist drill for car body making

Prod.No. 6737 13,65

Stable construction for hard drill jobs with hand drill. Especially fit to drill out spot welds and to drill thin-walled work pieces. Extremely high precision drill of steel sheet, brass sheet, aluminium sheet, zinc plate, sheet copper and plastic plates.

diameter: 8 mm
length: 80 mm
special cut with pike
surface: sheer
dextrorotatory

Tin-solder 35%, 250g
Tin-solder stick

Prod.No. 6742 8,71

weight: about 250g
tin content: 35%
DIN 1707: L-PbSn35Sb
Solidus temperature: 186°C
Liquidus temperature: 235°C

Vaselinespray 400m

Prod.No. 7747 7,78

workshop requirement > Mounting parts

exhaust nut with collar, copper plated

Prod.No. 7305 0,35

Secure nut for the Trabant manifold. Surface is plated with copper.
Use for mounting without washer.

thread: M8
spanner: SW132
grate: 8.8
collar diameter: 17,3mm
highness: 9,2mm

exhaust nut, copper plated

Prod.No. 7304 0,30

Secure nut for the Trabant manifold. Surface is plated with copper.

thread: M8
spanner: SW12

Splint-pin set, 555 pices

Prod.No. 7739 14,83

Splint-pin set, complete with clear plastic box.

Consist of 555 differnt splint diameters and sizes. Electrogalvanized, DIN 94.

scope of dlivery:

- 1,6 x 32 (150 pieces)
- 2,4 x 25 (150 pieces)
- 2,4 x 38 (100 pieces)
- 3,2 x 32 (75 pieces)
- 3,2 x 50 (50 pieces)
- 4,0 x 64 (30 pieces)

Splint-pin set, complete with metal box

Prod.No. 1342 72,35

Splint-pin set, complete with metal box.Consist of 1150 differnt splint diameters and sizes.

Electrogalvanized, DIN 94.

scope of dlivery:

- 1,6 x 32 (100 pieces)
- 2 x 22 (100 pieces)
- 2 x 32 (100 pieces)
- 2 x 40 (100 pieces)

surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 30mm

Prod.No. 7982 1,98

High grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
thread: M12 x 1,5mm
length total: 38 mm
bolt length: 30mm
without barrel
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 35mm

Prod.No. 7611 2,14

High grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
thread: M12 x 1,5mm
length total: 43 mm
bolt length: 35mm
without barrel
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 40mm

Prod.No. 7468 2,14

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M12 x 1,5mm
length total: 48 mm
bolt length: 40mm
length of the barrel: 15mm
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 55mm

Prod.No. 7824 2,40

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M12 x 1,5mm
length total: 62 mm
bolt length: 40mm
length of the barrel: 22mm
spanner gap: SW19
surface: blank

Hexagon bolt M12 x 1,5 x 60mm

Prod.No. 7471 2,58

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M12 x 1,5mm
length total: 67 mm
bolt length: 60mm
length of the barrel: 26mm
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 70mm

Prod.No. 7472 2,87

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M12 x 1,5mm
length total: 78 mm
bolt length: 70mm
length of the barrel: 37mm
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M12 x 1,5 x 80mm

Prod.No. 7469 3,06

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M12 x 1,5mm
length total: 88 mm
bolt length: 80mm
length of the barrel: 45mm
spanner gap: SW19
surface: galvanized
made in Germany

Hexagon bolt M14 x 1,5 x 60mm

Prod.No. 7684 4,23

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M14 x 1,5mm
length total: 70 mm
bolt length: 60mm
length of the barrel: 24mm
spanner gap: SW22
surface: galvanized
made in Germany

Hexagon bolt M14 x 1,5 x 70mm

Prod.No. 7474 4,27

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M14 x 1,5mm
length total: 78 mm
bolt length: 70mm
length of the barrel: 32mm
spanner gap: SW22
surface: galvanized
made in Germany

Hexagon bolt M14 x 1,5 x 80mm

Prod.No. 7683 4,85

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9
tap: M14 x 1,5mm
length total: 90 mm
bolt length: 80mm
length of the barrel: 44mm
spanner gap: SW22
surface: galvanized
made in Germany

Hexagon bolt M16 x 1,5 x 50mm

Prod.No. 7685 4,23

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9

tap: M16 x 1,5mm

length total: 60 mm

bolt length: 50mm

length of the barrel: 20mm

spanner gap: SW24

surface: galvanized

made in Germany

Hexagon bolt M16 x 1,5 x 80mm

Prod.No. 7686 5,92

Hihg grade bolt with metrical thread.

Ideal use for Old and Youngtimer to clamp dynamic load components like chassis, brakes, axles, steering and so on..

strength class: 10.9

tap: M16 x 1,5mm

length total: 90 mm

bolt length: 80mm

length of the barrel: 39mm

spanner gap: SW24

surface: galvanized

made in Germany

workshop requirement > Mounting parts > Screw-nuts

Hexagon nut M10 DIN934 - 10, blank

Prod.No. 7930 0,25

Screw nut with hexagon head and thread M10x1,5.

thread: M10

spanner: SW17

grate: 10.9

surface: blank, black

highness: 8,5mm

Hexagon nut M10 DIN934 - 10, galvanized

Prod.No. 7927 0,35

Screw nut with hexagon head and thread M10x1,5.

thread: M10

spanner: SW17

grate: 10.9

surface: galvanized

highness: 8,5mm

Hexagon nut M12x1,5 DIN934 - 10, galvanized

Prod.No. 7963 0,85

Screw nut with hexagon head and thread M12x1,5.

thread: M12 x 1,5mm

spanner: SW19

grate: 10.9

surface: galvanized

highness: 9,5mm

Hexagon nut M14x1,5 DIN934 - 10, galvanized

Screw nut with hexagon head and thread M14x1,5.

Prod.No. 7967 0,95

thread: M14 x 1,5mm
spanner: SW22
grade: 10.9
surface: galvanized
highness: 10,5mm

workshop requirement > Mounting parts > Washer

Flat washer DIN433 for M12, galvanized

Flat washer for all srews and bolts with diameter of 12mm

Prod.No. 7935 0,05

surface zinc coated
inside diameter: 13 mm
outside diameter: 20 mm
thickness: 2 mm
DIN 433

Flat washer for M4, Polyamid

Flat plastic washer for all srews and bolts with diameter of 4mm

Prod.No. 7922 0,04

material: platic, polyamid
inside diameter: 4,3 mm
outside diameter: 9,0 mm
thickness: 0,8 mm
DIN 125 PA6.6

Flat washer for M5

Flat washer for all srews and bolts with diameter of 5mm

Prod.No. 7920 0,04

surface zinc coated
inside diameter: 5,3 mm
outside diameter: 10 mm
thickness: 1,0 mm
type: A
DIN 125A

Flat washer for M6

Flat washer for all srews and bolts with diameter of 6mm

Prod.No. 7926 0,04

surface zinc coated
inside diameter: 6,4 mm
outside diameter: 12 mm
thickness: 1,6 mm
type: A
DIN 125A

Flat washer for M8

Flat washer for all srews and bolts with diameter of 8mm

Prod.No. 6435 0,09

surface zinc coated
inside diameter: 8,4 mm
outside diameter: 16 mm
thickness: 1,4 mm
DIN 125A

workshop requirement > Mounting parts > Locking washers

External teeth lock washer D=6mm, outside teeth

Prod.No. 7933 0,09

Lock washer DIN 6797 type A with teeth on the outside can be used for bolt connection with middle tightening torques and low dynamic power.
Properly for bolts M6

surface zinc coated
inside diameter: 6,4 mm
outside diameter: 11mm
thickness: 0,7 mm
teeth: 8

External teeth lock washer M12

Prod.No. 6679 0,13

Lock washer Schnorr with teeth can be used for bolt connection with high tightening torques. Properly for bolts M12

surface zinc coated
inside diameter: 12,8 mm
outside diameter: 18 mm
thickness: 1 mm
made in Germany

External teeth lock washer S10

Prod.No. 6681 0,12

Lock washer Schnorr with teeth can be used for bolt connection with high tightening torques. Properly for bolts M10

surface zinc coated
inside diameter: 10,4 mm
outside diameter: 16mm
thickness: 1 mm
made in Germany

External teeth lock washer S14

Prod.No. 6686 0,15

Lock washer Schnorr with teeth can be used for bolt connection with high tightening torques. Properly for bolts M14

surface zinc coated
inside diameter: 16 mm
outside diameter: 22mm
thickness: 1 mm
made in Germany

External teeth lock washer S6

Prod.No. 7929 0,09

Lock washer Schnorr with teeth can be used for bolt connection with high tightening torques. Properly for bolts M6

surface zinc coated
inside diameter: 6,3 mm
outside diameter: 10mm
thickness: 1 mm
made in Germany

External teeth lock washer S8

Prod.No. 7928 0,09

Lock washer Schnorr with teeth can be used for bolt connection with high tightening torques. Properly for bolts M8

surface zinc coated
inside diameter: 8,4 mm
outside diameter: 13mm
thickness: 1 mm
made in Germany

Spring washer for screws M8

Prod.No. 7916 0,06

Crinkled spring washer for diameter 8mm screw or bolt mounting connections with low dynamical stress.

outside diamter: 15mm
inside diameter: 8,4mm
thickness: 0,8mm
max. high: 3mm
surface: galvaniced
DIN 137

workshop requirement > Mounting parts > blind rivets

Blind rivet Alu F 11-8mm

Prod.No. 7729 0,09

Blind rivet with big head.

head diameter: 11mm
hole diameter: 5mm
rivet length: 5 mm
can be use to connect parts with the thickness of 2-5mm
made in Germany

Blind rivet Alu F 11-8mm, Box 100 pieces

Prod.No. 7730 7,90

Blind rivet with big head.
Packing unit: 100 pieces.

head diameter: 11mm
hole diameter: 5mm
rivet length: 5 mm
can be use to connect parts with the thickness of 2-5mm
made in Germany

workshop requirement > Mounting parts > Splint-pins

workshop requirement > fuel tank coating

FeDOX concentrated rust remover, 1000ml

Prod.No. 6669 17,94

FERTAN, 1000ml

Prod.No. 6670 37,89

fuel stabiliser, 250ml

for trouble free over-wintering of engines and fuel tanks.
The volume of the boddle protect 50 liter petrol.

Prod.No. 6671 10,89

TAPOX 2-part fuel tank coating

Fuel resistant 2-component epoxy resinvarnish fit to inner coating of fuel tanks und also as high-quality rust protection paint.

Depending on shape of fuel tank sufficient for tank volume from 16 to 40 litre.content:

TAPOX (component 1) 415g

TX-10 hardener (component 2) 125g

detailed description of workmanship for tank coating inclusive all preliminaries

Prod.No. 6491 36,29

workshop requirement > Protection equipment

Laminated class round

Protection glass insert fit to many glasses with diamether D=50mm.

Prod.No. 6861 1,91

Welding glasses Robusta 310

Protection glasses for autogenic welding method.

Ring nut system with rubber hose cover, elastic band and plan glasses diamether D=50mm.

protection class DIN A5

Prod.No. 6860 9,92

workshop requirement > Varnish and paint

Grinding fleece - pad, rot

Fleece to buff surfaces form coatings and cleaning of aluminium, brass ec.

Can be used for working by hand.

Prod.No. 7889 1,07

Price per pice

Pice size: 100x10mm and 20cm long

Rauheit: very fine: 320

workshop requirement > Accessory

Grease nipple 1/4 -28 inch

Conical nipple type A, standard

Version: H 1 1/4? -28

Ball grease nipple for using at many Old- and Youngtimers.

Thread: american low climp.

Prod.No. 7574 0,34

thread: 1/4? -28

spanner cap: SW7

delivery as an single part

Grease nipple A10

Conical nipple type A, standard

Version: H 1 M 10x1

Ball grease nipple for using at many Old- and Youngtimers.

Thread: M10 self sealed (conical)

Prod.No. 7575 0,49

thread: M10x1

spanner cap: SW11

delivery as an single part

Thread: 1/8 inch self sealed (conical)

Prod.No. 7576 0,49

thread: 1/8?

spanner cap: SW11

delivery as an single part

Sealing paper 0,25mm

Special made sealing paper for using at vehicles and hobby parts.

Best use to create and cut formes with knife or scissors by self.

Material Abil N

Usable for oel, grease, petrol and air.

Parental useable for water.

Unsuitable for steem and temperatures higher 150°C.

Prod.No. 8071 11,25

material type: Abil N

thickness: 0,25mm

maximum length: 25000 mm (25m)

wide: 1000 mm (1m)

price per meter

producer: Elring

Sealing paper 0,5mm

Special made sealing paper for using at vehicles and hobby parts.

Best use to create and cut formes with knife or scissors by self.

Material Abil N

Usable for oel, grease, petrol and air.

Parental useable for water.

Unsuitable for steem and temperatures higher 150°C.

Prod.No. 8072 18,51

material type: Abil N

thickness: 0,5mm

maximum length: 25000 mm (25m)

wide: 1000 mm (1m)

price per meter

producer: Elring

Sealing paper 0,75mm

Prod.No. 8073 27,09

Special made sealing paper for using at vehicles and hobby parts.
Best use to create and cut formes with knife or scissors by self.
Material Abil N
Usable for oel, grease, petrol and air.
Parental useable for water.
Unsuitable for steem and temperatures higher 150°C.

material type: Abil N
thickness: 0,75mm
maximum length: 25000 mm (25m)
wide: 1000 mm (1m)
price per meter
producer: Elring

Sealing paper 1,0mm

Prod.No. 8074 32,98

Special made sealing paper for using at vehicles and hobby parts.
Best use to create and cut formes with knife or scissors by self.
Material Abil N
Usable for oel, grease, petrol and air.
Parental useable for water.
Unsuitable for steem and temperatures higher 150°C.

material type: Abil N
thickness: 1,0mm
maximum length: 25000 mm (25m)
wide: 1000 mm (1m)
price per meter
producer: Elring

Sealing paper 1,5mm

Prod.No. 8075 43,93

Special made sealing paper for using at vehicles and hobby parts.
Best use to create and cut formes with knife or scissors by self.
Material Abil N
Usable for oel, grease, petrol and air.
Parental useable for water.
Unsuitable for steem and temperatures higher 150°C.

material type: Abil N
thickness: 1,5mm
maximum length: 25000 mm (25m)
wide: 1000 mm (1m)

workshop requirement > Corrosion protection

Underbody protection wax 1000ml

Prod.No. 8087 10,67

Protecton wax for the underside and wheel cases for many vehicles.
To spray the wax an special atomizer pistol lance will be needed.
Recommended amount 300g/qm, source function 3-4qm.
Best use for body work, vehicle manufacturing and road maintenance.
The wax protect the cars against mechanical and chemical stress like rock chips, gritting salt, water and so on. And corrosion will be bewared.

contens: 1000ml
corrosion protection at salt dust like DIN 50021: 500 hours without rost
Dust dry after 2 hours, dry after 4-5 hours
temperature from -25° C bis 80° C
wax based product

Underbody protection wax 500ml, Spray

Prod.No. 8088 7,69

Protecton wax for the underside and wheel cases for many vehicles.

To spray the wax no special tools will be needed.

Recommended amount 300g/qm, source function 1,5qm.

Best use for body work, vehicle manufacturing and road maintenance.

The wax protect the cars against mechanical and chemical stress like rock chips, gritting salt, water and so on. And corrosion will be bewareed.

contens: 500ml

corrosion protection at salt dust like DIN 50021: 500 hours without rost

Dust dry after 2 hours, dry after 4-5 hours
